The article concludes with the following: "There is a better market for all we have to sell at Albany than there ever was or will be at The Dalles, and all we want to buy, such as fruit, flour, bacon, lard and such like is far cheaper..."

The Telegraph talks sound sense in its leading editorial yesterday, and it would be wise to pay heed to the advice given. Those who take the management of banks are more responsible than stockholders...

"If the money plank of the Chicago platform is rotten, so are the tariff and force-bill planks. They are all made of the same material and come from the same shop..."

The following from the Harney Times must be considered the latest rejoinder: "Senators Vest of Missouri, and Dolph of Oregon, are working together for free silver..."

Gladiators' Revolt Suppressed. LONDON, Aug. 25.—Gladiators moved the adoption of a resolution, notice of which was given Friday last, to apply the closure to the report stage of the bill...

Good wheat crops and no reason that prosperity should not be enjoyed all over the land. What is the matter?

Monday is appointed as the day for the vote on the silver question, and we hope congress will not postpone it any longer.

Times are dull and business is depressed all over the country—north, south, east and west; but the latest news from the president contains the cheering intelligence that fishing is excellent around Reservoir's bay.
