THE RULE OF THE MINORITY. All just governments rest on the consent of the governed, and this is ascertained by a free and full vote of of the people. Any other rule than this would lead either to despotism or aparchy. If the expressed wish of the man, the cruelest monarchy would be and their meagre circulation needs inflation inaugurated, or if the smaller number of voters could subvert the action of the majority, then a loose rein would be given to mob rule and anarchy. Death of Mr. Van Horn. Albany Democrat: A dispatch from Heppuer Friday evening, received by Mrs. D. Van Horn, announced the death of her husband, the well known piano tuner, who had been doing business through Eastern Oregon for several weeks. He was taken with fever at Heppner and only lived about a week. The deceased was born in New York city July 14, 1837. He descended from the best of the old German families, having genuine Kaickerbocker blood. Mr. Van Horn located in Portland in 1878, and came to Albany five or six years ago, being business though has been piano tuning, having first worked in a piano factory. He was the best known among the tuners of Oregon. His death will be regretted by a large circle of friends in nearly every town in the whole state. Further particulars are that he was taken ill on Saturday last, but was not considered dangerous until Wednes day. Dr. Cornelius, his brother-in-law, of Portland, was with him at the time of his death. His remains will be brought to Portland Sunday morning and interred at Riverview cemetery. Miss Cornelius came up Friday and took the family to Portland n this morning's train.

Does Not Know Prunes.

In a recent speech in the house, Congress man Wilson made the statement that California was the sole producer of prunes in this country, with the exception of a few raised in Florida. Mr. Wilson displays woful ignorance in the resources of his own tate. We supposed everybody knew that Washington was a great prune state. There are hundreds of acres of prunes grown in Washington and the acreage is multiplying very rapidly. It is one of the greatest inlustries in this section of the state. The orunes which took first prize at the New Orleans exposition were grown in Clarke county. Congressman Wilson had better get around over his state and brighten up a ittle.-Vancouver Register. In Oregon there are some of the fixest prace orchards in America, and we are sorry that any one should display such mexcusable stupidity in reference to the products of the northwest. It would not be surprising if Wilson does not credit the Columbia river salmon to Nevada or Wyoming.

Most of the Republicans hope the Democrats will ucceed in this, for the bill is one which does not commend itself to either the repeal or silver faction in the Republican ranks. The repeal men are pleased only with the clause limiting silver purchases to a year, while the silver men find in we were not "equare" in our dealings with this a reason of hone for a further extention of silver purchases, and think it better than an unconditional repeal.

No Compromise Yet-WASHINGTON, Oct. 28-The opinion is now general among the senators who compromise bill, over which they were so sanguine Saturday, will never be introduced in the senate. The reason for this is that the compromisers have been unable to get a sufficient number of

The pledged makes it 39, or four short of a majority. The pledges are all by Demoocrats. In this strait the Republicans have been appealed to help out but have to join the movement. RECIPES.

Shredded Pineapple-Select a rice, juicy pineapple, remove every bit of the skin and all the "eyes." Then lay the frmt on a platter, hold it firmly with the left hand, and with a silver fork tear off the pineapple in small pieces, leaving the core whole. Put the shredded fruit in a serving dish, sprinkle generously with fine granulated sugar, cover, and let it stand in the ice chest an hour, if possible, before serving. This method of preparing it draws out the juice and flavor better than slicing, and makes the fruit seem much more tender.

Broiled Bacon. Remove the skin and dark outsides edges and cut the bacon in very thin slices: lay them on a wire broiler close together and place the latter in a dripping pan, then put pan and broi-ler together on the upper grate of a hot oven. Watch the bacon carefully, as it will soon need turning and will generally be broiled sufficiently in four or five min utes. This is a much easier method than to fry it in a pan on top of the range, and there is no smoke or burned fat as a result. If liked dry the bacon may be drained on paper, but I generally find that it drips quite sufficiently into the pan. Do not forget that the handles of the broiler will be extremely hot after being shut up in the oven.

When You Have School Books to Purchase,

REMEMBER M. T. NOLAN, Who always sells as low as the lowest in the city. On account of a circular quite generally distributed through this section by the agent of the American Book Company, the price list of school books published in September, 1891, is

hereby withdrawn; all the prices in that list being lower than those this agent claims are the proper retail prices. For new prices inquire at his store. 142 Second Street, THE DALLES, OREGON
