For a number of years past the annual equerade ball of the pioneer fire company of The Dales, and, perhaps, of Eistern Oregon, has been the great event of the season. This company has always done good rvices during confisgrations, and the embers have been among our most publicspirited citizens. The ball held last night was no exception to the general rule, and at an early hour the floor of Wingate's hall was densely crowded by a merry throng of paskers. There could be seen the plumed knight of med aval times and the grotesque appearance of some inhabitants of tropical

untries, besides a fair delineation in costume of many crafts. There were not as nany marques on the floor as in former years, but considering the dull times these were more numerous than could be expected. ommittee of gentlemen and one of ladies were appointed to decide upon those enatled to the prizes. These consisted of udge Bradshaw, District-Attorney Wilson and Sheriff Ward; Mesdames T. J. Senfert, E. Crowe and H. Frazer. They, after deliberation, awarded the first prize for the ladies to Mr . Liuritzro, who personated the spinning wheel, and the second to Mrs. F. W. L. Skibbe and Miss Katie Eben, who represented Japanese ladies, Julius Uilsch-Hans, the tailor-carried off the first prize for gentlemen, and Jonn Arndt-old German-the second. The dance was contioned until an early hour this morning, and excellent music was forgished by a select band, consisting of Mesers. E Schutz, planist, A. Bettingen, er., and A.
