The Silver Market. New York, Feb. 23 -In Wall street the heavy break in sliver bullion was by far the most striking financial incident of the day. So long as the recent mar ket weakness was aser bed to liquidation sales by Bombay speculators, there was reason to think the low-s' price had been seen a week ago, but the London in rket authorities have plainly been on a felse sceat, and this week almost for the fire time it is acknowledged the heavy and sudden incresse in the production has overwhelmed the market. Not the least significant is the known fact that this week's break n stiver has been large caused by can e off is from New York at prices below the earner Loudon may
