Two Fatal Railroad Accidents, BOISE, Idaho, March 14-Passenger train No. 2, east-bound, on the Oregon Shert Line, was ditched four miles beyoud Mountain Home, last night, and three tramps were killed, one of them a boy of 14; the engineer, Evan Williams, fatally wounded; the fireman, Betone, slightly wounded, and the mail clerks, Manon and Tipton, seriously wounded. The accident was the result of the excessive rains, and occurred in a 40-foot cut through the chalk bluffe. Mud had washed down from the bluff antil it covered the track to a depth of eight feet, and as the cut is on a curve, the englneer did not see the obstruction, and dashed into it at full speed. The locomotiv was overturned and the baggage, postal and express cats were ditched and smashed to splinters None of the passengers were scrously injured, the injuries being confined to those on the engine and in the shattered cars and the tramps on the blind baggage. A messenger was sent to mountain Home and news of the accident was telegraphed to headquarters from here. A wrecking train was immediately started out from Nampa, and another from the other side of the wreck When the train from Nampa arrived i pulled the coaches, with the passenger and the wounded men, back to Mountain Home, where the passengers are being made comfortable and the wounded are receiving surgical attention. The three tramps were buried where the socident
