Started at Last.  
OAKLAND, Cal., April 6—Early this  
morning Chief of Police Schiffer, supported  
by 250 men, made a formal demand on  
Colonel Baker's contingent of the  
industrial army located in the taberna-  
cle to vacate the place and proceed to  
Sacramento in box cars provided for  
them by the railroad company. They  
refused, and the officers thereupon broke  
into the taberna-cle and arrested a num-  
ber of the malefactors, including Com-  
mander Kelly, one of their leaders. Later  
on the chief of police addressed the man,  
asking them once more to leave. They  
again refused unless Commander Kelly  
was released. Kelly was eventually re-  
leased to liberty, and the army formed in  
line marched to the depot and left for  
Sacramento at 4 P. M.

It took considerable time to get the  
600 men on the train, but by 5  
o'clock about all had been got away,  
and the deputy sheriff began to leave  
the ground. About 80 men were put in  
each car, which did not make traveling  
very comfortable. The train finally got  
on its way a little after 5:30 o'clock, and  
Oakland was rid of its first siege of an  
industrial army.

Should be no Discard.  
LONDON, April 6—The Pall Mall Ga-  
zette, commenting on the debate on the  
Behring sea bill in the house yesterday,  
says it is a great pity that the bill should  
not have been passed. The arbitra-  
tion tribunal awarded the sea to the  
practicable escape from a difficult posi-  
tion and the means of strengthening the  
relations existing between England and  
America.

A New Leap.  
VICTORIA, B. C., April 6—Ng Yee Lee  
Ng Yee Chung and Fong Chong Yuen,  
deported from the United States and  
shipped to China by the steamship Ta-  
coma, were landed here yesterday with  
a habeas corpus sworn out by friends  
here before Justice Drake. On arrival of  
the ship, a head tax of \$50 was paid for  
each and they were released to the  
captain Hill. He refused to recognize  
them, holding that he had contracted  
with the United States government to  
deliver them in China, and that as such  
he was acting against said government.  
A writ of habeas corpus was then ob-  
tained and they were released to the  
steamship. The delay nearly all day  
yesterday. This is the first case of the  
kind and will either lead to a speedy  
understanding by the United States  
and the Chinese government, or to the  
deportation of all Chinese on the  
steamer San Francisco. If a sharp lookout  
is kept, the three Chinamen will probably  
be caught entering the United States  
again.

The Emigrant Question.  
CHICAGO, April 6—The Union Pacific  
has finally solved its head in the fight  
over emigration business, and it is now  
decided that the body of the tramp  
travellers is very unmanageable, but  
what they are going to do to help  
themselves is another matter. The  
Union Pacific holds contracts for about 80  
per cent of the emigrant business of the  
year, and it will not surrender this  
without receiving concessions which the  
other lines are unwilling to make.
