THE KEYNOTE.

Governor McKinley is having a tri umphal march through the transmissisippt middle western states, says the Sin Francisco Chronicle. Commencing at St. Louis, where he was received with great enthu-iasm, he proceeded to Kansas City, where a like reception was tendered to hum. But these Missouri meetings were put in the shade by the gatherings in the old Republican state of Kansas, There has been an -outpouring of the masses to receive McKinley all along his line of travel. The dispatches speak of assemblages of from 20,000 to 30,000 people.

There is a double significance in this Republican uprising in KAOSAS "It indicates first that the people of the middle west are awakened to the necessity of saving the American industrial system-the policy of protection-from destruction at the hands of the free-trade Democracy. Mc-Kinley's name is identified with this struggle, and therefore the outpouring of the Republican masses to receive him.

But the scenes witnessed in Kansas have another significance.
