Children Cry for Pitcher's Castoria.

Castoria is so well adapted to children that I recommend it as superior to any other medicine known to me.

"I use Castoria in my practice, and find it specially adapted to children."

"From personal knowledge I can say that Castoria is a most excellent medicine for children."

Castoria promotes Digestion, and cures Constipation, Colic, Stomach, Diarrhea, and Feverishness.

Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

At Boca Del Toro.

Colon, Colombia, March 22 (Special correspondence Associated Press).—Following are the details of the attack recently made upon Boca del Toro, during which the notorious Mexican bandit, Garza, was killed.

About 4 a. m. Friday, March 8, rebels from Nicaragua made a desperate attack upon Boca del Toro. The attacking party consisted of 50 men, under the leadership of Catarino Garza, Pierola Castro and Stefan More, a lawyer.

After landing under cover of the darkness the rebels captured the policemen on duty, and attacked the calabozo and liberated all the prisoners. The rebels then attacked the quarters, garrisoned by about 40 soldiers, under command of Lieutenant Lopez.

The government soldiers were taken by surprise, and some were killed while still in their beds. A lieutenant was killed during the fighting. Ten rebels were killed, 15 wounded and 25 taken prisoners. On the government side four were killed and nine wounded. Among the rebels killed were Garza and Castro. As soon as the invaders saw that the rebels were retreating they opened the outskirts of the city and disappeared in the brush.

During the encounter the attempt was made to set fire to the town. Castro set the side of a house with kerosene and was in the act of lighting a match to start the conflagration when he was noticed by a soldier, who shot him dead. The rebels also made an unsuccessful attempt to use dynamite.

Several women were killed. Miss Nellie Isaacs, the government school-mistress, is reported among the slain.

A government official, after the engagement captured the rebel leader, Juan Diaz, and found on board 80 rifles, 3000 cartridges and blankets, clothing and rations for the rebels.

At the request of United States Consul Agent Dr. Hand, 60 marines from the United States cruiser Atlanta were landed for the protection of American interests.

The letter in this case is a declaration of war, estimated to number about 6000.

Sympathizers Freed.

TAMPA, Fla., March 22.—Incoming passengers from Havana report sympathizers with the Cuban revolution arrested during the disturbances have been released. They are watched and should they be re-arrested will be confined at Matanzas.

This release is designed to clear the prisoners of Havana so no evidence of the rebellion will be discovered by visitors.

It is reported that the insurrectionists have discovered that General Canquilly, who was expected to lead the rebels, but was arrested before the uprising came, has been receiving \$300 a month from the Spanish government for eight years past to keep it out of the hands of the government by Cuba.

General Guillermo is reported near Santiago with 4000 men, divided into companies of 500. For the last two months it is stated there will be no great progress, as the Cubans do not intend to now assume the offensive. Early in June, at the opening of the rainy season, the Spanish troops not acclimated will be exposed to the elements and yellow fever is believed to kill more troops than the Cubans might with rifle.

In the Commons.

LONDON, March 22.—Foreign Secretary Grey, in the commons today, said the government was informed that Armenian soldiers now imprisoned in Turkey will be released on the condition that they would behead themselves.

Mr. Grey, in reply to a question as to whether the holders of United States securities must send a statement of their income to the American authorities before April 15, said the American income tax law as it stood had been already published. For details inquirers should communicate with the British consul at New York.

He said in regard to the Nicaraguan matter, that the government had been notified that the Nicaraguans regarding the expulsion of the British vice-consul and other British subjects at Bluefields, but until Nicaraguans' reply was received he thought it unfair to make public the terms of England's note.

Still Investigating.

WASHINGTON, March 22.—The Spanish naval commander at Havana is still investigating the firing upon the steamship Albatross. It is officially stated that Spain will not act in reply to Gresham's note until the Spanish naval commander now investigating the matter shall report to the office of foreign affairs. It is stated on official authority that Spain has assured the United States she is disposed to act fairly, and that a detailed answer will be made to Gresham's dispatch at the very moment the government is in a position to speak intelligently. No apology, however, will be accepted. Gresham has justified that it is proper that she should do so.

English Affairs in Nicaragua.

LONDON, March 22.—The Post-Messenger says without doubt the Nicaraguan indemnity will be raised off of coffee bonds. That paper believes the council of foreign bondholders for not securing enough of the already sufficient export duty on coffee to cover the interest upon the outstanding debt. It also condemns the council for its management of the debt of Central America, for not making excessive demands. The result will be, the paper says, that bondholders will probably have to accept indemnity less than they might have obtained a few years ago.

In Hard Luck.

MADRID, March 22.—Chief officers of the garrison at Madrid sent a deputation to Marshal Martinez Campos, to assure him that they would serve the throne and the government.

Proceedings against certain provincial newspapers which have been attacking the army are being taken. The proprietors and editors are to be tried before a court-martial for high treason. At least three newspaper men have been arrested by order of a military judge.

Sixty-One Are Dead.

RAMON, Wyo., March 22.—The fire which broke out yesterday in Red Canyon, No. 5, of the Central Pacific, was today extinguished, and 22 bodies recovered.

This leaves 14 out of 53 who were buried in the mine yet to be recovered. Andrew Mason, wounded in the head by flying timber, died today, and the total death toll is now 61. There will be a general funeral Sunday.

Sent to the Asylum.

GOLDENDALE, March 22.—Mrs. Mary Miers, a Swedish woman 59 years of age, with two small boys, residing four miles north of Goldendale, was committed to the Medical Lake insane asylum Tuesday. Mrs. Miers has been acting very strangely for several months. It was no uncommon thing to see her carrying about upon her back, in a sack, old, worthless rubbish. Neighbors at last discovered insanity in her case, and, for the sake of the boys, her condition was investigated.

Labor Troubles.

NEWCASTLE, Pa., March 22.—At a mass meeting of miners yesterday it was decided, unless the old scale of wages was restored, to strike Saturday. The miners are getting 50 and 60 cents a ton, and the old rate was 60 and 70 cents.

Great Britain's Demand.

WASHINGTON, March 22.—There is absolute authority for the statement, notwithstanding guarded details, that Great Britain's demand upon Nicaragua is of such a character as to merit very grave consideration on the part of the United States. Burros has brought a special copy of the demand to Washington, and it discloses the fact that the conditions imposed upon this feeble and impetuous republic are harsh in the extreme.

Great Britain demands \$75,000 "amnesty" money, to be paid down within seven weeks; that is to say before April 10 next, for the affront to the British crown implied in the alleged wrongful expulsion of the British pro-consul, Hatch, from Bluefields. Next, Great Britain insists that the claims of Hatch and other British subjects for damages shall be submitted to a commission of three, one to be appointed by Nicaragua, one by Great Britain and a third to be selected by them; but that to be a citizen of any American republic. The United States'
