FLOUR TRADE WITH CHINA.

STOCKTON, Cal., June 7.—Much interest is felt here over the announced intention of James J. Hill, of the Northern Pacific and Great Northern roads, to start a new line of steamers in the flour trade with China. The magnate of the north has announced that he expects to be able to place flour in the markets of the Orient so that it can be sold for 1½ cents a pound, or 75 cents a sack of 50 pounds. From the city of Stockton by each steamer that leaves San Francisco for China many thousands of sacks are shipped, and it is the opinion of the shippers here that President Hill will find that he cannot long ship the staple for sale at the price named. It is his idea to place the flour on the market at so low a price that it will cause the Chinese to use flour instead of rice.

This is Hifferent. In speaking of the matter, J. M. Welsh, the resident owner of the Crown mills, says: been the cause of the large shipments, and during the present year many of the Chinese have learned to use the American staple instead of the Chinese. At present California flour is laid down in the Chinese market for \$3.90 per barrel. Oregon flour can be placed there for \$3.50, or 87‡ cents per sack of there for \$3.50, or \$7\frac{1}{2} cents per sack of 50 pounds. The only reason that it can be taken there at the low rate mentioned is because the market for wheat is off, but if it should recuperate and go to \$1.25 there would be an end to most of the flour trade with the Orient. The reason that California flour commands a higher price in China than the product of the northern mills is because it is a lighter flour. It

WASHINGTON, June 7 .- Presiden Cleveland this afternoon announced the following cabinet appointments: Secretary of state, Richard Olney, of Massachusetts; attorney-general, Jud-son Harmon, of Cincinnati. son Harmon, of Cincinnati.

The announcement, which was made late this afternoon, created no surprise here, for it has been well understood for several days that Olney would succeed to the first place in the cabinet, made vacant by the death of Secretary Gresham. It is probable that tomorrow Mr. Olney will take the oath as the head of the state department. The president at one time contemplated other changes in his cabinet and a rearrangement of several portfolios, and in this connection consideration was given to the transfer of Secretary Smith to the department of justice, but this and other transfers were finally abandoned, and the president concluded that the simplest plan would be merely to fill the vacancy caused by Mr. Olney's promotion.

NEW YORK, June 7.—A special to the World from San Jose, Costa Rica, says:
Everything possible is being done to put the country in a good position for defense. The topography is such that an invasion by Honduras and Nicaragua combined would be difficult. If the four other Central American republics combined against her, it is believed she will receive Columbia's aid, with which she can hold her own. Costa Rica will make no further concessions, but will rest on President Cleveland's decision with reference to the boundary.

The witness is a 12-year-old boy, residing in the flat below the scene of the tragedy. The man's back was turned to the street, and the boy did not see his face, so he can give no description. There is every reason to believe that this man, who was in the act of ring-ing the bell, is the murderer, but the police have paid no attention to the lad as a witness, not even interviewing him. Mrs. Jackson, the sister of the murdered woman, has discovered that the murderer washed his hands in a bowl that was in the room where the murder was committed. The bowl was broken, but the water near it was NORTH YAKIMA, June 8.—After deliberating 24 hours and talking 40 ballots, the jury in the Edmiston case brought in a verdict against the defendant at 10:30 this morning. At the Pilot Rock ranch, at 3 o'clock this morning, the proprietor being absent, the employes saw two masked men leave the vicinity of the ranch-house. They went stealthily and hurriedly down the canyon, mounted horses, and rode in the direction of the other ranch. Soon the flames burst out at the Pilot Rock ranch in a dozen places. Hurrying to ascertain the cause, the occupants of the house, 20 or 30 sheepmen, found gallons of kerosene in the place distributed along the long line of buildings. The ranch people scarcely had time to escape with their lives from the large frame building, which was a mass of roaring flames, as were also other extensive sheds and barns.

These were consumed inside of half an house.

child, a learned business man of Bath, has received a letter from his brother, Morris Rothschild, who went to Gerdays he was brought before a military court and examined and found eligible for service in the German army. His papers were taken from him and he was sentenced to six weeks in prison, at the end of which time he must begin at three years' term in the army. David Greismer, of New York, who accompanied Rothschild, employed a lawyer, who laid the facts before the military authorities with the result that the sentence was changed to a fine of 300 marks, and his papers were forwarded to the war department at Berlin, which will decide whether Rothschild shall serve his army term. SAN FRANCISCO, June 10.—The inquest into the death of Miss Nellie A.
Harrington, murdered 10 days ago, was resumed this morning. Frank Buck, son of the late ex-Senator Buck, announced that he would prove beyond all possible doubt every movement his father made from the time he left Vaccaville, Saturday morning, until he was borne into his Oakland house, stunned and bleeding from his fall from a cart Saturday night. Mrs. Crouse, a neighbor of Miss Harrington, said Senator Buck was not the only man who visited Miss Harrington. Besides him, another elderly man called often and took her driving. Buck always came on foot. Other witnesses testified to having seen Buck in Oakland after 1 o'clock on the day Miss Harrington was murdered, her body being found at 1:30. The two were placed inside a hack closely guarded and driven slowly toward the old railroad depot at the lower end of the city and there tarred and feathered.

"It is stated that fully 150 people were present. They were corraled in a circle, and after being stripped naked brooms and tar were brought into requisition and a good supply of tar laid on the bodies of both until they were completely covered, after which feathers were sprinkled plentifully over them.
