Captain Glass-Idaho for horse-stealing, and was after-wards brought here and tried for the murder of McNeil, of Elk Creek, this county. He was convicted of man-slaughter and served time in the penitentiary until the supreme court reversed the decision. The next grand jury failed to find a true bill on account of the death of important witnesses. He was again convicted of obtaining money under false pretenses, and served his time. The third time he was sent up for cattle-stealing. A warrant is now in the hands of the sheriff for Pool's arrest for cattlestealing. Three of the same family are under indictment for the latter offense, one of whom is Albert Pool,

who was brought from Riddle and lodged in jail here last night. Pool and Case are first cousins,
District Attorney G. W. Brown will proceed to Riddle today to hold the preliminary examination. Mr. Brown prosecuted and convicted both Case and Pool formerly. Two United States detectives arrived in Riddle on last night's northbound overland.

A MODERN ENOCH ARDEN.

MACON, Ga., July 5.—A peculiar Enoch Arden story, which is interna-tional in its bearings, comes from Waycross. Dr. Brown returned a day or two ago, after an absence of 25 years, and found his wife the happy spouse of a well-to-do citizen of this place. Brown is a Frenchman with an interesting history. When he left this country he went to France to look after

a legacy. A quarrel with his lawyer sulted in the murder of the latter. and Brown was sent to prison for 25 years. The legacy was used up trying to acquit him, and when he was freed come to Georgia to see his wife, whom he had love during all the years of separation. She had long since given him up as dead, and had been married twice. Her present husband is Mr. Thomas, who lives in this county.

Brown's grief on finding her wedded to another man was intense. He asked her and her husband to visit him, but she refused to grant his request. Brown has gone away again, discouraged and heartbroken. TORONTO, July 5.—An alarming report has reached here regarding the

condition of the braves on the Black-foot reservation, near Glenchen. It is said that they are in an angry mood, and even go so far as to threaten to murder all the whites on the reservation.
