

ITEMS IN BRIEF.

Mrs. Wingate went to Antelope today. Major McNeil passed down this morning in a special car.

Deputy U. S. Marshal Humphrey was up from Portland today on a business visit.

Mrs. W. Waters, the Goldendale merchant in the city, Mrs. Waters accompanying him.

Mrs. A. Schoelling and Mrs. M. Fowler were passengers on the Regular this morning for Portland.

Elder J. W. Jenkins will preach at Datur Saturday evening and Sunday, both morning and evening.

Mr. W. A. Branner, who has been in Los Angeles for a month or more, arrived home this morning.

A parcel of the city council proceedings today will show that the marshal was struck by the Dalles is the tidal water.

Marshal Connelly escorted one poor lame man to the schoolhouse house this afternoon. He was charged against him who was inside of him, in the shape of a dog.

Pease and Brooks, the men who were arrested on charge of gross fraud and cheating, in connection with selling bogus diamonds, were released on bail yesterday.

Joseph Sherr arrived from the bridge last night. He reports a fine rain in that section about the 10th, but consequently of which the getting is starting and the fall range is getting quite good.

Tonight is "The Musketeers at the Basin" and as the house has phenomenal run it is fair to presume that most of our theater-goers will be anxious to see the play. It is said to be a very fine version.

The pile driver is hammering away at the D. P. & A. N. Co. wharf and will soon have completed the pile work. Work was delayed a little yesterday owing to lack of piles, but these arrived in the afternoon.

S. F. Blythe, editor and proprietor of the Hood River Glacier, is in the city. Mr. Blythe is a pioneer newspaper editor in Hood River, and is doing good work for one of the garden spots of Oregon, Hood River valley.

Mrs. C. A. Graves of Prineville, is visiting Mr. and Mrs. J. F. Moore. She is Mrs. Moore's sister.

There was a light rain on some of the creek banks last night. Here the mercury dropped down to 41.

The weather bureau this morning gave the weather indications for the day, fair, and for tomorrow fair and warmer.

Do you eat candy? If you do, remember that at Johnston's you will find the best and sweetest, fresh from the factories.

Mr. and Mrs. W. S. Myers have gone east to attend the grand emancipation of lighted candles, at the Wood-chopper's cabin near Meacham, last Sunday. The house was demolished, and the woodchopper's cabin struck him on the cheek, ripped the roof to pieces and threw down one end of the building, it was the case of the nickel-steel variety, as the skin was not abraded or the river full of big Chinook salmon, and think the fall run will be an extraordinarily good one.

The usual order of things seems to have been reversed this year, the blue-back run being almost a failure, and the Chinooks being almost a success. In another week the markets will be again stocked with salmon, and we trust to see the fishery here running to its fullest capacity.

T. W. Magan, of Lytle, is registered at the Umatilla.

The Payton sisters in their specialties at the opera house tonight.

The funeral of the Rev. Taylor took place this afternoon from the Congregational church.

Superintendent J. P. O'Brien, Assistant Superintendent "Boris" and Ed Cook, of the Bank of British Columbia, passed down the river this morning.

There was an eclipse of the moon Tuesday night but very few people saw it, because on that night Senior Payton was at the opera, house, and of course eclipsed the eclipse.

Dr. Saunders has his new fruit drier ready for operation, and will start going tomorrow. It is a fine machine, and has a capacity of from 800 to 7000 pounds of green fruit per day.

Only one dead was filed for record today. It was that of James B. Keller, who died at A. L. Beese, and conveyed to Dalles City, on the morning of the 5th.

The Tugh Blige farmer reports a yield of 37 bushels per acre of wheat from a field of 50 acres. That is good enough for anybody or for the season.

lot west of the Cosmopolitan, and an entrance will be made to the wharf over it. The wharf will be 90x200 feet, and the building 100x100 feet. On the lot next to the other Valley exchange we get the idea that other Chinese pheasants are very plentiful, or the mighty pheasant of the other side have about cleared them out. Of course the third explanation would be that some of the shooters prevent them from shooting, but the report says much larger than it is lawful to kill.

The full meeting of the Second Eastern Oregon Agricultural Association will begin October 8th. The managers are perfecting arrangements for the very best meeting the society has ever held. The exhibit of farm products and stock promises to be exceptionally good one, and a list of first-class horses will be on hand for the speed contest.

Mr. B. S. Page of the weather bureau is one of the managers of the Portland Exposition which opens this fall. He is anxious to have a fruit exhibit as only it can, and we hope our fruit-growers will not neglect this opportunity to exhibit their products. Wasco county has always had the finest fruit shown at the fair, and she should not fail to maintain this reputation.

The loyalty of Dalles people to their boat line is becoming proverbial, and they never seem to tire of being in. A few days ago a stranger coming up on the boat inquired of Purser French: "What is the name of this boat?" "The Dalles," "Oh that is easily settled to your own satisfaction when you are on the boat, you can count them yourself for they will all be at the wharf."

Recorder Phelps this morning had two pigeons called "sons of the forest" before him charged with having been over diligent in getting on the outside of the white man's corn patch. He acknowledged the corn but as they had been very quiet and made the most solemn promises not to again take to the field, he let them go. The recorder allowed them to depart with no greater punishment than a severe reprimand.

From Friday's Daily. Miss Male Williams is up from Portland. F. A. Seufert went to Portland this afternoon. Royal Tea Nibs only 25c per pound at Johnston's.

Twenty-bar box of soap 75c at Johnston's. A new wheat is beginning to come in quite plentifully.

The matter of constructing a sewer on Court street, referred to committee on health and police.

Adjourned.

DARK-BLUE AND WHITE

Were the Colors Our Boys Carried to Victory, and How They Greet Them To-day, and Tomorrow Night.

Dark-blue and white are the colors that the Dalles hose team, and those that came under the wire in the contest of lighted candles, at the Wood-chopper's cabin near Meacham, last Sunday. Today two races had been run up to this writing, the first being the "dry contest" in which the time was as follows: Astoria, 46; The Dalles, 46-2-5; Vancouver, 47; Oregon City, 48; The Dalles, Vancouver and Oregon City, the Astoria's time being allowed, because the nozzle had not been screwed on as required under the conditions of the race.

This protest was overruled by the judges and the race was given to Oregon City, which made the poorest time. It is either some mistake in the dispatch, or on the part of the judges, as the dependent Order of Foresters is in the city, and will organize a Club here tonight.

As the evenings grow longer and the fire crackles cheerfully in the stove you will want something to read. Why not subscribe now for the TIMES?

A. N. Varney has been promoted and commissioned as first lieutenant in the 1st Oregon Cavalry.

Alex Mackintosh, a prominent sheep raiser of Crook county, accompanied by his sister, arrived in the city today. Miss Mackintosh will attend St. Mary's Academy during the winter.

The institution of a new Court of the Ancient Order of Foresters of America will positively take place this evening in the Old Fellows hall over Brown's grocery store, at 8 P. M. sharp. All charter members and others interested are invited to be present, as this will be the last opportunity to get in on the charter list. Charter fee only \$3.

The thrashing machines are busy, and in a few weeks the wheat crop of 1895, will be out of danger from the fall rains. Reports from some parts of the county indicate that the grain was injured somewhat by the drought, the heads not filling properly, and in some cases the grain being blown away by general thinning the farmers are, however, making no complaints on the yield.

Fire at Portland. The Oregon Ice Company's stables, at the corner of Third and Irving streets, Portland, burned down in less than 20 minutes, soon after 1 o'clock this (Friday) morning, and 14 horses were killed. Two houses on Tenth street, belonging to Robert Livingston, of the Oregon Mortgage Company, caught fire, and were completely destroyed. The occupants were able to remove few of their effects.

The Oregon County's Sheriff Houser received the following report from Sheriff Sears, under date of Portland, August 31: "I am giving deeds for all property sold under foreclosure, that was of the Oregon County, under the new law, after four months, as it has been decided that the law only applies to mortgages recorded since the passage of the new law."

Gold. Machinery for saving fine gold is becoming quite abundant, but so far none seems to be satisfactory. The man who successfully solves this problem will find a fortune, and the immense reward possible is stimulating inventors. Every week some new device is introduced to the world, and being perfect, but the test shows some weak point. An old miner, Mr. Breedlove, is in the city, and he is working on a machine in this vicinity. There are hundreds of millions of dollars worth of fine gold in the bars of the Snake and Columbia that some day will be gathered up, and when the machinery is perfected that will accomplish this work, Oregon will come to the front as one of the great gold producers of the world.

Vacation Time. Is at hand and is gladly welcomed by all, especially those whose duties in the have caused them to greatly run down their system, to meet the requirements, physical and mental, forced upon them. With these and others, it is important whether at home, or where thought be given to diet, and as further assistance to nature, a good building-up medicine like Hood's Sarsaparilla had best be resorted to. If the digestion is poor, the nerves are weak and frequent headaches seem to be the rule, Hood's will change all this and enable everyone to return to their home and business in a refreshed state of mind and bodily health.

Dr. Price's Cream Baking Powder. World's Fair Highest Award.

The Result at Vancouver.

From some of the gentlemen who attended the tournament at Vancouver, and who returned by night, we have gathered the particulars of the contests there and learned the reason why our boys did not get second place in the dry contest, and in the hub races. It seems that in the dry contest, an agreement had been made between the teams, and the reason why our boys did not get second place in the dry contest, and in the hub races. It seems that in the dry contest, an agreement had been made between the teams, and the reason why our boys did not get second place in the dry contest, and in the hub races.

How They Came Back. Our hose team may not have been treated well at Vancouver, but they went with a reputation last night at the hands of their own people that will warm the heart of a statue. An hour before the boat started for the city, the team was crowded with enthusiastic spectators, anxious to express their appreciation of the boys' gallant and successful return.
