VENEZUELA TROUBLE

England Seems Determined to Have a Row.

A BURST BUBBLE

Shares in African Gold Mines Take a Tumble in the London Markets.

The Duke of Marlborough Arrested for Violating a City Ordinance by Riding His Bicycle too Rapidly.

LONDON, Oct. 18.—The St. James Gazette this afternoon made highly important and sensational statements regarding Venezuela, which seem to show that the dispute between that republic and Great Britain has assumed a grave aspect. It says that since the Right Hon. Joseph Chamberlain assumed office as secretary of state for the colonies he has paid close personal attention to the question of the relations between Great Britain and Venezuela, and has taken the initiative in directing in part the administration of affairs of the British colony of Guiana, adjoining Venezuela. The Gazette says:

"We are now enabled to give the tenor of the remarkable dispatch in which is outlined the imperial policy towards the colonies. The document is of much importance, inasmuch as it was followed by cabled instructions from Mr. Chamberlain to the governor of British Guiana, Sir Charles Cameron Lees, K. C. M. G., to obtain without delay a vote for the provision of two Maxim guns, one of which is to be stationed at Uran, or elsewhere, along the frontier, where the Venezuelans may attempt to cross.

"The mere fact that Chamberlain has cabled instructions for the defense of the frontier in this manner is positive proof that the imperial government will not tolerate a repetition of the Uruan incident, and intends to hold the frontier within the Schombergh line by force if necessary.

"Chamberlain advocates especially fostering gold mining, and urges the cutting of a road from the upper Barima river to Guiana, pointing out its importance from a military point of view, as it would enable the government to keep more closely in touch with the frontier and thwart the repeated attempts at Venezuelan aggression, adding that in view of the possible early and rapid expansion of gold mining it will be necessary to provide adequately for the protection of the northwest district, and recommending an increase in the number of military and police as well as the erection of barracks on the frontier."

Not Yet Ended.

LONDON, Oct. 18.—Up to 3 o'clock this afternoon the Barnato share settlement passed without any special incident, although trouble was apprehended. Barnato helped several brokers tide over settlement by supporting the market himself. There was scarcely a bright spot in the list of stocks, but the mining slump has been arrested for the moment by attention being devoted to Barnatos in which the difference to be faced is supposed to be enormous. The feeling is one of great anxiety, which is not relieved by the impression prevalent in Paris that the mining market has not seen the worst. In spite of this, changes today were not important.

CREEDE DESTROYED BY FIRE.

The Business Portion of the City Blotted Out.

DENVER, Oct. 18.—A special to the Times from Creede, Colo., says: About 2:30 this morning fire broke out in the cottage Home hotel, which swept over four blocks of the business portion of the city of Creede, from second to fourth streets and from the Denver & Rio Grande tracks to within 150 feet of Cliff street, destroying about $150,000 worth of property. Among the buildings destroyed are: The city hall, the First National bank, the Creede Sentinel, Candle and Miner newspaper office, the Tortoni hotel and the mercantile establishments of the Famous Company, Spurgeon & Cassidy, Knoedel and E. Stone, E. McCabe and S. D. Potter.

The Western Union office was destroyed, but the postoffice, which was on the edge of the burning district, was saved.

This is the second disastrous fire in the history of Creede. The first in June, 1892, destroyed the entire town.

CANADIAN MATTERS.

Extent of Smuggling as Revealed by the Newfoundland Investigation.

ST. JOHN'S, Oct. 18.—The revelations regarding smuggling show that vast stocks of wine, spirits, tobacco, cigars, tea, etc., were brought from St. Pierre without the payment of duty. The revenue board is appalled at the extent of the revelations and, it is believed, would willingly abandon the prosecution now, owing to the class of persons involved. Government politicians are badly frightened at the threats of fiery supporters of the accused who threaten to divulge damaging party secrets.

The Telegram, the party organ, announces the postponement of the trials of bank directors until the special term of the Supreme court, which is about the end of the year.

Russia's Opportunity.

PARIS, Oct. 18.—A special to Eclaire from St. Peterburg says an exchange of communication has occurred between the Russian government and Japanese minister at St. Petersburg with reference to the recent disorders at Seoul, the capital of Corea. The Japanese minister assured the Russian government that the culprits would be punished, but Russia is said to have replied that she would be forced, in consequence of the riots, to take what steps she considered necessary to preserve order and make the Corean government independent of foreign interference.

The Duke Arrested.

NEW YORK, Oct. 18.—The Duke of Marlborough, who is to marry Miss Vanderbilt, was arrested in Central Park today for riding a bicycle faster than the law allows. The duke was coasting down hill when overtaken by Sweeney. The young nobleman gave his name and said it was an outrage. The policeman said he did not care a d—, and took him in. At the station the duke was reprimanded and discharged without being fined.

A Victoria Mystery.

VICTORIA, B. C., Oct. 18.—The body of a Cape Mudge Indian woman named Sally was found in the brush on the Songhees Indian reserve, within the city limits, this morning. The body was in a nude state, and the clothing some yards away. She was last seen alive yesterday. The police believe she was murdered, but there are only a few slight marks on the body, and the cause of death is as mysterious as the case itself. There is no clue whatever to work upon.

GOING TO ATLANTA.

Arrangements Completed for the Presidential Trip South.

WASHINGTON, Oct. 21.—Arrangements have been perfected for the trip of the president and his cabinet to Atlanta to attend the exposition. The party consists of President Cleveland, Secretary and Mrs. Carlisle, Postmaster-General and Mrs. Wilson, Secretary Herbert and Mrs. Milcou, his daughter; Secretretory Morton and Miss Morton, Secretary and Mrs. Lamont, Mrs. Harmon, wife of the attorney-general, and Private Secretary Thurber. The train will be one of the best ever run out of Washington. The private car "Wildwood" will be for the use of the president, the train will be run as a second section of the South, western vestibuled limited, which leaves Washington at 10:43, the presidential train leaving at 11 o'clock.

A STRANGE FISH.

Unable to Live Within a Mile of the Sea's Surface.

SAN FRANCISCO, Oct. 21.—The fish commission's steamer Albatross has returned from the North with a popeyed denizen of the deep that is certain to be the wonder of the naturalists the world over. It is a fish, but utterly unlike anything ever caught before. It was scooped up in a dredge that was at the time traveling along the bottom of the ocean a mile and a half deep. Professor Townsend, the learned man, who had a fit of ecstacy when this peculiar marine monster was removed from the net to the deck of the Albatross, is of the opinion that the fish would not be able to live much higher up in the water than where it was found. Such is the make-up of the fish that the professor imagines it must have felt sharp pains whenever it came anywhere within a mile of the surface of the sea.

Certain it is that the very act of bringing this fish to the surface of the sea killed it. When the enormous pressure was taken off, its vital organs, its heart and everything else within it began to puff up. Its bladder was forced partly out its mouth, and its eyes were driven forward out of their sockets.

The fish will be forwarded to the Smithsonian institution.

SENATOR DAVIS TALKS

Position This Country Should Take on the Venezuelan Question.

ST. PAUL, Oct. 21.—In the course of an interview on the Venezuelan matter, Senator C. K. Davis, for a long time chairman of the senate committee on foreign affairs, said:

Considering the present situation in Venezuela and the action of the British government on the seizure of Corinto, I say most confidently that the United States ought to intervene in this business, or formally, and by proclamation, abandon the Monroe doctrine as a scarecow which will no longer frighten"

Senator Davis gave, at considerable length, the history of the original announcement of this doctrine by President Monroe, and outlined the troubles over the boundaries between British Guiana and Venezuela, adding:

"I do not apprehend any war with England arising out of existing conditions, nor out of anything which we can foresee. She is a prudent nation with all her energy. She has given the dominion of Canada as a hostage of peace to the United States, far outvaluing the utmost that she can hope to obtain or inflict by war. I think that firm remonstraces, an attitude so unyielding it will demonstrate the certainty of warlike action as the last extremity, will repress aggression, assert our dignity, secure our safety and vindicate our principles."

The Olympic Volcano.

PORT TOWNSEND, Wash., Oct. 20.—Further evidence of an active volcano in the Olympic mountains has been received, and serves to confirm the report of Professor Alexander, of the Smithsonian institution. Two young men of this city, Ben Pettygrove and Charles Sally, are just from the Olympic mountains, and report that after experiencing a series of slight earthquake shocks, covering a perion of two weeks, flames and huge volumes of black smoke were observed ascending from one of the small peaks. Flames would shoot spasmodically up for a few hundred feet and the dense volumes of black smoke would belch forth. These operations were repeated every ten minutes. South of Port Townsend last night the sky was clear, and the volcanic phenomena were witnessed by dozens of people.

The Czar Wants to Meet the Kaiser.

BERLIN, Oct. 21.—The Local Anzeiger says Prince Lobanoff-Rostovsky, the Russian minister for foreign affairs, at his recent visit to Emperor William, at the latter's shooting-box at Huberstock, informed his majesty that it was the earnest wish of the czar to meet and converse with Emperor William and Emperor Francis Joseph after his coronation.

YOUNG MACKAY KILLED

His Skull Crushed in a Run-Away Accident.

BRITISH GREED

Determined to Steal Venezuelan Territory, and Reaching After Her Gold Mines

Senator Thurston, of Nebraska, Will Resign His Position as Attorney for the Union Pacific Before Congress Meets.

NEW YORK, Oct. 19.—The first intimation of the accident which resulted in the death of John W. Mackay, jr., was received here by Mr. Mackay's private secretary, and was a cablegram from Clarence Mackay, in which he said John had been thrown from a horse yesterday and seriously hurt. The doctors had pronounced the case hopeless. Clarence begged the secretary to prepare his father for the worst. At an early hour this morning another message was received stating that the young man had died last night. Young MacKay arrived in the city from the West June 8, and sailed for Europe on the steamer Paris, June 19.

The following details of the death of Mackay havebeen obtained:

For some days past Mr. MacKay and two friends, Messrs. Lynch and Digby, had been trying some horses, which they had lately purchased, over hurdles and ditches on a course laid out by Mr. Mackay on the estate of the Duke of Gramont, department of Sarthe, which he had rented. Contrary to the advice of his friends, Mr. Mackay yesterday mounted a particularly restive horse, which had been ridden by Mr. Lynch Thursday. The horse bolted and rushed through the thickets. Mr. Mackay succeeded in dodging several trees, but he was finally overcome by the exertion and lost all control of his horse. He reeled in the saddle, and finally collided with fearful force against a tree, which he struck with his head. The collision hurled him to the ground, and when his friends rushed to the spot they found him suffering from ghastly wounds in the head, both of his eyes being crushed.

All the immediate attempts to restore the unfortunate young man to consciousness proved futile, and he was carried home and the doctor called. Later, after hours of attention, they restored their patient to consciouess, but he had several relapses and expired at 9:30, after shaking hands with and saying good-by to all his friends, whom he recognized by the sound of their voices. His last farewell was to a favorite dog, that would not leave his bedside. No member of the Mackay family was present at the death bed.

Mr. Lynch came to Paris to inform Clarence Mackay, brother of the dead man, of the terrible accident, and succeeded in persuading him not to go to the castle where the remains rested.

Mrs. John W. Mackay left Paris on a trip to Normandy, but she is expected back in Paris at any moment, when the sad news will be broken to her.

The body will be embalmed and brought to Paris Monday next, where it will be exposed to the view of friends of the family in a chapelle ardent, at Mrs. Mackay's residence, on Rue Tilsitt.

COMMENT IN LONDON.

English Think They Are Right and the Monroe Doctrine a Bluff.

LONDON, Oct. 19.—(Copyright by the Associated Press.)—For Americans the most important question in foreign politics at the present time is the boundary dispute between Great Britain and Venezuela, which has brought forth a warning note to the former from the United States. Great Britain, however, appears to have sent an ultimatum to Venezuela, and there is some talk of guns and military operations at the instigation of the British secretary of state for the colonies. Joseph Chamberlain, who is said to be working in perfect accord with the Marquis of Salisbury.

Summed up briefly, the attitude of England in the trouble with Venezuela is one of conscious righteousness. It is everywhere acceded here that the British claims are perfectly justified and complete confidence in the firmness of the government is expressed. Hints have been thrown out for some time past that the Marquis of Salisbury will stand no nonsense from the Venezuelan government, and, consequently, the announcement of the St. James's Gazette today, that the premier had sent an ultimatum to Venezuela, caused little surpise, and was generally regarded as an ordinary incident of a "strong conservative policy" of which there were previous examples by the present government, the notification to China and Ashantee being forerunners of the present dispatch.

As in the case of Nicaragua, everybody expects this last ultimatum will have the desired effect without the necessity of a recourse to the arbitrament of arms.

The possibility of active intervention upon the part of the United States, which is recognized as being the most serious side of the dispute, discussed by the Times, but Englishmen profess to believe that the Monroe doctrine is a sort of a bluff which needs only to be met with a firm attitude. It is generally believed that the colony of Guiana is in a bad way, and that her salvation lies in exploiting the gold fields which are in the disputed area.

Thurston to Resign as Consul.

SAN FRANCISCO, Oct. 19.—United States Senator Thurston left for Los Angeles yesterday. The Nebraska statesman expects to stay there for his health during the coming few weeks before the meeting of congress. Senator Thurston, though elected to a seat in the upper house of congress, still retains the office of general solicitor of the Union Pacific system, though he has stated that he will shortly resign the office to the Union Pacific receivers, and sever his connection with the railroad before congress meets.

Before he left here he said to a number of friends that it would be highly injudicious for him to attempt to preside over the law department of the Union Pacific, and occupy a seat in the senate at the same time, particularly in view of the fact that congress at its next session will undoubtedly pay some attention to legislation affecting the bond-aided road.

Fight Declared off.

HOT SPRINGS, Oct. 21.—The fight between Corbett and Fitzsimmons is declared off by the Florida Athletic Club. At a conference this morning between the managers of Corbett and Fitzsimmons the club asked that the contest be postponed until November 11. Brady acquiesced, but Julian would not, and the contest was declared off. Brady then declared that Corbett would meet any man in the world, Fitzsimmons preferred, November 11, the man to be named within 24 hours. Vendig announced that he would match Maher against Corbett, and find some one to take his place against O'Donnell. The contest between Maher and Corbet is to be for $5000 a side.

Sawyer on Sherman's Book.

DULUTH, Oct. 22.—Ex-Senator Sawyer is in Duluth. A reporter asked him his opinion of Senator Sherman's book. In reference to the part referring to ex-President Garfield, Mr. Sawyer said:

"Senator Sherman is totally in the wrong in saying that ex-President Garfield broke faith with him. I remember the day before Garfield was nominated. I lunched with him. At the table, I said, 'Mr. Garfield, I'm sure you're going to be nominated.' He replied: 'I would rather be shot than to be nominated, for I could never persuade Sherman that I kept faith with him.

"I went back to the Wisconsin delegation, and we were the first to swing into line for Garfield."

The Unitarians in Washington

WASHINGTON, Oct. 21.—More than 1000 delegates to the 16th annual convention of the Unitarian and the Christian churches have arrived, and it is expected tomorrow, when the conference is called to order, fully 2000 delegates will be in attendance. This afternoon the council completed the final details of the conference. Dorman Eaton, of New York, is to preside over the meetings of the conference, as Senator Hoar, of Massachusetts, who is president will be unable to attend. The Rev. Minot J. Savage, of Boston, delivered the conference sermon tonight.

Oroya Railroad Extension.

LIMA, Oct. 22.—Sir Henry Tyler, who is here in the interest of British capitalists, is convinced that there is a great future for Penene, the production there increasing, and that an extension of the Oroya railroad is an immediate necessity. There is a sufficient water power to produce electrical power.

England's Clutches Still on It.

NEW YORK, Oct. 22.—A special to the Herald from Buenos Ayres says:

The British minister at Rio Janeiro has informed the Brazilian government that England intends to keep the island of Trinidade.

MOTORMAN WAS COWARDLY.

Deserted His Post When in the Time of Danger.

CHICAGO, Oct. 22.—Somewhere in this city William Rasmussen, a motorman, is hiding, believing himself responsible for the death of a score of innocent trolley car passengers. Last night he ran a crowded Western avenue electric car into a moving Burlington train at a street crossing. The collision occurred while the street-car was making 15 miles an hour. Rasmussen, who was an experienced motorman, jumped before the crash came and ran. He put his hands to his ears to shut out the cries of the supposedly wounded and dying, and fled at his utmost speed, eluding all pursuit. Had he remained he would have learned that the passengers escaped injury by tumbling out of the door as the car neared the train. They were scattered along the street for 200 feet. So far as learned no one was injured.

Historic Tavern Burned

PHILADELPHIA, Pa., Oct. 22.—The Seven Stars tavern, in East Vincent township, Chester county, burned last night. The Seven Stars was built long before the Revolution and was a famous stopping place for travelers from Philadelphia to Baltimore. Washington and his generals often stopped there. Near by is a monument that marks the graves of many soldiers of the revolution who died in the old Pikeland church when it was used as a hospital.

Further Executions.

NEW YORK, Oct. 21.—The World has the following cable from Foo Chow:

"Mabel Hartford's assailant and 13 others, convicted in taking part in the Hwsang massacre, were put to death this morning at Ku Cheng. The execution was witnessed by the foreign consular commission, the Chinese prefect, the district magistrate and a great crowd. There was no disturbance."

Latter Day Saints in England.

LONDON, Oct. 21.—The conference here of the Latter-Day Saints opened today and was largely attended. A. H. Ives, of Salt Lake City, made a speech, in which he announced that the principles of the church were making satisfactory progress in the provinces, especially in Wales.

BEGINNING OF THE END.

Witnesses For Durrant Have All Been Examined

SAN FRANCISCO, Oct. 22.—General Dickinson this morning announced that he had no further witnesses to call in defense of Theodore Durrant. Calling witnesses in rebuttal was therefore begun by the prosecution.

The first step was to refute the statement of Durrant that the trustees of the church, when called to the stand, testified that they did not ask Durrant to make repairs.

C. W. Dodge, a medical student, testified that on the afternoon of April 13 he saw Durrant at the ferry, and the prisoner told him he was waiting for members of the signal crops, whom he expects from Oakland.

C. A. Dukes, who accompanied Dodge, corroborated this testimony. The testimony is important, from the fact that Durrant said when on the stand that he was at the ferry for the purpose of searching for Blanche Lamont, who, a mysterious stranger had told him, would cross the bay that afternoon.

A. A. Hobe, an old schoolmate of Durrant, testified that on the same afternoon he saw the prisoner at the ferry in company with a young woman who answered the description of Minnie Williams. Minnie Williams came over from her home in Alameda that night, and the next day her body was found in Emanuel church. The theory of the prosecution is that, instead of being at the ferry to follow up a clew of Blanche Lamont, Durrant was there for the purpose of meeting Miss Williams and luring her to her death.

E. A. Glaser, a student at the medical college, testified that on April 10 Durrant asked him to read his notes to Durrant, who devoted three-quarters of an hour to writing them in his notebook. Defense tried to show that it was the custom or students to compare notes, but Glaser said Durrant read nothing that purported to be his own notes.

District Attorney Barnes said today at noon that the testimony in rebuttal would be finished by tomorrow night. The argument of the case will, therefore, probably begin the last of the week.

THE PRICE OF SILVER.

Present Quotations, It is Said, Do Not Represent Real Values.

DENVER, Oct. 22.—The current quotations on silver means little or nothing," said a well-known orebuyer today. "The smelters have contracted their bullion for months to come to the big agencies in new York, and these in turn have sold to London. The market will be steady at or near present prices until these contracts are filled. Then it may go higher and it may not."

Contracts with the large mines producing silver in Colorado, Utah and the other Western districts run with the smelters to the first of the year. In many of these contracts, the allowance for silver and lead and for treatment charges is fixed, regardless of quotations, so that the figures given each day apply mainly to small lots of ores.

A WASHINGTON RUMOR.

Report That Olney Contemplates Retiring From the Cabinet.

CHICAGO, Oct. 22.—A dispatch to the Inter Ocean from Washington says:

"Owing probably to the fact that Secretary Olney did not go to Atlanta with the presidential party, but left for Boston today, a rumor is afloat tonight, and will be published tomorrow, that Mr. Olney is contemplating retiring from the cabinet. The alleged excuse for this is a supposed disagreement between himself and the president in regard to the foreign policy, and especially with reference to the Venezuelan matter, in which the rumor says Mr. Olney favors a more vigorous course than does the president. The rumor, however, is entirely unconfirmed, and, owing to the absence of Mr. Olney and President Cleveland, as well as all members of the cabinet, it is impossible to obtain definite information which will confirm or disprove it."

Accepted Bribes

BUENOS AYRES, Oct. 22.—Representatives Varola and Vigil have been found guilty of selling their votes, and are to be expelled from the Uruguayan congress.

The monarchists at San Pablo, Brazil, are to publish a newspaper entitled "Civilization," the object of which is to defend their political ideas.

Wholesale Thieving.

TACOMA, Wash, Oct. 22.—When S. R. Balkwill took formal possession of the closed German-American bank this morning he found but $1 10, and no accountbooks whatever. The city had over $58,000 on deposit, and it was the demaud for this money that caused the bank to fail.
