Further Particulars of the Desperate Fight.

A FALSE FRIEND

A Reckless Farmer Cuts a Levee and Inundates a Large Tract of Land.

Stage Station Robbed—The Revolt in South Africa—He Blew Out the Gas—Heavy Death Rate.

HAVANA, March 27, via Key West, Fla.—The fight at Candelaria between the forces of General Linares and Colonel Suarez Yelano on one side, and those of Antonio Maceo and Perico Diaz and Quintin Bandera on the other, has been heralded in the usual flamboyant official dispatches as a famous victory and Yelano and Linares were promptly scheduled for promotion. But ever since the fight carbines of gold and silver at the rate of 16 to 1 without waiting for the consent of any other nation.

General Maceo is in immediate command of the center column of rebels with about 9000 men. General Maceo is in the southern part of Havana with a force of about 6000 men. The other 4000 men are divided into small bands of pillagers. The insurgents are well-equipped and have plenty of ammunition, and are capable of giving the soldiers a warm reception.

The activity noticeable about the palace of General Weyler seems to bear out the idea that a crisis is near at hand.

The Ills of Women. Constipation causes more than half the ills of women. Karl's Clover Root is a pleasant and safe constipation for sale by M. Z. Donnell.

SUPREME COURT DECISIONS. Long-and-Short-Haul Case Decided Against the Railroad.

WASHINGTON, March 30.—An opinion was given by the supreme court today in the long-and-short-haul case, involving the validity of the provision of the interstate commerce act prohibiting a higher charge for a short haul than for a long haul, appealed from a decision of the circuit court of appeals of the fifth circuit. The appeal was taken by the railroads. The title of a case was the Cincinnati Commerce Commission vs. Cincinnati, New Orleans & Texas Pacific Railroad Company.

The decision of the court below was affirmed in the main, the opinion holding that in the cases of shipments from one state to another, or through bills of lading, railway companies could not exempt rates and give them special rates.

All Recommended. Ask your physician, your druggist and your friends about Shiloh's Cure for Consumption. They will recommend it. For sale by M. Z. Donnell.

All Kinds of Weather. OREGON CITY, Ore., March 30.—All kinds of weather visited Oregon City today. This morning a brisk flurry of snow came down the pass and the city was covered with a thin layer of snow. A few moments later a heavy shower of rain fell, and the snow melted. The rain was followed by a heavy shower of rain, and the snow melted. The rain was followed by a heavy shower of rain, and the snow melted.

M'MINNVILLE, Ore., March 30.—Snow one inch deep lay on the town this morning at sunrise, but vanished in a few hours. Fruit was not damaged.

Husband Neglected Her. SAN FRANCISCO, March 30.—As John Martin, the driver of the patrol wagon in the wagon in front of police headquarters, at the city hall today, his wife came up behind him and shot him three times with a pistol. One bullet passed through Martin's body, and he will probably die.

Mr. Martin gave as a reason for the shooting that Martin had not been home for several nights, and last night was drinking hard. She added she was tired of his neglect and determined to punish him. She shows no regret for the shooting.

She Saves Lives Every Day. Thousands of cases of consumption, asthma, coughs, colds and croup are cured every day by Shiloh's Cure. For sale by M. Z. Donnell.

A Suicide in Portland. PORTLAND, Ore., March 30.—Mac Morrison, a liquor dealer on Morrison street, shot himself this afternoon. He will probably die.

Friendly former lived in Corvallis, where he was engaged in the lumber business. Not long ago he had trouble with a man named Long whom he shot slightly wounding him. No cause has yet been learned for his attempted suicide.

Several Changes. It seems probable that the O. R. & N. will run The Dalles local train through to Pendleton, although there is nothing definite about it. Certain it is that, as soon as business warrants, the company will make this change. Another change contemplated is the running of the local train from Wallace through Spokan. At present, the train runs on the branch only from Wallace to Tekoa, and it will be run to Tekoa and on to Spokane. That the changes heretofore mentioned will take place is about certain, as officials are now in Portland figuring on a new time card. Nothing more definite can be given.—La Grande Chronicle.

Now Is the Time to Buy. From now until April 1st, at which time the Jacobson Book & Music Co. will have to vacate their present quarters in order that work may be commenced on A. M. Williams & Co's new building, and as their new quarters will not be ready for occupancy by that time, they have concluded to throw their entire stock on the market at unusually low prices during the month of March. If you contemplate buying a piano within the next five years now is your chance.

A Portlander Succeeded. PORTLAND, March 30.—J. E. Bartsch, a shoemaker of Albina, committed suicide this morning on Government Island by shooting himself through the head with a shotgun. Financial trouble was the cause.

A Heavy Death Rate. MADRID, March 27.—The war office reports that the deaths in one year among the Cuban forces amount to more than 400,000.

The Liberal says: "The acts of the United States, however cleverly disguised in form, have as their ultimate goal, the adding of another star to the flag by the annexation of Cuba."

He Blew Out the Gas. VICTORIA, March 27.—Nels Johnson, a wealthy millman of Port Hadlock,

Bad Plight of Miners Who Have Gone North.

BATTLESHIP IOWA

It is the Most Advanced Type of Battle-Ship in the United States Navy.

Re-arranged That Weyler Has Retained—Spaniards Fire on an American Vessel—Illinois Has Another Cyclone.

TACOMA, March 29.—If the rush to Alaska continues much longer, and in the same numbers as at present, armed guards will have to be sent along on all the steamboats, to prevent the homeless and penniless men from taking possession of the boats on their return trips, for hundreds upon hundreds are going north who have not got one dollar left, after paying their fare. A passenger who has just returned says that the various boats lay at the wharf at Juneau, there is constantly a guard kept over the gangplank, to see that nobody goes aboard unless he is known to have local business or is possessed of a return ticket. This action has, he says, become necessary on account of the great number of men who try to stow away, so as to get south. This gentleman warns any one not provided with money or complete outfit to stay away from Alaska. He says that for every position in Juneau or Sitka today there are 25 men or women applicants.

Alaska, he says, has not been overrated, but the trouble is it is such a new country that the sudden immigration of such large numbers of people have made it impossible to provide for their care. As there is neither farming nor manufacturing, unless one goes to the country fully equipped with one's own stock, or has an engagement with some company, or is grubstaking, he will almost invariably find himself stranded at the beginning of his journey.

THE IOWA LAUNCHED. Successfully Placed in the Water at Craney's Wharf.

PHILADELPHIA, March 28.—The launch of the battleship Iowa from Craney's wharf today partook more of the nature of a national event than any similar one since Mrs. Cleveland christened the St. Louis, nearly two years ago. Vice-President Stevenson headed the delegation from Washington, which included Secretary of the Navy Herbert, Attorney-General Harman, Secretary of Agriculture Morton, and a large party of senators and representatives. The Iowa party was led by Governor Drake, whose daughter, Mary Lord Drake, bore the name of champagne over the vessel's prow and gave it its name.

The Iowa will be, when completed, the most advanced type of battleship in the United States navy. The appropriation provides that the vessel shall cost, including armament and speed premiums, not more than \$4,000,000. The Iowa will be a formidable battleship. The following are her dimensions: Length on load water line, 380 feet; extreme breadth of beam, 72 feet; displacement at normal draft, 11,200 tons; freeboard forward, 23 feet. The Iowa will have engines with a maximum indicated horsepower of 11,000, and she will be able to steam more than 16 knots an hour. She will be able to carry 2,000 tons of coal, and her crew will consist of 436 officers and men.

Weyler Is Disgusted. NEW YORK, March 29.—A World dispatch from Key West says: The Morgan line steamer which arrived from Havana today reported that it was stated emphatically in Havana that Captain General Weyler, in spite of all stories to the contrary, had become disgusted and tendered his resignation, because things are in bad shape. It was an open secret in Havana, that owing to this determination to resign and the seeming determination of the United States to recognize the independence of Cuba, all parties have come together in Madrid and the prime minister of Spain will resign to accept the captain-generalship of Cuba.

American Vessel Fired Upon. KINGSTON, Jamaica, Mar. 28.—(Copy)—The schooner William Todd, belonging to Calais, Maine, has arrived here from Mobile, Ala. Captain Campbell reports that the schooner was fired on by Spanish gunboats off the late of Pinar. He and the vessel was boarded and searched. The Spaniards did not find anything contraband and the schooner was allowed to proceed.

Tons of Money. CHICAGO, March 28.—Over \$16,000,000 in gold, silver and currency was removed from the office of the sub-treasurer in the old government building, to the temporary offices in the Rand-McNally building. There were 16 half-tons of gold; 90 tons of silver, and five tons of copper, nickels and dimes, and \$3,500,000 in currency.

Cyclone in Illinois. ALTON, Ill., March 29.—A cyclone passed south of Alton today. Twenty box-cars were wrecked at West Alton. Fences and telegraph poles were blown down, but no fatalities are reported.

The National Reform Party. PITTSBURGH, March 30.—The provisional national executive committee of the new national reform party, has issued a call for a national convention to be held in Pittsburgh May 25.

Heart Disease the Cause. KANSAS CITY, March 29.—Austin J. Dolphin, a passenger conductor on the Santa Fe road was found dead in his bed at the Midland hotel this morning. Heart disease was the cause.
