hey Have Free Silver Tenden les, Favor Mitchell for Senator. PRINEVILLE, Or., March 31, 1896. DITOR TIMES-MOUNTAINEER:

I duay the republicans of this county held their county convention. It was a "harmonious" affair throughout. Cesterday evening the delegates commenced to come in, and each appeared to be armed with a tittle harmony, but by the vigilance of the leaders only one fight took place that evening; but the outlook was so gloomy that John Combs withdrew from the race for sheriff. Then Hon. A. R. Lyle insisted that unless the convention endorsed Mitchell, harmony would brood over the scene like a webfoot fog, and sarmony prevailed.

Today the convention finished its and literary programme was renwork. The committee on resolutions dered, yet a pleasanter surprise presented their report, and boiled down, it was that the present financial of the sisters having determined roubles was caused by free trade; a hearty endorsement of John H. Mitchell, and his course in congress on the tariff and forest reserve questions; pledging their representative to yote or him to succeed himself, and an instruction to the delegates to the state convention to support J. B. Hunting ton for congress. Mr. Huntington's resence here probably is what secured him the endorsement

in Portland. The great battle between the oppos ing factions in the republican party at Portland has b en fought, and was won by the Simon crowd. The Simon

crowd secured 68 delegates while their opponents captured only 35. The scenes witnessed at the different polling places were disgraceful, and although no one was killed, there were a good many bruised heads and maimed bodies. The thugs and tinhorn gamblers were out in full force, and a large per cent of the vote cast was by the riffraff element, substantial citizens being crowded away from the polling places by gamblers, law-

breakers, thugs and outlaws. The accounts of the scramble in the various wards in the city, as published everywhere. The victory is of course

The Best Wool Market. We understand that a proposition will be made to the railroad company Salmon coming from the Sheepmen's Union asking a minimum rate for hauling wool to The Dalles. If the proposition is accepted the wool will be hauled here for shipment, otherwise it will be taken with teams direct to The Dalles. Whether we are willing to admit it or not The Dalles is the best wool market in the state east of Portland and the wool growers, who, to say the least, have suffered their share of the reduction of prices during the hard times are determined to get all possibly out of this year's clip. At present the rate for wool from Arlington to The Dalles is 40 cents. Without doubt the representatives of the company will meet the sheepmen on any reasonable proposition rather than lose the shipment of all the vast wool clip which otherwise would be loaded at this

Growing in Favor

No lodge in the city is more rapid! growing in favor than the Rathbou Sisters. It seems to have been ushere into existence under a lu ky sta having had the largest charter mem bership at its organization of any lodg instituted in the jurisdiction, an since its formation has steadily grow. in favor. However this is not to wondered a , for its membership com prises the most congenial spirits i The Dalles, ladies and gentlemen wh are determined to make the meeting attractive and entertaining.

The meeting last night was nothing unusual, however all who attended declare they never spent a more pleasan evening. Prof. Rusmus and Mr. L. S. Davis were initiated into the order after which a splendid musica was in store for the lodge, some upon treating the order to a feast in serving a ba quet. The surpriswas most complete as was the menus consisting of cake, sandwiches and other delicacies. It was indeed a happy surprise, and was so deftly arranged as to being good cheer and afford an enjoyable termination of a very pleasant lodge meeting.
