the First Degree

Friday, at Medford the jury which tried Carl Albrecht for the murder of his wife, on Feb. 18, returned a verdict of murder in the first degree, after 15 minutes deliberation, and barring the possibility of executive clemency being extended, he will have to hang. The deed for which he is to suffer was a premeditated, cold-blooded affair, and was committed because his wife refused to support him. Albrecht had been very cruel to the woman for months on account of the great a number of years, and his treatment mortality among children, caused by bowel troubles. Perfect zafety may be assured those who keep on hand DeWitt's Colic & Cholera cure, and divorce proceedings. Albrecht did his utmost to get her to return, and It soothes the child, softens the gums. field, he made good his threat. When his dastardly deed was con mitted, Albrecht turned and pointed his revolver at himself, as if he were going to take his own life, and then cook to his heels to get out of reach of the officers. William Webster shadowel him in his flight, Albrecht keeping him at a respectable distance by threatening to shoot. Webster pointed out Albrecht's hiding-place to Marshal Elrod, who went up to him and ordered him to hold up his hands; but Albrecht only held up one, and was in the act of shooting Elrod when the latter fired. The third shot brought the wife-murderer to the ground. At first it was thought that Albrecht would die, but on examination it was ound that he received only flesh

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no besitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery: it was quick in its work and highly satisfactory in results." Trial bottles free at Blakeley & Houghton's drug store. Regular size 50c. and \$1.00.

A Sad Death The sad news was received in Baker City Thursday that on Sunday last at Canyon City, Mrs. Anna Lehy, a daughter of Mr. and Mrs. T. M. Briten, administered to herself morphine in such quantity as to cause her death, her demise occuring on Monday and her burial on Wednesday. The deceased was reared at Brittain station, the well-known stopping place for travelers from Baker City to Canyon City, and it was here that she was arried about three years ago. Her married life from the first was any thing but happy, and cortinued trouble inbalanced her mind. In a moment of despondency she took the fatal drug that put an end to a life full of disappointment to her.
