that, although he paid wages 20 per cent. lower in Cork than in his English

The Free Silver Advocate of Maine captured the Plum of the Second Piace on the Ticket.

vention Went to the Far East For a Candidate

[Special to Times-Mountaineer.] CHICAGO, July 11,-After the excitenent over the nomination of Bryan had subsided yesterday, a caucus of delegates was called for the purpose of determining upon a candidate for vice-president, but up to 2:30 this morning no agreement had been eached, and the caucus adjourned. When Chairman White called the convention to order at 11 this fore-

noon, Harrity, of Pennsylvania, and nounced that there would be a meeting of the national committee at 3 P. M. There were many vacant seats in ssembled. Very few of the gold men being present. When the roll of states was called for naming candidates for vice-president, the nominating speeches were short and to the point, in all requiring less than two hours. Those whose names were placed before the Clark, of North Carolina; Fitchan, of Illinois; Pennoyer, of Oregon; Daniels. of Virginia, Sewell, of Maine, and Williams, of Massachusetts. Daniels, McLean and Fitchan requested that their names be withdrawn, and balloting began at 12:12. The result was

Third ballott-Williams 15, McLean 210, Clark 22, Sewell 97, Sibley 50, Daniels 6, Harrity 19, Bland 255, Patterson 1; not voting, 257. Sibley telegraphed his withdrawal, as did Bland, stating that it was not advisable to nominate two candidates from the west, and the strength of both Sibley and Bland went to Sewell on the fourth ballott, giving him 430, just 25 less than sufficient to nominate. This caused a stampede to the man from Maine, and Arthur Sewell was declared the unanimous nominee of the convention amid great cheering

and wild demonstration. This concluded the work of convenion, and at 1:35 the most exciting political convention ever held in the country adjourned sine die.

MONEY BY THE CARTLOAD.

SAN FRANCISCO, July 10 .- A check for \$678,000, drawn by Paymaster Bellows, of the navy, in favor of the California bank, was cashed at the subtreasury on Wednesday afternoon, and the full amount in \$20 gold pieces carted from the government treasury house on Commercial street to the vaults of the California bank. The transfer of such a large amount of gold required but one hour's time and was so quietly done that only the clerks and guards who had the matter in charge knew what was going on. The check was drawn by Paymaster Bellows in part payment for the new cruiser Oregon, which was formally accepted by the government on Wednesday. According to the conract entered into between the navy department and the Union Iron works the big fighting machine was to be paid for on the installment plan, payments being made from time to time

as certain conditions were fulfilled by he contractors. The total cost of the Oregon was about \$4,000,000. The greater part of this has already been paid. The last payment is to be made if everything goes all right, five months from the

date of the acceptance of the vessel by Assistant Treasurer Berry, of the subtreasury, said yesterday that the check was the largest that had been drawn upon the public treasury during his administration. The payment was made in gold coin in double engles. The \$20 gold pieces were sacked up in bags containing 1000 each and there were 34 of the bags of the yellow metal when all had been counted out. The weight of the pile was about 2500
