The attention of the new city marshal is respectfully called to the nails—the ever present, painfully present nails in the sidewalks, at night, and how hideously dark these nails are now, it is dangerous to walk on any of the older sidewalks to have the nails. Give us light or drive home the nails. John H. Cradlock is in from the McCoy Creek mines, with some very handsome specimens of course gold from that promising district. The 5th and 6th line of the same should read "It seems to me obvious that it would not have that effect" and in line 102 the words "it is" should read "is it" and in the statement in relation to the exports of gold and gold collages of France, the words "over and above the imports" should follow "named" in the third line preceding.

REPORT ON THE LOCKS. The Committee of the Commercial Club Submit Their Final Report. THE DALLES, Or., Sept. 1st, 1896. Mr. President and Members of the Commercial Club, Dalles City, OREGON: GENTLEMEN: We, your special committee on the Cascade Locks, beg leave to submit the following report: First: You will bear in mind that at the time of the formation of this committee it came to the knowledge of the Commercial Club that the locks would not be opened, as expected, on March 1st, of the present year; and that there was a showing to the effect that certain additional work was required to be done between the middle and upper gate on account of the nature and quality of the formation which had been retitled upon to form a natural wall. This was discovered to be of such a character, that in the judgment of the engineer in charge it would not withstand the action of the elements in winter, and no funds in the hands of the engineers to be used for the permanent improvement at this point. That we at once joined the Astoria Chamber of Commerce and others interested in the speedy opening of the locks, and we would like to be operated after that date. Of course we hope they will, but we would like to have a little assurance on this point as well as upon the time of completion. showing in their ranges. I think it is all a mistaken idea that sheepmen fire the woods, there being plenty of feed for the sheep without it and too much danger of burning up their own herds. Sheepmen should not be allowed to make use of the tens of thousands of acres of waste lands. The reserve should and will be thrown open to the stockman, and if closed to any one better exclude the few tramp tourists and fishermen, and thereby have less forest fires." THE COMMON COUNCIL. Regular Monthly Meeting of the City Fathers. The regular monthly meeting of the common council of Dalles City, was called to order by Mayor Menefee last night, the being present Councilmen Nolan, Champlin, Kuck, Wood, Clough and Saltmarsh, and the following proceedings were had: Minutes of previous regular and special meetings read and approved. The petition of L. Quong's creditors for release out of which to build Lutheran church, referred to committee on streets and public property to report at next regular meeting. Bid of Charles Denton to furnish wood for Dalles City referred to committee on finance with power to accept. Regular monthly report of treasurer, recorder and marshal read and placed on file. The recorder was ordered to make a detailed report during the second month of each quarter of the license granted during the year. You know what you were doing at the time. No other senator has confessed that he did. In proof I will call your attention to some of the matters contained in my speech, which is entitled, "The True History of the Demonetization of Silver." "On September 5, 1893, I delivered an address which refuted the false charges, but this was unimportant part of the address. You absented yourself during all the time of the speech. Neither you nor any one else has replied to that speech. The facts it contains convict you of having imposed upon the senate in securing the coinage of gold and silver. You visited Paris, and wrote to Samuel B. Ruggles, the American commissioner to the monetary conference, then in session at Paris, advocating the single gold standard. Your letter and extracts from the report of Mr. Ruggles show how you were in the service were in connection with the adoption of a resolution by the conference recommending the gold standard. The following winter you introduced in the senate an act in relation to the coinage of gold and silver. The third section reads: 'An act be further enacted that the gold coins to be issued under this act shall be a legal tender in all payments to any amount, and the silver coin shall be a legal tender to an amount not exceeding \$10 in any one payment.' J. A. Crossen, P. M. Don't think that your liver needs treating if you are bilious. It don't. It's your stomach. That is, your stomach is really what causes the biliousness. It has put your liver out of order. See what's the matter with your stomach. Sick stomach poisons liver and then there's trouble. Shaker Digestive Cordial cures stomach and then all's well. That's the case in a nutshell. Shaker Digestive Cordial is no secret. Formulas on every bottle. But it's the simple honest way it's made, the honest Shaker herbs and other ingredients of which it's composed, that make it so efficacious. Any real case of indigestion and biliousness the best cure is a few bottles of Shaker Digestive Cordial. Try it. Sold by druggists, price 10 cents to \$1.00 per bottle. The Dalles' woolen mill is getting out samples of goods to be placed on the market and Mr. Shaw expects to have it in full operation by the first of next month. With a uniformity to The Dalles it was that the mill was not located here instead of at Dallas. From ten to a dozen loads of wheat are received daily at the warehouses in the East End. The majority of it is No. 2, though there is some No. 1 coming in. The latter grade is selling at 40 to 42 cents. Otto Bigfield is now ready to supply families with the celebrated Gambrinus keg or bottle beer, delivered free of charge to any part of the city. Telephone 34. Johnston's cash store, next door to A. M. Williams & Co., is the place to get bargains in groceries. Trouble in Chinatown. The Chinese quarter of First street was all in a ferment last evening about 8 o'clock. It was one of those so-called, intertwined rows that seem so dear to the Chinese heart, but which no white man up to this date has ever fully unravelled. Quong, an ex-merchant, and Ju-Sing were up before Recorder Phin this morning, but they were entirely different persons, which deep the general nature of

the row have no apparent connection with one another. Quong, it seems, recently suspended business, owing several sums of money in Chinatown. These it was proposed to collect in a Chinatown, partly out of his hide, last night, when he drew a pistol and stood them off. There was also a woman in this case, but just how much is still a mystery. Ju Sing is charged with disturbing the peace, the peace that was disturbed being a high China-Masons meeting, given in honor of some very visiting dignitary of the order, or highlander. It is hard to see any connection between these cases yet there must be, either the highlander court was sitting on Quong's case with Ju Sing as a jury, or Ju Sing was a witness in the case, or the grapple with the mystery, but tumbled on one of them to the tune of \$10, and holds the other until 4 o'clock this afternoon by the strong tenure of all his jewelry to appear. Later—Quong got away this afternoon under our office for the space of about a minute when he was routed out and so far as we know is still running. In Memoriam. Died at his residence in this city on Thursday morning, September 3, 1896, Henry A. Dietzel, aged 71 years. Mr. Dietzel was a well-known and highly respected citizen of The Dalles, having moved to Oregon from Illinois five years ago. Mr. Dietzel came to this place for the purpose of residing near his sons, who had preceded him to this place. He was born in Greifenberg, Silesia, Prussia, on August 15, 1825, and moved to America in 1849. He leaves surviving him his wife and a family of three sons and one daughter, all of whom will be missed by the many who are all well-known and highly respected business men of this place. Mr. Dietzel was a robust man and enjoyed the best of health up to Saturday August 22d, when he was taken suddenly ill, and from the first it became apparent that he could not recover. He gradually grew worse until the end came peacefully at 3 A. M. Wednesday, Mr. Dietzel lived a consistent, upright life, and was known by all who knew him as the soul of honor and honesty. In matters of religion his views were liberal. He was not a member of any church, but he held to many particular creeds, but his life was so pure might well inspire the emulation of any good citizen. The funeral will take place from the family residence in this city on Saturday, Sept. 5th, at 2 o'clock. The funeral service will be under the auspices of the Masonic order, of which he has been an honored and respected member for many years. Land Transfers. He leaves surviving him his wife and a family of three sons and one daughter, all of whom will be missed by the many who are all well-known and highly respected business men of this place. Mr. Dietzel was a robust man and enjoyed the best of health up to Saturday August 22d, when he was taken suddenly ill, and from the first it became apparent that he could not recover. He gradually grew worse until the end came peacefully at 3 A. M. Wednesday, Mr. Dietzel lived a consistent, upright life, and was known by all who knew him as the soul of honor and honesty. In matters of religion his views were liberal. He was not a member of any church, but he held to many particular creeds, but his life was so pure might well inspire the emulation of any good citizen. The funeral will take place from the family residence in this city on Saturday, Sept. 5th, at 2 o'clock. The funeral service will be under the auspices of the Masonic order, of which he has been an honored and respected member for many years. Land Transfers. J. A. Crossen, P. M. Don't think that your liver needs treating if you are bilious. It don't. It's your stomach. That is, your stomach is really what causes the biliousness. It has put your liver out of order. See what's the matter with your stomach. Sick stomach poisons liver and then there's trouble. Shaker Digestive Cordial cures stomach and then all's well. That's the case in a nutshell. Shaker Digestive Cordial is no secret. Formulas on every bottle. But it's the simple honest way it's made, the honest Shaker herbs and other ingredients of which it's composed, that make it so efficacious. Any real case of indigestion and biliousness the best cure is a few bottles of Shaker Digestive Cordial. Try it. Sold by druggists, price 10 cents to \$1.00 per bottle. The Dalles' woolen mill is getting out samples of goods to be placed on the market and Mr. Shaw expects to have it in full operation by the first of next month. With a uniformity to The Dalles it was that the mill was not located here instead of at Dallas. From ten to a dozen loads of wheat are received daily at the warehouses in the East End. It was one of those so-called, intertwined rows that seem so dear to the Chinese heart, but which no white man up to this date has ever fully unravelled. Quong, an ex-merchant, and Ju-Sing were up before Recorder Phin this morning, but they were entirely different persons, which deep the general nature of

Coming. I desire to say to the public that rumors to the effect that W. S. Geary the piano tuner is not coming back are without foundation. He will be here without fail shortly, and if Mr. Acrold, the tuner now here, doubts it, Mr. Jacobson can show him his authority to publish the notice that has appeared in the daily papers. I don't think Mr. Acrold will gain anything in the long run by telling falsehoods. I further might say that as W. S. Geary is a tried man and through mechanic he shall have all the work of the Jacobson Book & Music Co. who will not employ every tuner or believe the little stories they sometimes tell to obtain work.
