IS THIS NOT COERCION?

The Goodyear Rubber Company Tell Their Laborers What They May Expect. The rule of the corporations is on, says the Portland Dispatch. Their first gun in behalf of McKinley was fired yesterday afternoon. The campaign was inaugurated by the Goodyear Rubber Company, one of the greatest monopolies in the country. The Goodyear company has begun the fight in a way that is peculiar to all rich, dominating corporations. It uses what, to all intents and purposes, is intimidation, and therefore a violation of the federal election laws. It has done nothing more nor less than cause to be posted in conspicuous places in its retail store on First and Oak streets the following typewritten notice, or to define it more properly, threat:

"The stockholders and officers of the Goodyear Rubber Company wish to have it distinctly understood that a vote for Bryan and Sewall on the part of any of its employees will be regarded as an act committed directly against the welfare of the company and its employees, and any employee working for or voting the above mentioned ticket in the coming election may expect to be regarded by the officers as antagonistic to the company.

(Signed) R. H. PEASE, Vice president and manager, per A. M. Minott.

There are two such notices posted in the Goodyear company's store. One is on the window of the manager's office, where the attention of every clerk and errand boy passing in or out. The other is posted on a supporting beam of the elevator in the shipping department, which faces on Oak street, where it may be seen by every man in the corporation's employ.

The Goodyear company, which has adopted such questionable means to further the election of McKinley, is one of the larger, if not the largest, corporation manufacturing and dealing exclusively in rubber goods in the nation. Its headquarters are far up into the millions. It is an octopus, and its arms are stretched over all parts of the country. Its factory is located at Akron, Ohio, and its head officers are fast friends of Major McKinley and firm believers in the doctrine of Matthews.

The Goodyear company is not the only trust that is compelling its employees to support McKinley and Hobart. Many other wealthy eastern corporations are doing the same thing, but their head offices have not had the courage of their own convictions, and they dare not post notices informing their employees that a vote for Bryan and Sewall will be inimical to their (the corporation's) interests.

Thus the "campaign of education" goes merrily on. Before the week is out, it is probable that every local corporation and every foreign corporation having offices or depots here will have their employees educated to such a fine point that they (the wage earners) will be fully possessed of the knowledge that a vote for Bryan and Sewall will mean discharge and disgrace for their portion. For the force law is now in effect until after the election.

DROWNED IN THE COLUMBIA. Husband and Wife Go Down in the Mad Waters. Just before dusk Monday George Turner and wife and James Johnson, commonly called "Jinks," were on the river in a small boat just above Al Davis' fish wheel, one mile east of The Dalles, when the current, which was very strong at that point, began pulling them toward the wheel. Turner became frightened, and in his attempt to throw the boat away from the wheel, knocked one of the oars out of Johnson's hands. This threw the boat under the wheel and Mr. and Mrs. Turner into the water, while Johnson managed to get hold of a rope and scrambled upon the shore. In his effort to save himself Johnson lost sight of Mrs. Turner, and she was carried by the wheel. The water is very dangerous in the vicinity of where they were drowned and it is possible the bodies will not be recovered.

All three of the parties were colored people, and the Turners have resided in The Dalles many years. Mr. Turner being a son of the late Mrs. Whitaker, who died in a Portland hospital a short time ago.

Bryan to Speak There for the First Time.

TOLD IN PUBLIC

Palmer and Buckner Received the Notification of their Nomination at Louisville Last Saturday.

Disastrous Railroad Accident Near Arata—McKinley Received Another Delegation and was Driven in Doors by a Severe Rainstorm.

WASHINGTON, Sept. 13.—Bryan will make his Washington speech from the east front of the capitol, if the present front is adhered to. He is to be in this city next Saturday, the 19th inst., which is the 100th anniversary of Washington's farewell address. The local committee having charge of the reception conceived the idea of making the occasion a celebration of the anniversary and concluded that in so doing no more appropriate place could be selected than the capitol grounds. They accordingly made application to Vice-President Stevenson and Speaker Reed, in whom the law vests the control of the capitol grounds. Telegrams asking permission to hold the meeting there were sent out Monday. The president responded promptly, giving his sanction, but Mr. Reed's reply was not received until some time later, though he was willing.

It is now the intention of the committee to erect a platform on the east front of the capitol, where the inaugural addresses of the presidents are made. The grounds in front of the stand afford standing room to 40,000 or 50,000 people. General Black, chairman of the national association of democratic clubs, has issued an address inviting the members of the country to celebrate the anniversary by meeting and reading the farewell address. He says in his letter that the request is made at the suggestion of Mr. Bryan.

PALMER AND BUCKNER. Formal Notification of National Democratic Candidates.

LOUISVILLE, Sept. 12.—Thousands of national democrats did honor to the nominees of their party for president at the annual meeting of the Auditorium tonight. The occasion was the formal notifying of the candidates of the action of the Indianapolis convention. Senator Caffery, from the far South, in words of warm personal friendliness, made the speech of welcome. John M. Palmer, the honor-headed general, who tomorrow turns his three-score and 10 years.

Sectionalism was again disregarded when the eloquent New Yorker, Colonel John R. Fellows, tendered to General S. B. Buckner, a gallant Confederate, the honor of second place on the national ticket. The speeches of these four gentlemen, together with messages of hearty sympathy from the leaders of the movement who were unable to attend the notification ceremonies, furnished the inspiration for repeated outbursts of enthusiasm.

The whole system is drained and undermined by indolent slaves and open secret. De Witt's Witch Hazel Salve specifically treats the various forms of skin cure known. Snipes & Kinsley Drug Co.

EUREKA, Cal., Sept. 13.—A fatal railroad accident occurred this afternoon five miles north of Arata, which resulted in the death of four persons and the maiming of several others.

LONDON, Sept. 12.—(Copyright, 1936, by the Associated Press.)—The dominant note of the moment is that Turkey is to take action in regard to Turkey's claims on the Aegean islands. The sultan is openly talked of in quarters where heretofore the slightest intimation of Turkish authority has been viewed with disfavor.

Everywhere on the Continent, in Great Britain, and in Constantinople, it is thought a plan is being discussed to supersede the sultan, and there is no doubt but that Great Britain will be the leading spirit in the new movement. She is even prepared to act alone if the powers are too slow in co-operating with her.

AND SO IT FAILED

Texas Populists are True to the Cause of Silver and Refuse to Fuse in McKinley.

McKinley Entertains a Delegation of Veterans—In Colorado the Populists Accept Bryan and Sewall as their Standard Bearer.

NEW YORK, Sept. 11.—Information has reached this city that the steamer Three Friends, which left Jacksonville last Friday, has again been successful in landing an expedition in Cuba, in spite of the watchfulness of the Spanish war vessels which constantly patrol the coast. The expedition was landed yesterday at Matanzas. The Spanish navy department exerts its greatest vigilance on the coast of Pinar del Rio province, where a few weeks ago it was reported that the Cuban leader, Antonio Maceo, was in sore need of ammunition and clothing for his troops. The landing was effected last Monday near Bahia Honda, where a detachment of Maceo's forces which had been sent to wait for the arrival of the expedition took charge of it the moment the cargo reached the beach.

While it is alleged that Dr. Joaquin Castillo, chief surgeon of the Cuban army, and subdelegate in the United States of the Cuban rebel government, is well known in Cuban circles in this city that the military commander of it was Brigadier Juan Eiza Rivera, a native of Porto Rico, who fought in the Cuban army during the 10 years' war.

The cargo which was landed consisted of 1108 rifles, 460,000 rounds of ammunition, one pneumatic dynamite gun, 2000 pounds of dynamite, 1000 pounds of lead, 1000 pounds of iron and steel, and a large supply of clothing and stores. The rifles are especially adapted for the Mauser cartridge used by the Spanish army, a supply of which the Cubans allege can be captured or purchased from the Spaniards.

COLORED POPULISTS.

Fused With Silverites and Signed Bryan and Sewall.

PEUBLO, Sept. 11.—Bryan and Sewall electors and fusion with the national silver party, with a populist for governor, is the result of the session of the people's party convention. Morton S. Bailey, judge of the district court at Pueblo, was elected to preside by acclamation for governor. Final settlement of the question of Sewall or Watson was reached by withdrawing the resolution which caused such an uproar last night, instructing Thomas M. Patterson, the populist on the union ticket, to accept Bryan and Sewall for Watson, if so doing would not elect Hobart. Patterson said he could not accept such instructions, and if it were given he must decline the nomination.

This paved the way for fusion with the silver party convention in Denver, and after two days of waiting, matters began to crystallize. Mr. Patterson was given full power to treat with the silver party, negotiations with the democrats and silver republicans being declared off at the morning session for an honorable failure on Bryan, Sewall and a satisfactory state ticket, with Judge Bailey at the head.

ON THE MCKINLEY LAWN.

The Republican Caudillo Receives a Vermont Delegation.

CANTON, Sept. 11.—The day's demonstration of McKinley law is opened early with auspicious weather. The Vermont delegation was the first to arrive. It was greeted with great enthusiasm. The party of 108 included ex-Governor Woodbury, Lieut. Governor Mansfield, Congressman Henry H. Powers, Senator Proctor, Governor-elect Grout, Lieut.-Governor-elect Fish, General M. J. McCullough and ex-Lieut.-Governor F. S. Strayman. In presenting the delegation to McKinley, national committeeman Childs said:

"Five thousand patriotic democrats joined with nearly 50,000 republicans in Vermont in declaring for financial honor, rule of law, safety of republican institutions and for McKinley for president."

In responding McKinley said: "The Green Mountain state is endeared to all of us by traditions and history, in our song and story, but above all in the good work manifested in the glorious results of the recent election."

Gold Flowing into New York.

NEW YORK, Sept. 11.—Lazard, Freres & Co. deposited \$3,000,000 on the treasury in exchange for legal tender notes. The bank also deposited \$3,000,000, making the aggregate amount received \$3,272,500. There has been deposited at the treasury up to 1:30 today, \$3,000,000 gold.

THE DEAL FELL THROUGH.

Texas Populists Will Support Bryan and Watson.

DALLAS, Texas, Sept. 11.—The populist state executive committee, after a day's secret session, adjourned last night. This morning Chairman Bradley gave out two resolutions adopted. The first recognizes Bryan and Watson as the national ticket of the party. The second a denial in toto of the democratic newspaper charges of a deal between republicans and populists to carry the state officers for the latter and the state for McKinley electors.
