

ITEMS IN BRIEF

From Wednesday's Daily: William Wiseman returned last night from a visit to Portland. I. Scheel, of Prineville, went to Pendleton on last night's train. Mrs. Mary Eriton went to Portland this morning for a few days' visit. The funeral of the late Mrs. Foley took place from the M. E. church at 2 o'clock this afternoon. Miss Stella Patty, of McMinnville, is visiting her cousin, Mr. and Mrs. C. F. Stevens in this city. H. H. Riddell got home this morning from Sherman county where he had been attending court. John Gray, government contractor at the Warm Spring agency, took the stage for that place this morning. General George H. Williams, of Portland, will speak in the Vogt opera house next Saturday night at 8 o'clock. The grand jury in session at Moro returned a two bill yesterday against Frank Watkins for the larceny of a horse. Mr. and Mrs. John Campbell, who have been visiting in the city the past few days, left today for their home at Prineville. N. O. Hawthorn, of Portland, is in the city having arrived on last night's train, and will remain here a few day-visiting friends. Attorneys W. H. Wilson, E. H. Riddell, B. S. Huntington and E. B. Dufur, of this city, have been in attendance on the circuit court at Moro. Miss Phelomena Champagne, who has been visiting Mr. and Mrs. Otto Birgfeld the past two weeks, left this afternoon for her home in Roseburg. The uniforms for the McKinley troupe arrived this morning from the east, and will be brought into service at the next McKinley rally in this city. Messrs. J. P. Combs and W. F. King arrived here from Prineville today. Mr. Combs will remain in the city a few days and Mr. King goes to Portland. The Dalles is not alone in its typhoid fever epidemic. The disease appears to be prevalent all over Eastern Oregon, cases of typhoid being reported from all sections. Hereafter the Portland local, which in the past has left The Dalles at 2:30 P. M., will leave promptly at 1 o'clock. Trains will please take notice of the change in schedule. The crowd that greeted Senator Mitchell at the Vogt last Friday night will be small when compared with that which will fill the same building tomorrow evening to listen to Sylvester Pennoyer. Charles Butler, the beef and mutton buyer of Port Townsend, arrived on today's local. He says it is now no longer a question about Bryan carrying Washington, and all anybody figures on over there at present is what his majority will be. The farmers throughout the country who some six years ago gave their notes in payment for Bogie's steel ranges are being called upon for a settlement. Two of Bogie's collectors are scouring the country insisting on the payment of the notes. The O. R. & N. is doing an immense freight traffic business at present, moving the wheat out of the farming country to the east. Long trains of cars to the number of ten or twelve pass down the road daily loaded with wheat from Sherman, Umatilla, Morrow and Gilliam counties. Yesterday the case of the state vs. M. E. McElvane was tried before a jury in the circuit court at Moro. McElvane was indicted for raising a note from \$200 to \$210 and having sold it to the First National bank of Wasco. Messrs. E. B. Dufur and W. H. Wilson of this city appeared for the defendant. Yesterday afternoon L. T. North was given a preliminary hearing before Justice Fillon, on a charge of having made an indecent exposure of his person, and was held in bonds of \$250 to appear before the next grand jury. Falling to furnish bonds, he was remanded to the custody of the sheriff. It is greatly to be regretted by the gentlemen of The Dalles, that they will be unable to attend the matinee to be given next Saturday, under the management of Miss Grubb, of Portland, but such is the edict which has gone forth. We will give in our next issue the cast of characters. The rehearsals are being held nightly and by half past two o'clock Saturday afternoon will be completed one of the most interesting events ever witnessed in our city. A gentleman who has made a pretty careful poll of the vote of Crook county writes that there will be but four precincts in the county that will give a majority for McKinley, and the majority in these will be more than overcome by the majorities for Bryan in the other precincts. He also states that the republicans of Crook are heartily tired of Prof. G. M. Irwin and are denouncing the state committee for sending him into their midst, since the speeches he is making are converting voters to Bryan right along. (From Thursday's Daily) Alex Faragher, of Portland, is visiting in the city. Miss Rachel Morgan is quite ill with typhoid fever. Hon. Bernard Goldsmith, of Portland, is in the city. The Portland local now arrives at 11:30 and leaves at 1 P. M. R. Lane returned to his home at White Salmon this morning. Rev. J. L. Birescher, of Hood River, returned home on the afternoon train. John Le is in taken charge of the section hands on the O. R. & N. line here. Miss N. Wright, who has been visiting in the city, returned to Lyle this morning. E. J. Sloum, of Hopedale, is in the city last night and left this morning for Portland. W. W. Brannin, of Portland, is in the city working in the interest of the Portland Tribune. Rev. O. B. Whitmore, of Portland, is in the city working in the interest of the United Artists. Messrs. C. L. Carr, L. Kelly and G. E. Wagner, government timber inspectors of Wisconsin, are in the city. The ladies Aid Society of the Christian church will serve a hot dinner and supper down town on election day. They will have part of the tables

decorated in free silver and others in solid gold. Everybody come, you will be suited. A Bryan club was organized at Stevenson, Wash., last night with a large membership, and a rousing meeting was held. Mrs. J. G. Downie, who has been visiting her brother, Sidney Young, in this city left this morning for her home at Vancouver. Larry Hays, who has for a long time been driving an engine between here and Wallula, was today transferred to the Western division. Yesterday, at Shedd's, Lino county, Edward Farwell was shot and dangerously wounded by Miss Thompson, whom he had seduced. Mrs. B. D. Stores, one of the early residents of The Dalles, but now of St. Helens, is visiting in the city, the guest of Mrs. J. T. Stores. John Karlen, M. E. Welch and Malcolm McLennan, who have been back to Chicago with a shipment of sheep arrived here this morning. The Bryan club at Cascade Locks has a membership of 70 and the roll is increasing daily. The club holds meetings every Saturday evening. Mr. and Mrs. Wm. Shaw started for Missoula, Montana, today. They have been visiting Mrs. Shaw's mother at Barst Ranch the past three weeks. The leap year social which was to be given next Saturday evening by the Good Templars has been postponed for one week and will be held Oct. 17. It reports are true Skamania county, Wash., is comparatively unanimous for Bryan. In two precincts in that county they could not even find a republican to serve on the election board. During the rapid firing in Joseph last week, while the bank robbers were trying to escape, a bullet found a billet in a horse belonging to M. Englehorn. The horse was killed. This morning seven cars of sheep were shipped from Saltmarsh & Co.'s stock yards. Six cars went to Troutdale and one to Tacoma. The sheep were bought from Alex Thompson. A large audience assembled at Dufur last night to listen to Hon. J. K. Weatherford. Reports are made that the speech was well received, and was fruitful of good results for Bryan. Next Saturday night Hugh Gourlay will address the McKinley club at Lyle. Mr. Gourlay will devote most of his time from now until the election doing missionary work for McKinley in Klickitat county. About 40,000 pounds of wool has been baled and shipped to Boston from Heppner during the past week. This wool was all purchased at prices ranging from 44 to 46 cents per pound, by Charles Green, for J. Koshand & Co., of Boston. Judge Bennett came up on the local at noon today for the 1 o'clock train. The judge spoke in Oregon City last night and will speak in Portland tonight. He brings good accounts from Western Oregon, and says Bryan will get large majority in most of the counties outside of Multnomah. The report of the superintendent of the state penitentiary for the quarter ending Sept. 30, shows the following: Convicts at close of last quarter, 466; close of this quarter, 343; escapes during this quarter, 12; discharged during this quarter, 70; daily average, 371.60. The total expenditures for the quarter were \$18,884.41. Circuit court at Moro adjourned yesterday, and Judge Brabshaw, W. H. Wilson and E. B. Dufur returned from there this morning. M. E. McElvane, convicted of forgery, was sentenced to two years' imprisonment. His attorneys, E. B. Dufur and W. H. Wilson, took an appeal to the supreme court, and McElvane was admitted to bail awaiting the decision of the higher court. One Christian gentleman says alesia is going strong for Bryan, he was there and talked with people; another gentleman who was there and talked with people says it is going for McKinley. This is a good sample of the situation all over the U. S. One says this and another says directly the opposite. We will all know more about the business after November 3.—Albany Democrat. A rather laughable incident occurred near Dufur Tuesday afternoon. Two gentlemen who were driving away from Dufur in a wagon, noticing a six-horse rig approaching and supposing it contained the speakers who were to address the McKinley club, turned their wagon across the road and intended to turn in the wagonette that he held not far further unless his passengers would hurrh for Bryan. They gave a good hearty Bryan yell, and were allowed to pass on. They were not McKinley speakers however, but delegates to the Christian Endeavor convention. From Tracy's Daily There are now 1,100 patients in the insane asylum at Salem. F. A. Seufert and family went to Portland this afternoon. Miss Lizzie Bates has gone to Portland for a few days' visit. W. B. Frey, a leading attorney of Goldendale, is in the city. Mrs. Singer, who has been visiting Mr. and Mrs. R. E. Williams, returned today to her home in Oregon City. Mrs. L. Newman and family left today for Portland, at which place they will make their home in the future. The attendance at the state fair was better yesterday than on the opening day, but it is less than the usual attendance. Thirty-seven members of Geasung Verein will go to Portland tomorrow afternoon to attend the anniversary of the Turners. Gov. Pennoyer and Hon. J. K. Weatherford left on last night's train for Pendleton, where a grand Bryan rally will be held tonight. Large quantities of Klickitat county wheat have been received at the Diamond Mills in this city, from 30 to 30 teams arriving daily from across the river. Mrs. J. C. Hostetter and Miss Alice Hostetter left on last night's train for Kansas. Mrs. Hostetter goes to Concordia to visit for two months, while Miss Hostetter returns to her home in Glascow. The seeker for variety and quantity of anything in the dry goods line need go no further than N. Harris' store, corner Second and Court streets. The new fall stock in that establishment affords the widest possible range for making selections. All members of Geasung Verein Harmonizing to participate in the celebration at Portland, are requested to assemble at the depot in this city at 12:30 P. M. tomorrow, Saturday, Oct.

10. All those holding receipts for their transportation will receive their tickets in the car. Word was received here today of the death of Rufus A. Roscoe at Victoria, B. C., last Monday. Mr. Roscoe was for many years a respected citizen of The Dalles, having left here about four years ago. He leaves a wife and two children to whom the sympathy of this community is extended. Tomorrow evening Hon. Geo. H. Williams will address the people of The Dalles and vicinity, advocating the election of Major McKinley. General Williams is a gentleman whom all Oregonians respect for his ability and integrity, and even though they do not agree with him in his political views, they will be pleased to hear him talk on any subject. A. T. Doyle's home in Pendleton was burned Wednesday afternoon, and Mrs. Doyle and children were obliged to flee from the flames, saving absolutely nothing. They occupied one of Harry Hexter's houses on the hill, across the river in North Pendleton, beyond T. G. Halley's yard. Mr. Doyle is now working at McLaglen's sawmill, 45 miles southwest of Pendleton in the Polts county. The coroner's jury decided in the case of Mrs. Savage and her three children, who burned to death near Summit in Benton county, last Saturday, that they came to their death by fire, the cause of which was unknown. The remains of the four bodies were buried in King's valley cemetery, the bodies were buried to each small mass that there was need for but one casket and one grave. A gentleman named Ivanho, through being too galled, has gotten himself into a bad scrape at Enterprise. The other day Mrs. W. Dufur was laboring R. C. Gregg with an umbrella, and in an effort to protect himself, Gregg was compelled to resort to some force. At that juncture Ivanhoe came along, and supposing the man was the aggressor drew a pistol and shot him twice, one hitting a serious wound in Gregg's jaw. Hamilton's Wizard Oil and Concert Company open a week's engagement in the opera house next Monday night, Oct. 12th. Their program consists of choice vocal and instrumental music, refined specialties, laughable comedies, and a funny little man only 40 inches high, who was with them when they visited our city two years ago. Every part of their program is conducted in a moral refined way, so bring the ladies and children to see them Monday night. The admission is only 15 cents to any part of the house, and you get 75 cents worth of refined amusement. "For five weeks I lived on cold water, so to speak," writes a man who suffered terribly from indigestion. He could hardly keep anything on his stomach. What saved him, wasn't properly digested and gave him terrible pains. This is not an uncommon case. Dyspepsia is not a stomach ailment. They are generally thin and weak. They may eat enough, but they don't digest enough. Much of what they eat turns into poison. If this poisons on you, no telling what disease they may get next. That's why it is best to take Shaker's Digestive Cordial, as soon as symptoms of indigestion appear. It cures all the evils of indigestion, and prevents the evils which indigestion causes. Sold by druggists, price 10 cents to \$1.00 per bottle. THE STATE FAIR Attendance Light on the Opening Day This Year. The 26th annual Oregon state fair opened on the fair grounds here today with a light attendance, says a Salem dispatch yesterday. Public expectation was not very high this year, and no expressions of great disappointments were heard. Superintendent Savage had gotten most of the exhibits in place, and at noon the doors were thrown open to the public. The pavilion is not so well filled as it has been in former years, yet there are some creditable displays. The state agricultural college, the reform school and government Indian training school occupy a large part of the pavilion space. The agricultural college alone occupies a space 60x32 feet. There are small county exhibits from Union and Jackson counties. Agricultural products gathered from different portions of the state by Superintendent Savage, occupy a corner of the pavilion. Among the new exhibits this year is a display of the fax industry. This is furnished by A. W. Thornton, of Tacoma, Wash. He has a small collection of fax samples grown on Puget sound, and exhibits the process of breaking, scutching, rippling and hackling. A sample of the product of the Pioneer stone quarry is also on exhibition for the first time. To Be Sold at a Bargain. Some months ago we sent one of our pianos to Spokane, Washington. The party who ordered it became involved in financial difficulties and was unable to purchase it. We then transferred it to Mr. C. N. Nicholson, of The Dalles, who has been storing it for us during the last few months. We do not wish the piano reshipped to us because that will involve a considerable expense of freights. We are therefore willing to sell the piano actually below cost. The piano is the best we manufacture, listed in our catalogue for \$1200, retail price \$640. We offer it, with stool, scarf and lamp, to anyone who will buy within the next thirty days, for \$275. This is an opportunity to get a first class piano at absolutely less than cost. Everyone who intends to buy a piano should at all times see this instrument and consider this offer, before making a purchase. The piano can be seen at Mr. C. N. Nicholson's at any time. We have authorized Mr. Nicholson to accept this price for it. WIND & SON. Land Transfers. A. S. Blowers and wife to Charlotte E. Early, 12 acres in sec 24, t 3 n, r 10 e, \$100. Nathan Harris and wife to Ella Hardwick, lot 1 block 2 Fort Dalles addition to Dalles City, \$1. P. A. Snyder to A. S. Blowers quit claim deed of sec 26, n 1 nei, n 1 nei, sec 21 sec 22, t 2 n, r 10 e, \$10. Kate B. Jameson to C. R. Bone and N. F. Davidson, nei sec 21, nei sec 11, t 2 n, r 10 e, \$1800. W. A. Wood to Mary S. Wood, nei sec 33, nei sec 34, t 1 n, r 15 e, \$1000. Pills Do Not Cure. Pills do not cure constipation. They only aggravate. Karl's Clover Root Tea gives relief. For sale by M. Z. Donnell.

EX-GOVERNOR LUCE It is Claimed That He Will Support McKinley, but Will He? Hon. Cyrus W. Luce, twice governor of Michigan, has for years been one of the strongest advocates of the free coinage of silver in the republican party, and it is a pretty reasonable to suppose he would be found on the side of Bryan in this campaign, however the Associated Press claims to have direct statement from him that he will not. As evidence of what position he will take in the present controversy, the Associated Press, published at Chicago, Michigan, prints the following letter from the ex-governor: "In 1878 the Bland-Allison act was passed. This restored the legal tender rights to silver. It also provided for the coining of \$2,000,000 monthly by the treasury. This bill had the same predictions were loudly made that we hear now, that gold would forever take its departure if the bill became a law, but during the twelve years it was in force we more than doubled our supply of gold and paid more than a billion of the national debt. Further application of the subject gave to the Sherman bill. During all this time both parties were pledging this country to the use of both gold and silver as standard money. With this promise so far as the gold standard was concerned, although neither of the bills gave to silver its birthright. But when President Cleveland declared that silver must go, I, in common with many others, took alarm. At that time I thought the republican party was in a bad way, and I thought it was a matter of time before they would be driven to the right. I thought that if I could only get a letter to a friend, in only on an inquiry similar to the one you make me now. In that letter I outlined the results of an unconditional repeal of the Sherman law. Suffice it to say that my worst fears have been realized. I said then and now repeat that there is not a cent of gold in the world to serve as a sole measure of value and sustain established prices. For selling purposes the shrinkage in values of the average property has been at least 25 per cent, and this is to be continued in some way, gold is given assistance in the discharge of duties imposed upon it. The measure of values is made larger and larger and necessarily the prices of products grow lower. This inflicts an awful injustice upon the debtor class including the government itself. The only relief is to authorize the use of silver as an assistant to gold. Their use as money has given to both of these metals a large share of their value. The immediate restoration of silver to its true position would doubtless create some disturbance, but I do not share the apprehensions of those who are so afraid of it. I am very anxious for such an adjustment as will maintain the parity of the two metals yet if this cannot be done, speaking in the name of eternal justice, I prefer to run the risk of free coinage and silver monometallism to fail to follow the road we are now traveling." THE THIRD BRYAN RALLY. A Very Large Audience Greeted Mr. Weatherford at the Baldwin. When the Bryan file and drum corps marched through the streets of The Dalles Tuesday evening announcing the opening of the Baldwin for the third Bryan rally, people began pouring in from all directions and in a remarkably short time that spacious hall was filled to the very top. Mr. Weatherford was introduced by Judge Story, president of The Dalles Bryan club, and at once entered into a discussion of the money question, and frequently quoted from Mr. Blaine and Mr. Mitchell to show that the contention of the free coinage party, the demonetization of silver, is the cause of the present depressed conditions which have grown upon the country, reducing the price of labor and its products gradually since the enactment of the coinage law of 1873. To remedy this condition the speaker held the only method in the opening of the mints to the unrestricted coinage of all the money metals that might be presented. In closing, Mr. Weatherford paid a glowing tribute to Bryan, whom he pointed out as the candidate, not of any particular party, but of the masses of the people, one in whom all would find a friend and an advocate, one who would administer the government in the interest of the masses, and not for a favored few. Mistaken Identity. A few days since an item appeared in these columns announcing the birth of a nice, bouncing girl in the family of Ed Mays, and many readers supposed the new arrival was in the family of Ed, the rising young man of Oregon, and popular society man of Portland, who formerly resided in this city. Acting upon this supposition, Postmaster Crossen wrote Mr. Mays, congratulating him upon the happy event, and has received a reply stating that it is not our Ed, who is the happy father; in fact he declares he has no intention of becoming a father, having not yet been able to prevail upon any fair one to enter into a life partnership and share his home and fortune. The Ed Mays who is the father of the new rising young American citizen is a gentleman in the employ of Winans Bros. and not Ed whose early life is connected with the cares and vicissitudes of Hall's society circles. Presidential Electors. Secretary of State Kincaid on Tuesday, October 6, 1936, certified that the following-named persons were duly nominated for presidential electors to be voted for on November 3, 1936, at the general election to be held in Oregon on that date: Republicans—J. F. Caples, T. T. Geer, E. L. Smith, S. M. Moran. Peoples, Democratic, Silver Republican—N. L. Butler, E. Hofer, W. H. Spang, Harry Watkins. Prohibition—D. Bowerman, C. J. Bright, Leslie Butler, C. E. Hoskins. National Democrats—Lea B. Cox, Alexander M. Holmes, Frank A. Seufert, Curtis J. Trenchard. The Christian Endeavor's at Dufur. The delegates to the Wasco County Christian Endeavor convention, which met in annual session at Dufur Tuesday and Wednesday, returned this morning. A most interesting program was carried out, and plans laid for vigorous work during the coming year. Three addresses were made during the process of the session, the first of "Missions Work," by Rev. J. L. Hershner, of Hood River, Tuesday evening; the second by George Ernest of The Dalles, on "Christian Endeavor and Christian Unity," on Wednesday afternoon, and the third on "Christian Endeavor as a Reform Movement," by Rev. J. W. Jenkins of The Dalles, Wednesday evening, all of which were

well received. The officers elected for the present year are as follows: President, E. H. Merrill of The Dalles; vice president, J. O'Brien of Dufur; secretary, Mrs. C. E. Bayard of The Dalles; treasurer, Miss Margaret Sholly of Hood River; junior superintendent, Mrs. Miller of Hood River. NO NEED FOR ALARM. Taking the Dredger Enterprise to Portland Will Not Affect Work at Cascades. The fact that the dredger Enterprise, which Day Bros. brought from Portland to dredge out the upper end of the canal at Cascade Locks, failed to perform the work and had to be taken back to Portland, caused considerable uneasiness in this city, lest this would hinder the opening of the locks, but the fear seems to be without foundation. On hearing the report the TIMES-MOUNTAINAINEER wrote Messrs. Day, and the contractor, and they stated that they are constructing a dredger of their own which will be in readiness to operate within ten days, the work now completed, and machinery for the dredger is on the way to Cascade Locks. Further they say the canal leading to either end of the canal is now open sufficiently to admit the passage of the largest boats on the river, hence if the remaining dredging is not completed by the time the canal is finished it will not interfere with traffic. Through the contractors expect to have the canal completed, and the dredger to be in operation to traffic on the river by that date. This morning the contractors began laying the fifth tier of stone on the south wall, and in the rate of two tiers in three days, which they are able to lay, the canal will be finished before the specified time. Taking everything into consideration, there is no immediate cause for alarm regarding the completion of the canal by the 15th of next month. The Rally at Wapinitia. Wapinitia, Oct. 7, 1936. Thomas Harlan, of Mosier, opened the campaign here last night in a telling speech of nearly two hours, speaking to a good house of attentive listeners, and his speech had a telling effect upon those who were wavering. It is thought his address had the effect of changing many votes from McKinley to Bryan. Mr. Harlan stated that although he was a republican, he considered the great issue in this campaign was not a party measure, and that no man was bound to act with his party on this occasion. The financial question was ably and exhaustively discussed, and was shown as the most important issue of the campaign, while the tariff, Mr. Harlan considered could only be made of secondary importance. SUBSCRIBER. Made Unlawful Use of the Mail. Last night Deputy U. S. Marshal Humphrey arrived from Portland and this morning arrested Guy Leland Moulton, whom he took before U. S. Commissioner Huntington on a charge of sending obscene literature through the U. S. mail. The complaint is the sending of Moulton of having deposited in the mail car in this city on Sept. 28, a letter addressed to Mrs. Jennie Moulton at Albany, Or., that was obscene. Moulton waived examination and was held in bonds of \$200 to appear before U. S. grand jury at Portland, Oct. 13. Moulton was arrested by Marshall Humphrey. Moulton has been in The Dalles but a short time, perhaps a month, and has been running an establishment in the East End for dyeing and cleaning clothes. Letters Advertised. The following is the list of letters remaining in The Dalles postoffice unclaimed for October 9, 1936. Persons called on these letters will please give date on which they were advertised: Blalock, R. Y. Bunkler, E. T. Blimlock, J. S. Dutton, E. C. Dutton, Mrs. Dutton, Aaron Grubb, J. J. Hall, J. J. Hunt, E. Johnson, Aug. Johnson, Wm. Llewellyn, E. Lohrli, Konrad Lohrli, Frank Robertson, Jas. Robertson, Lillie Robertson, Ed W. Smiley, Thos. T. W. Wamer, Minnie N. Wamer, Grace Wilhelm, Frank Watkins, Mrs. J. A. Wilhelm, E. W. J. A. CROSSEN, P. M. The Garrotes. Following is the cast of characters for Howell's farce, "The Garrotes," to be rendered at the Baldwin opera house Saturday afternoon at 2:30 o'clock: Mrs. Roberts, the imprudent. Mrs. Roberts, her ravelled husband. Willis Campbell, a diabolical mischief maker. Mrs. Cashaw, the "dignity of the occasion." Mr. Bemis, the victim of the Garrotes. Young Mr. Bemis, son of the former. Young Mrs. Bemis, daughter of Dr. Lawrence. Bella, the maid. Dr. Lawrence, a match for Willis Campbell. Admission 25 cents, children 15 cents. Minnesota For Bryan. Dr. Charles Fogelberg, of Minneapolis, is visiting his brother, who lives near this city. He says that Minnesota is sure to vote for Bryan. With 80,000 populist votes, the free silver republican vote, and even two-thirds of the normal democratic strength the state will vote for Bryan 25,000 majority. It is also likely to vote for Bryan as thousands of farmers have left the republican party and will vote for Bryan.—Walla Walla Statesman. Excursion Rates Portland Exposition ROUND TRIP Including admission to the Exposition: Tickets limited to 3 days, \$2.25 Tickets limited to 5 days, \$2.50 Tickets limited to 30 days, \$3.00 Tickets must be procured at the office. W. C. ALLAWAY, Agent. MRS. C. NELSON'S RESTAURANT Will supply Chickens dressed and cooked to order. Also cooked meats on orders. No. 90, Second door from the Corner of Court St. Wanted—An Idea If you can think of a new idea, or have an old one that you can improve, or have a new invention, or have a new discovery, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new invention, or have a new method, or have a new process, or have a new machine, or have a new tool, or have a new material, or have a new substance, or have a new color, or have a new flavor, or have a new smell, or have a new taste, or have a new sound, or have a new sight, or have a new feeling, or have a new thought, or have a new idea, or have a new discovery, or have a new
