TWENTY-THREE TIMES.

Bryan Broke His Record for Number of Speeches.

THE WHEAT CROP. The Shortage in Europe Will Cause Heavy Shipments from the United States.

Senator Butler is Confident of Bryan's Success—Sarah Angle Wants Part of the Gould Estate—Swift Vengeance in Georgia.

LANSING, Mich., Oct. 17.—Michigan quid today in welcoming William J. Bryan, and the position acknowledged the compliment by breaking his own as well as all other campaign records. He spoke to 23 meetings, beginning at 7 o'clock this morning at Muskegon and ending at Lansing close to midnight.

The Dauntless got the arms from a small island at the lower end of Turtle harbor, where the Cubans have established a storehouse for supplies. The munitions of war, medicines and stores are taken to the islands by sailing vessels, and as the place is 50 miles south of here, there has been little danger of detection.

Excursion trains from adjacent towns had been carrying visitors to the city early all the afternoon, and the principal streets were crowded. Three meetings had been arranged here, one in a large clothing establishment to an audience of women, the second in the city hall, and the third in the city hall in front of the capitol.

It doesn't matter much whether sick headache, biliousness, indigestion, and constipation are caused by neglect or by unavoidable circumstances. Dr. Williams' Little Early Biscuits will speedily cure them. All S. W. Knealy Drug Co.

THE WHEAT CROP OF 1896. A considerable shortage in—All the European countries.

WASHINGTON, Oct. 16.—The European crop report of the agricultural department issued by the chief statistician says: Fifty million bushels would be a liberal estimate for the wheat crop of Great Britain.

The barley crop has been abundant and seriously injured in quality by rains. Hay and oats are short, not only there, but on the Baltic.

In France there is a material loss in wheat from bad weather.

In Germany the wheat crop is poor in average. It may be expected that the wheat import of 1896-97 will exceed the average and that a larger proportion than usual will come from the United States.

In Denmark wheat is a good average. In Spain the deficit of the year is estimated to exceed 24,000,000 bushels, more than double that of last year.

In Austria-Hungary wheat is under the average. In Russia there is a big deficiency in the wheat crop. The highest estimate puts the crop at 374,000,000 bushels, the lowest 300,000,000.

General opinion inclines toward the lower Russian shippers are now holding persistently above the market.

Theories of cure may be discussed at length by physicians but the sufferers want quick relief; and One Minute Cough Cure will give it to them. A safe cure for children. It is "the only harmless remedy that produces immediate results." Snipes & Kinsley Drug Co.

BUTLER IS CONFIDENT. The popular chairman expects fusion to accomplish much.

WASHINGTON, Oct. 16.—Senator Butler, chairman of the populist national committee, returned from Chicago this morning. He expressed himself as satisfied with the general outlook.

"There are only four states," said he, in which fusion has not been arranged—Georgia, Florida, North Carolina and Tennessee. An adjustment will be reached in Florida and Tennessee without a doubt. Georgia will be either for Bryan and Watson or Bryan and Sewall. Regarding the middle Western states, Ohio can be classified as doubtful, Indiana with fusion arranged is safe for Bryan, Illinois, Michigan and Iowa in the balance. I regard it safe to assume that the chances are even in those states, that is, two of the four will go for Bryan and silver. Kentucky is safe, but West Virginia and Maryland are doubtful, which chances strongly in favor of Bryan in the former.

In Maryland and the result will depend upon the republican farmers. If there is enough defection among them to offset the gold democratic defection in Baltimore, Bryan will carry the state.

A Great German Prescription. Diseased blood constitution and kidney, liver and bowel troubles are cured by Karl's Clover Root Tea. For sale by M. Z. Donnell.

WHEAT TOOK A JUMP. Unprecedented Rise in the Chicago Exchange—Wild Excitement Prevailed.

CHICAGO, Oct. 19.—Wheat made a record-breaking jump today. December option, which closed Saturday at 75c, opened this morning at 78 1/2c and advanced to 80c at the close of the day.

The wildest excitement characterized the trading. There was talk of possible failures. After a momentary reaction to 79c, December wheat soon went beyond the top figures, touching 79c several times within the first 15 minutes of business.

THE CARNEY HOLD-UP.

Particulars of the Raid on the Little Town. WHEAT GOES UP. Rapidly Advancing in Price Both in This Country and Also England.

Burglars Make a Raid on Oregon City—An English Paper Feels Bazaar Will Not Help McKinley—Train Wrecked.

GUTHRIE, Oct. 18.—Further particulars were received today of the raid on the little town of Carney, about 20 miles east of Portland, yesterday. About 9 o'clock at night six men armed and armed outlaws, supposed to have been headed by the notorious "Dynamite Dick," one of the associates of the Daltons, rode into the place and held up the town. Carney is a town of about 200 people.

The robbers entered the village from the north with a great show of firearms. Two of the outlaws entered the general store of B. Fouts and compelled him and his son to open the safe. After searching about 8:00 from them, they bound both the father and son, and then upon pursuit and carried them about two miles out of town and tied them to a tree.

In the meantime, the rest of the gang had entered the postoffice, but, failing to secure anything of value, they raided the hotel, compelling the proprietor and several guests to open their money, watches and jewelry. Several smaller stores were also raided.

Before entering Carney, the outlaws had taken the precaution to cut the telephone wires leading to Canby, so that there might be no chance of a failure.

During the raid, the bandits kept up a fusillade of bullets in all directions, terrorizing the inhabitants so that very little effort was made to resist the raiders. It was some time after the bandits had left before order could be restored and the pursuit begun.

Finally, after considerable delay, about 100 armed men began the chase. The pursuers were divided into three bands, and went in different directions. At dark tonight, the bandits had not been overtaken.

Pills Do Not Cure. Pills do not cure constipation. They only aggravate. Karl's Clover Root Tea gives perfect regularity of the bowels. For sale by M. Z. Donnell.

FIRE IN WOODBURN. A Whole Business Block Destroyed at That Place. WOODBURN, Or., Oct. 19.—One whole business block burned here tonight, and several large buildings nearby are threatened at late hour.

The fire so far has been confined to the block bounded by Front and First streets and Garfield and Fillmore on the north and south. The block of wooden buildings is totally wiped out.

The fire started by the explosion of a boiler in the drug store of W. G. Galt, in the center of the block. A customer came in for a small vial of benzine, and in some way the benzine exploded and ran on the floor, at once catching on fire and soon the whole room was in flames.

The fire soon communicated to the postoffice adjoining, spreading to F. M. Gammas's hotel, next to a drug store of A. L. Corvill, to W. A. Fasse's furniture store, to Louis Prevo's grocery and the hardware store of Louis Waldman. The contents of the postoffice were nearly all saved.

The fire spread slowly, owing to the absence of wind, but it was everyone was able to save most of his goods. The fire commenced at 8:30 o'clock and raged until 10:30 o'clock P. M.

As this city has no fire department, it was hard work to fight the flames, but great credit is due the citizens that they were threatened at late hour.

The total loss is estimated at \$28,000, with only about \$7,000 insurance.

Are You Sick? Miserable by indigestion, constipation, dizziness, loss of appetite, yellow skin, Shiloh's Vitalizer is a positive cure. For sale by M. Z. Donnell.

WHEAT GOES STILL HIGHER. An Advance of 3-4 Cents on the Chicago Board.

CHICAGO, Oct. 17.—After a session seldom equalled for excitement and the heaviness of its transactions, December closed today at 73 cents, an advance of a cent from the previous day, and the closing figures were not the top ones, for shortly before the noon hour 70 cents was bid for December option.

The advance is attributable to the remarkable strength of Liverpool, Berlin and Paris markets. Foreigners undoubtedly have long lines of wheat. It was the general impression that there would be no reaction until they unloaded and in view of the fact of the failure of the India crop and the shortness in Russia and Argentina, this was deemed to be a rather remote contingency. Every effort of wheat made to Europe today was accepted. Liverpool closed with an advance of 2 1/2 cents. London reported an equivalent advance.

English Grain Market. LONDON, Oct. 18.—The weather here was during the past week. The grain market, which has been firm throughout, is strong and rather excited, influenced by the continuous advance in the price of wheat in America, the drought in India and Australia, and purchases reported there at San Francisco. There is very little offering now. White wheats were 3s 4d, and red 2s 4d to 3s dearer. Walleas, Walla, October and November, were 2s 4d to 3s dearer.
