Up to Date Service. A great many Pacific coast people when contemplating a trip east and when bringing friends west, know very little about the interior lines, and the object of this article is to afford re-

liable information. In the first place for good time and service select a route via St. Paul and Minneapolis, because the lines that way are continuous under one system without any change of cars, and every man from peanut agent up, is a courteous, reliable and experienced officer, ready to aid and protect you in every emergency and capable of making you feel at home and comfortable during the long journey. Then see that your ticket reads via the Wisconsin Central lines, because that thoroughfare affords strictly first-class service, and the meals on its dining cars (always reasonable in price) are equalled by few and excelled by none. Geo. S. Batty, 246 Stark St., Portland, Or., is general agent for this company and will cheerfully furnish you a neat and handy calendar and full information on the subject of transportation, if addressed or called upon, and any agent

will upon application, sell you a ticket over the Wisconsin Central Lines.
