LARISSA, April 16.-Headquarters of Greek Army, Thessaly-Severe fighting has occurred in Macedonia be-Turkish forces. A column of irregulars sent to the right from Pitgavitze, after having attacked and captured Sitovon, continued its advance toward Kritudes, Phisia and Kouruzi, with orders to hold Kouruzi at all costs, as it commands the right approach to Grevne, the objective point.

This column, commanded by Chiefs Zermos and Luzzo, attacked Kritudes on Tuesday. The place was defended by two companies of Turks. After a severe fight, during which 80 Turks were killed and 25 taken prisoners, the position was captured by the Greeks, who also obtained possession of 1100 rifles and a quantity of cartridges. The insurgents, however, have suf

fered a severe check in another direction. A strong force of Turkish troops from Macovon, with a number of mountain guns, advanced on Krania, which had recently been captured by the Greeks, and attacked 400 irregulars of Greece, who occupied an entrenched position. It is reported the fighting was ferocious on both sides. The insurgents eventually were compelled to retreat north to the mountains. Some. however, succeeded in breaking through the Turkish lines and escaped to Baltino, just across the frontier in Macedonia, first captured by the Greek irregulars and used by them as a dopot for provisions and ammunition. landed at Syrako, Eprius, and is now

REVOLUTION IS SERIOUS.

Rebels in Honduras Have Begun an tive Campaign. NEW YORK, April 16 .- The Herald orrespondent at Tegucigalpa, the capital of Hondurus, says that there is a serious revolution in Honduras, and that martial law has been proclaimed. Rebels attacked and captured the towns of Puerto Cortez, on the Gulf of Honduras, and Esperanza, on the Agua river, on the night of April 13. According to all reports so far the rebels still hold these places in spite of efforts

to dislodge them. President Bonilla has received offers of assistance from the governments of Guatemala, Salvador and Nicaragua, in support of the government, though as yet it has not been decided whether it will be necessary to call upon them. The government is confident of its power to end the uprising

The president has taken radical steps in the matter, and in addition to proclaiming martial law throughout the country he has issued orders for a big army to prepare to move at once against the rebels. Part of this army will probably go to Puerto Cortez as soon as practicable to try to wrest the seaport town from the revolutionists. Former Minister Amaizes and several members of congress have been arrested as leaders of the rebel move-

ment and are in prison. A revolution in Honduras against President Bonilla has been long expected, owing to growing discontent among the opposition party, and it liver yield to them. sition to General Korner. Colonel Bonnen and General Canto met on the summit of the Andes mountains, on the Argentine side, and as the duel was fought on Argentine ground the government will probably take no action. Dueling pistols were used, and the officers exchanged two shots, the first at 20 paces and the second at 15 paces. At the second shot Colonel Bonnen fell. He is being cared for in

He has, too, been recognized as one of the ablest men connected with the body, and the members feel confident that he will persuade the Turk to have a greater respect for
