Mrs. Forward was a passenger on the morning train for Portland. H. H. Riddell was called to Portland today, and went down on the 9:30 train. Marriage license was issued yesterday to M. E. Miller and N. E. Ashby. The Elks have secured Hon. M. Long, of Portland, as creator for their memorial services to be held on Dec. 6th. Jacob Prah, who killed Dan Maloney, has been indicted for manslaughter. The date of his trial has not yet been set. Geo. Freeman, a prominent business man of Lewiston, Idaho, is in the city today, visiting his old friends, Messrs. Newland and Jones, of the White house. Dr. W. Y. Young arrived here this morning from Boise, Idaho, and will at once take charge of Dr. Sutherland's practice, occupying the office of Dr. Sutherland in the Chapman block. A. F. Wagner, Gov. Lord's appointee on the board of railroad commissioners, was in the city last night. Mr. Wagner is confident the supreme court will decide that his appointment is valid. Circuit court was occupied all day with the trial of the case of Bayard et al vs the Standard Oil Co. The case is being hotly contested by the opposing attorneys and will hardly be concluded before Monday night. At the quarterly examination of teachers held in this county the past week there were four applicants, one of whom, C. M. Slesons, was successful. Miss Katie E. Cooper was recommended to the state board for a life diploma. Last night Nightwatchman Wiley captured Jack Kent wearing an overcoat that had been stolen from the Skilbeck hotel, and promptly ran him in. The grand jury having not adjourned, Kent's case was promptly referred to that body. The horse cannery at Linnton is solving the problem of disposing of the surplus horses in the Northwest rapidly. Cattle are being converted into canned horse at the rate of several carloads daily. Today 13 cars of them passed down the road from Pasco. Gov. W. J. McConnell, of Idaho, special inspector of Indian agencies, came in last evening from Washington, where he had been attending to the reservation and inspecting agencies, and from here goes to Washington to make his report to the department. Dr. and Mrs. Geisenhofer, of Arlington, are in the city. They came up on last night's train from Albany, where they had been attending the wedding of the doctor's sister, Miss Daisy Geisenhofer. Dr. Geisenhofer expects to return to The Dalles next week and open an office, occupying rooms in the Vogt block. This morning Dr. J. Sutherland left for Albuquerque, New Mexico. For some time past the doctor's health has been failing, and he hopes the change of climate will prove beneficial. His many friends in The Dalles trust that his fullest hopes will be realized, and that he will ere long return here sound and well. We are informed that the Golden-dale dramatic club will visit the Dalles on Saturday, Nov. 20th. They have selected as the play to render on that occasion the well-known one, "By Force of Impulse." The drama will be given under the auspices of the lodge of I. O. G. T., of that city. The dramatic club of Golden-dale is among the best in the state; and The Dalles people are assured that a grand entertainment is in store for them. Golden-dale Agriculturalist. At the home of Capt. and Mrs. O. S. Waud, last evening, a surprise party was given in honor of Miss Annie Johns. The young lady had been invited to spend the evening out at a neighbor's, and just as she was starting with her escort was met at the door by a boy of gay friends, who insisted she should become their host for the evening, and prevailed upon her to entertain them. The evening was most pleasantly spent, the hands of the clock pointing to 12 before the merry crowd dispersed. The gentleman tramp, Jule Walters, who for seven years has been one of the most successful stars on the road in his peculiar line, will portray his life like creation of Horatio the tramp in his side-splitting comedy, the new "Side Tracked" at the Vogt opera house Monday night. The company Mr. Walters is said to carry this season ranks far above the average seen in plays of a like character. The beautiful scenery and phenomenal mechanical features added to the play this season will, no doubt, serve to make "Side Tracked" and Jule Walters more popular here than ever. (From Monday's Daily.) Hon. F. N. Jones is in from his farm today. Wm. Holder, sheriff of Sherman county, was in the city yesterday. J. M. Long, of Portland, an attorney for the O. R. & N. Co., is in the city today. M. H. Bell, city recorder of Prineville, arrived here last night and left this morning for Corvallis. The case of I. V. Howland, indicted for larceny by bailie, will be called for trial in the circuit court tomorrow morning. No snow has yet fallen in The Dalles, but a light fall was noticed on the Klokias hills yesterday morning and also this morning. Taking of testimony in the case of Bayard et al vs the Standard Oil Co. was concluded this afternoon and the case will be given to the jury this evening. The McAllister Bros., who own a quartz mine on Ochoco, have made another shipment of ore to Tacoma, and they expect it will mill more than \$200 to the ton. The work of completing the new Catholic church progresses rather slowly, and it is not expected that the church can be dedicated before the last of December. The first number of the Grass Valley Journal, which was issued last Friday, has been received. The paper is launched upon the sea of journalism with C. E. Brown as editor, and is

brim full of interesting news. It is republican in politics, though it reserves the right to be independent in its support of candidates. The rain which fell last night was pretty general throughout the county, and will be of great benefit to the range in the grazing country, where grass was getting extremely scarce. This morning J. W. Koons started for Chicago with a car load of dried prunes. This is the first shipment of fruit Mr. Koons has made this year, and is made to test the Chicago market. James Stewart, a prominent sheep raiser of Sherman county, is in the city today. He says the range was getting very short, but the recent rains will revive the grass, and sheep will begin to thrive. On the evening of December 4th the ladies of the Good Intent society will give an entertainment in the Vogt opera house. One feature of the entertainment will be a rendition of the eradic songs of the nation. Today six car loads of beef were received at the stockyards from French & Gillman's ranch in Gilliam county. They were bought by C. M. Grimes for the Union Meat Co. and will be shipped to Troutdale tonight. Eugene is all agog over a discovery of gold that has been made somewhere in the surrounding country. A prospector dropped into the city last Saturday who asserted that he had "struck it rich," but he would not divulge the location of the new diggings. Last Saturday a mail carrier was held up by a lone highwayman near Warren, Idaho, and his mail sack was robbed of about \$4000. The robber escaped, and the highwayman was not located, though the sheriff and a posse of ten men was in pursuit. The Dalles Commercial and Athletic Club now has rooms that are second to none in the state for comfort and beauty. Mr. Lytle stated that the C. S. had all the work it could possibly handle with its present facilities, and there is enough freight in sight to keep the road busy until well into the spring. H. S. Turner, of the Dufur Dispatch, is visiting in The Dalles today. Mr. Turner says Dufurites are well pleased with their new school house which was occupied for the first time this morning. The new school building is a credit to Dufur, and speaks volumes for the interest that city takes in educational matters. An OLD AND WELL-TRIED REMEDY.—Mrs. Watson's Soothing Syrup has been used for fifty years by millions of mothers for their children, with perfect success. It soothes the child, softens the gums, kills the pain, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is unchangeable. Be sure and ask for Watson's Soothing Syrup, and take no other kind. Persons who attend the Catholic fair next week will have an opportunity to exercise their knowledge of numbers in a guessing contest on the number of beans of candy in a jar. The party guessing nearest the number of pieces of candy in the jar will be given one dozen platinum cabinet photos at Gifford's gallery, valued at \$4, and the one guessing the second nearest will be given one dozen half-size photos, valued at \$2.50. The ball to be given by the Circle next Friday evening will be entirely under the control of the ladies members, ladies acting in the capacity of floor managers and reception committee. Mr. and Mrs. J. P. McCauley, of Chicago, who are making a tour of the Pacific coast, arrived here on the

train from Spokane this morning, and are the guests of their cousin, Mrs. A. S. Bennett. Rev. Mr. Connor, who for some time past has been pastor of the U. B. church at Dufur, left on the boat this morning for Willamette valley. In the departure from Dufur, Connor loses a highly respected citizen. Weather predictions made yesterday for last night and today were decidedly faulty. Mr. Pague promised it would be fair and cooler, but instead it rained and snowed, being the first snow to fall in The Dalles this fall. The three indictments against E. Simmons, Hugh Brown and Robert Wilson were returned to the attorneys for the defense this morning, but the demurrers were overruled by the court, and the defendants each entered a plea of not guilty. Elder J. H. Miller and wife left this morning for Florence, Colorado, where Mr. Miller has accepted a call as pastor of a church. Mr. Miller's successor as pastor of the Calvary Baptist church in this city will be Elder W. S. Weiburn, recently from Deer Park, Wash. Frank Morrison, in charge of the circulation of the Salem Daily Statesman, spent the day in the city, and secured a number of subscribers for his paper. Mr. Morrison is a student, and what he overlooks in the way of a subscriber is hardly worth looking after. Col. E. W. Enos left on last night's train for Sherman county, taking with him a subscription receipt book for the Times-Mountaineer, and while in that county will solicit subscriptions for the paper. Whatever papers that may be shown him will be duly appreciated by this office. There is not a college on the coast that gives a more thorough course in business than the Holmes Business College of Portland. Besides giving a thorough business education, the school offers every inducement to employment for its graduates. A scholarship in this well known school for sale at this office. The wheat market has gone all the pieces the past few days, owing principally to the lack of tonnage to carry it to the hungry people of Europe. It is hardly probable that there will be another rise before the end of the year, and the farmer who gets anything above 70 cents from now until January may consider himself fortunate. There was an abundance of side-splitting events at the Vogt opera house last night. The play was "Side Tracked," which is a farce from start to finish. The company is a fair one and does some clever acting, but the plot of the play is ruined by the farcical comic scene in the last act. Nevertheless there were enough laughable episodes to make the last night a most enjoyable one. Major Stephen Marshall, commanding N. P. division of the Salvation Army, accompanied by Ensign Catharine Parks, will visit The Dalles Thursday and Friday of this week. Thursday evening they will hold a meeting in the M. E. church at 8 o'clock, admission free. Mr. Marshall will speak on "full salvation," and Miss Parks will sing and explain the "merry box" scheme. THE COMMERCIAL CLUB. At Home in the Refreshed Comforts Saturday Night. Last Saturday evening The Dalles Commercial and Athletic Club opened its refreshment rooms, and entertained some 500 guests. The rooms were opened at 8 o'clock and in a remarkably short space of time they were filled with the youth and beauty of the city. The apartments were tastefully decorated, and throughout presented a most attractive appearance. Every room in the building had been refurbished, new papers had been placed on the walls and the wood work repaired and varnished so that it showed most brilliant. At the opening, the athletic rooms attracted the greatest attention and the bowling alley was well patronized during the evening. Though the parlors on the second floor were thronged, the guests making themselves comfortable and the members of the club entertained every possible means for entertaining their guests. The new club rooms are indeed a credit to the city, and to the club. On one side of the landing on the second floor is a billiard room, while the extreme north end of the building is set apart as the billiard room, supplied with two billiard tables and numerous card tables, and in the south end of the building is the smoking room also the director's and secretary's office. Throughout the apartments are elegantly appointed, and have been arranged with a view to beauty and comfort. No pains has been spared to make the club quarters attractive and enjoyable. The club is in a most favorable position for the success with which their labors have been crowned. The club may now be considered one of the permanent organizations of The Dalles, and many benefits must result from its existence. Aside from the commercial features which is the predominant office for which it was organized, and through which influence all matters pertaining to the upbuilding of the city must originate, the social feature of the club must prove predominant. In the club rooms youth will find sources of amusement and comfort, a place where they can spend evenings surrounded with everything that is elevating, and will also be thrown into the society of those whose influence will be beneficial. The club is indeed an organization that is worthy the moral and financial support of every citizen of the city. Educate Your Boys With Cascarets. Cascarets Candy Cathartic, the most wonderful medical discovery of the age, gently and refreshingly to the taste, acts gently and surely on the bowels, cleanses the entire system, dispels colds, cures all forms of indigestion, flatulence and biliousness. Please buy and try a box of C. C. C. Candy Cathartic, and you will be guaranteed to cure by all druggists. THE PRACTICAL BUSINESS MANAGER. Ex-Gov. McConnell, of Idaho, who is a special inspector of Indian agencies, and who has made a general inspection of the agencies in the West, has certainly done excellent work, and will be prepared to make a report to the department that will probably open the eyes of some of those high in authority here. In conversation with a Times-Mountaineer reporter, Gov. McConnell stated that he had discovered during his inspection a system connected with freights in supplying the several agencies by which the government loses millions of dollars annually. On account of the ignorance of men in charge of the shipping, a system has been adopted by which all supplies forwarded to agencies are classed as third-class freight, whereas in reality they should be rated as fourth and fifth class. As a result, in supplying the many agencies, the government is required to pay what a business man would consider exorbitant rates for like service. This Gov. McConnell says is owing to the fact that the most in charge of the business at Washington, who base their calculations upon the fact that freights are rated from first to fifth class, and have constructed an average, estimating that third class rates would be about the average, and have established the rates accordingly. The government, however, has not taken the trouble to find out the actual rates, and the result is a loss to the government of millions of dollars annually. In his report, Gov. McConnell will recommend a radical change in this line of the Indian service, and expects to result in a great saving to the department. Educate Your Boys With Cascarets. Cascarets Candy Cathartic, the most wonderful medical discovery of the age, gently and refreshingly to the taste, acts gently and surely on the bowels, cleanses the entire system, dispels colds, cures all forms of indigestion, flatulence and biliousness. Please buy and try a box of C. C. C. Candy Cathartic, and you will be guaranteed to cure by all druggists. IS AN EQUALIZER. Every Man, Woman and Child Should Favor the Opposition Line. ED. THAMES-MOUNTAINEER: Assuming that, as far minded people, the citizens of The Dalles believe in reciprocity, that is to say, if any one does them some special good they believe they should return it in some way, we put this case before them. They have been offered a great many benefits, both directly and indirectly, through the advent of the opposition line on the river—directly by the reduction of freight rates one half, and indirectly by the prestige that our city will now have over other Eastern Oregon towns by terminal rates. The farmers have received one cent and a half per bushel more for their wheat through the rate of the cents per hundred, established by the White Star Line, and that means more money in circulation, which is for the benefit of all. When you consider the amount of new trade that will be drawn here this next year through a low freight rate, and corresponding prices on goods, can't you see where you will be still further benefited? You will admit that the White Star Line has been the entering wedge into the high rate compact and have cut it in two. Have they not done you good? Will you return it? Will you help yourself and your town out by patronizing the White Star Line, by giving them at least a share of your business? Every man who does the thing, for it is money in his pocket. Every woman should favor it, for it is to the interest of her husbands, brothers and lovers; every child should favor it, for it means better times for The Dalles, and the surrounding country. CITIZEN. To Cure Constipation Forever, Take Cascarets Candy Cathartic, 50c or 1.00 C. C. C. Co. full to cure, druggists refund money. GRAND JURY REPORT. Some Valuable Recommendations Made by That Body. In the circuit court of the state of Oregon, for Wasco county, November, 1907, term. We, the grand jury in the above entitled cause, respectfully submit the following as our final report: We have been in session six days and have taken cognizance of all criminal matters presented to us as coming

within our knowledge, and have returned thirteen true bills and one not true bill. We have also inquired into and dismissed several matters that were of such trivial nature as not to warrant further action. We have made a cursory examination of the county clerk's, sheriff's and county treasurer's offices, and have no criticisms to offer as to methods or manner of keeping the records and accounts of these offices. We are glad to state that the county clerk is called to the insecure condition of the shutters of the window in the vault of the county clerk's office. The attention of said court is also called to the condition of our county jail, which we find to be badly arranged and inadequate for its purposes. Our jail contains four cells, three of which are only 5x8 and one 8x9 feet in dimension. In each cell we found three uncomfortable cots or hammocks, the cell itself having no ventilation except through the corridors of the jail. To confine three persons in such a limited space of one of these cells, breathing only the vitiated air of the corridors, and sleeping on most uncomfortable beds, does not seem to us to be either prudent or humane. We find that the inmates of the jail protest in strong terms against the filthy conditions of the jail. We inquired into the matter, and conclude that their complaints were somewhat exaggerated. We would, however, call the attention of the members of the legislative assembly from this county to the propriety of securing an amendment to the constitution of Oregon, which provides that the sheriff \$5 per week for keeping prisoners when the number does not exceed four, and \$3 per week when the number exceeds four. Evidence is not wanting that the present rate of the contractor who supplies the prisoners with food receives only twelve cents per meal and for but two meals each day. It is the opinion of this grand jury that the boarding of prisoners should not be a source of revenue to any of our counties, but that it would be in the interest of humanity and effect a saving to the county if the section referred to could be so amended as to give to county courts control in this matter. We believe that any person confined in this county jail is entitled to wholesome food, and that a comfortable bed, at least up to the time of his conviction. The grand jury visited the poor farm and questioned inmates apart from the contractor, none of whom had the least complaint as to treatment received. The lady informed us that it was just like home there, and that the apartments of the house seemed well ordered and clean. We deem it our duty to offer a word of caution to the justices of the peace and committing magistrates of the county jail, especially as to the county jail, which usually result in acquittal, involving only great expense to the county. In conclusion, we beg leave to acknowledge the assistance and courtesy shown us by the court and district attorney and the respective county officers. Having to the best of our knowledge and ability discharged all the duties incumbent upon us, we respectfully ask to be discharged from further service. L. SMITH, Foreman. Dated this 13th day of November, at The Dalles, Oregon. SMALL VALUE ON LIFE. A Jury in the Circuit Court Returns a Verdict of \$500. Last night the jury in the case of O. E. Bayard et al vs. The Standard Oil Co. returned a verdict of \$500 damages in favor of the plaintiff. This case grew out of the death of Perry Watkins, which occurred a year ago last June, it is alleged through the fault of the defendant. Mr. Watkins was driving past the oil tank then under course of construction by the company, when he had been struck by the Standard Oil Co. Wagon. Mr. Watkins became frightened, Mr. Watkins was thrown out of his wagon, and received injuries from which he died. The jury by its verdict certainly said the defendant was responsible for Mr. Watkins' death by allowing damages to his administrators. But the damages are extremely low to say the least. A human life certainly is worth more than the paltry sum of \$500. It was through an act of negligence on the part of the Standard Oil Co. Mr. Watkins lost his life, the company should certainly have been required to have paid more than \$500 damages; it is too low an estimate placed upon a human life. If the company was not responsible for the death then the jury should have said so and awarded the verdict for the defendant. This verdict is on a parallel with the one recently returned by a Grant county jury in the case of Hinkle, who was convicted of killing a peddler for the purpose of possessing his money and then burning his body, which was for manslaughter. The murderer if guilty at all, was guilty of murder in the first degree. The same is true of the verdict rendered in this case; if the Standard Oil Co. was in any way to blame for the death of Mr. Watkins, it should have been required to pay a reasonable sum, not merely enough to mulch it for the costs of the action. A Batch of Sentences. Last evening Judge Bradshaw passed sentence upon five who have either been indicted or pleaded guilty to crime during the present term of court, as follows: Ira Millard, indecent exposure—fine of \$75. Wm. Blank, assault with a dangerous weapon—one year in penitentiary. George Hersh, assault and battery—fine of \$50. John Hayes, larceny, one and one-half years in penitentiary. J. G. Fisher, assault and battery—sentence suspended during good behavior. The case of the state vs. I. V. Howland, indicted for larceny by bailie, was placed on trial today before a jury consisting of Hugh Farmer, J. M. Elliott, H. Bateman, M. V. Rand, W. B. Rodman, Geo. Miller, C. H. Stearns, J. P. Hillstrom, Geo. Cooper, John Henricks, John M. Davis and Grant Ashby. District-Attorney Jayne is prosecuting and Sam Van Vactor defending. SOUND ADVICE. Better Invest Money at Home Than in Wildcat Schemes. The East Oregonian sounds this warning against putting money into the numerous Klondike companies that are being advertised and are sending out flashy circulars showing the fortunes that are to be made in them;

"The Klondike companies that are being widely advertised all over the country are stock jobbing schemes. They are after purchasers for their stock, small investors who will put in their little savings and lose them. If prospects of these companies were as bright as they are painted there would be no scarcity of money for their operation and the little fellows would never be given an opportunity to share in the good fortune. But as things are, the risks are too great for the big fellows to take and so the little suckers are being solicited to furnish the money to take the golden chestnuts out of the fire. We read that Col. Sandos is the president of the company; Major Very-muchalove of another; Banker Trueman of another; Congressman Getch of another; the list of the companies is longer than a full grown arm and the greed behind them ravenous enough to take a widow's mine. Those who have money had better invest in local enterprises or loan it out at four per cent than trust it to the kind care of worthless speculators making a stake at other people's risk and expense. And there are any number of such men in the country of the free."

TO GET ACQUAINTED. A Party of Portland Wholesalers Visit the Island Empire. A special train consisting of two sleepers, a dining car and two day coaches arrived here at 6 o'clock Sunday evening with about 100 representatives of Portland wholesale houses. The party was at dinner when the train arrived, hence only a short stop was made in the city. It is expected the party will stop at all principal points on the railroad, shake hands with the people, view the different resources of the country, and get better acquainted with their customers in the interior. Good results are expected to occur from this visit, as closer relations will be established between the wholesaler of Portland and the retailers in the sections they shall visit. Ex-State Senator James H. Raley, of Pendleton, Oregon, guardian for Chas. B. Foreman, in acknowledging the receipt of the payment of the death claim of Eva Foreman, writes: Pendleton, Ore., Oct. 8, 1907. Dear Madam,—I beg to acknowledge receipt of \$1,600, payment in full of beneficiary certificate No. 334, issued by the Pacific Circle, Women of Woodcraft, and bearing date April 1st, 1907. In connection herewith permits to renew the Pacific Circle No. 2, of Pendleton, and its officers, and especially yourself, for the prompt and business-like manner in which you have met payment of this certificate. Recently I have had much experience in the settlement of death claims against different insurance companies and beneficiary societies, and, without injustice to others, I say frankly that the Pacific Circle, Women of Woodcraft, is the most prompt in payment and the most considerate and mindful of the needs and wants of its members of any with whom I have come in contact. Every woman who has others dependent upon her should belong to the noble order of Women of Woodcraft, and would do so, I am sure, if they fully understood the fraternal ties of your order. Wishing the particular Circle of which you are a member a large and prosperous growth in the immediate future, I am, Respectfully, JAMES H. RALEY, Guardian of Charles H. Foreman. Good News For Cripples. A representative of the National Surgical Institute 319 Bush St., San Francisco, will be at the Umattilla House, The Dalles, Tuesday, Nov. 18. Both old and new patients are solicited to see him. This institute has no rivals in the successful treatment of deformities, chronic diseases, Paralysis, rupture, piles etc. References given.
