SPAIN IS TAK-

ING HER TIME

Sagasta Has a Most Difficult

Problem to Solve.

WASHINGTON, Aug 6 .- No reply has been received from Spain nor any intimation as to how soon it might be expected. The French ambassador had not been heard from throughout the day, and he, as well as our government officials, was waiting for Spain to give the final response. Two days have now passed without a word officially from Spain, either in the way of inquiry or response. From this it is clear that the Spanish cabinet fully realizes that the time for argument, counter proposals or modification has gone by, and that there is only one simple issue, to be met, namely, whether America's terms will be ac

cepted as a whole or ce rejected.

There is indeed, reason to believe that the Spanish government has been directly advised that the stage of negotiations is past, and that only the matter of an answer, tayorable or unfavorable, remains. That the answer has not come quickly is no matter of surprise to the officials here, for they realize the tremendous responsibility which Premier Sagasta must assume in making these peace terms sufficiently palatable to the Spanish populace and the political leaders to permit their acceptance without an internal convulsion. 'In his conferences with the president and and Secretary Day, the French ambassador has brought

PORTLAND, Aug. 6.—The latest fad introduced in this city by the county and municipal office holders and local republican politicians, who meet at one another's places of residence, in the interest of a good and economical government. The principal theme, is (not what the republican party has done) but what it is going to do. As a matter of fact at these meetings, the "Pennoyer administration comes in for its usual triade of abuse by the Mr. Speaker. (who did not know that he was to be called on to make a speech, but under the circumstances will do the best he can.) When, these political claus meet and when so much brotherly love is shown for the poor tax-payers in the interest of good government and low taxes, at these clandestine meetings, it is about time to look out for another sample job, similar to the Morrison Street bridge or Stark Street ferry.

A Renegade Rewarded.

PORTLAND, Aug. 6 .- John P. Me-Eatee, who was recently appointed deouty health officer by the Simon ring of this city, was before the last election an uncompromising democrat and also a city and county committeeman from the 3rd ward. It has been to the democracy of Portland for some time that the party contained quite a large number of wolves in sheep,s clothing, and can only thank Mr. Simon for his kindness in bringing some of them before the public where their political faith may become universally known. It is only to be hoped Mr. Simon will reward the balance of the Benedict Arnolds, as he is known to control quite a large number of these assistant republicans

under the banner of democracy. PORTLAND NEWS NOTES.

WASHINGTON, Aug. 8 .- Information was received by Adjutant General Corbin tonight, from Colonel Humphrey, in charge of the transportation ar rangements at Santiago, that the Spanish hospital ship Alicante sailed from there today with 800 of the Spanish prisoners for Spain. It is supposed that the Ailcante carries a majority of the sick and wounded of General Toral's army, as he would naturally send them first. The war department has no definite information as to the sailing of other Spanish vessels.
