

Special Saturday's Daily.

Charles U'Ren, of Ridgeway, is in the city.

Miss Anna Roberts went to Hood River this morning.

C. Berg, an extensive wheat buyer of Portland, is in the city.

Messrs. T. A. Vansdale, R. E. Fortner and Alf. Allen, of Prineville, are in the city.

The county court granted the petition of David D. Nelson and others for a county road.

Mrs. M. P. Morris, of Hay Creek has moved to The Dalles for the purpose of playing her daughter in school.

Admission to the Alpha Mandolin and Guitar Club next Thursday will be 15 cents for school children, 25 cents for adults.

It has been determined to take the Regulator to Portland to be rebuilt. Captain Fred Sherman will superintend the work.

Tickets for next Thursday's recital at the Jacobsen Book & Music store. Tickets will be exchanged for reserved seats on Tuesday.

Miss Emma Brown, of Cascade Locks, and Miss Lillian Ackerman, of Portland, were passengers on the Dalles City this morning.

Beehive restaurant open day and night. Hot meals, fresh oysters in any style, served at all hours. Meals from five cents and up.

Mrs. Vivian and children, who have been visiting Mrs. McIntosh in the city the past week, left on the boat this morning for their home in Portland.

Mrs. Capt. Alden went to Portland on the boat today. She was accompanied by Miss Mathena, who has been visiting in the city the past week.

Portland was selected as the meeting place of the National Editorial Association which closed its session in Denver yesterday. The meeting will be held some time next September.

The two new iron buildings on Second street are almost completed. F. S. Gunning's new blacksmith shop is already ready for occupancy, and will be ready for business next week.

C. M. Ekins, the leading hardware dealer of Prineville, spent the forenoon in the city and left on the stage this afternoon for Prineville. Mr. Ekins had just returned from a visit to Albany and Portland.

The fall fishing season opened today and the fishermen on the river made a fairly good haul for the first day. Fish are said to be very plentiful in the river, and it is expected a profitable business will be done this fall both by fishermen and canners.

The teachers who were attending the institute here during the past week, left for their respective homes all expressing themselves well pleased with the management of the institute and the hospitality extended them by the citizens of The Dalles.

Seufert Bros. have put a lightning plant into their cannery above The Dalles and are now prepared to run their establishment day and night so long as fish can be procured in the river. They have a very perfect plant, and this fall will be able to handle all the fish that is offered.

The enterprising firm of Williams & Co. are not content to confine themselves to the trade of the Northwest, but will push their business to Manila. Tonight they will mail advertising matter to the Oregon boys there, inviting them to send their mail orders to Williams & Co. The Dalles.

The oyster season is now on, and that prince of caterers, Andrew Keller, is exerting every effort to serve them in the most attractive manner. He puts them out on the halfshell, stewed, roasted, in cocktails, and in fact in any style that is known. One need not know how to enjoy oysters until partaking of those served by Mr. Keller.

The breaking of the shaft of the steamer Sarah Dixon was a more serious mishap than was at first expected. A new shaft could not be had in Portland, and one will have to be ordered from the east. This will necessitate the boat being laid up for about three weeks. In the mean time the D. P. & A. N. Co. will secure another boat to take her place.

While addressing the teachers institute yesterday State Superintendent-elect Ackerman referred to the fact that the emperor of Germany had ordered that a picture of the German navy be placed in every school house, and suggested that such a display in the American schools would be appropriate. Acting on this suggestion J. M. Huntington presented the high schools of this city with a handsome picture, of the New York, Oregon and other war vessels of our navy.

Our enterprising marble man, Louis Comini, although burned out of business a few weeks ago, is wide awake to business and is taking some orders for work right along. Today he closed a contract for erecting a monument over the grave of the late Col. Sinnott, having underbid Chicago and Portland firms. The monument will be of Peterhead Scotch granite, and will when put up, be the handsomest and most expensive monument in the Catholic cemetery at this place.

Columbia Chapter, No. 33, Order of the Eastern Star, will meet Tuesday evening, Sept. 13 at 7:30 in the Masonic hall. All members are requested to be present. By order of the worthy matron.

There is an epidemic of typhoid fever in Sherman county that is in a very malignant form. Dr. Hollister was called to Monkland Saturday evening to consult with Dr. Smith regarding a serious case of this disease.

The matter of annulling the lease of the Hood River Milling Co. to use Hood river as a public highway is being considered by the county court today. W. H. Wilson appears for the county and Huntington & Wilson for the company.

The best sugar factory in La Grande will begin operations about October 1, and the best crop, by reason of the recent cooler weather, will be quite satisfactory. The best crop of Grande Ronde valley will be 30,000 tons. The factory could use 40,000 tons.

The Dalles schools opened today under most favorable circumstances. There was a total enrollment of 636. As compared with 611 on the first day of school last year and 575 at the opening of school in 1896. There were 73 enrolled in the high school today.

Yesterday the little four year old son of Henry Clark, of Eight Hills, received serious injuries by being kicked by a horse. The little fellow got too near the heels of the animal. Several bones were broken in his face, and Dr. Hollister was called and patched the boy up.

An ordinance recently passed by the city council of Athena raises the license of saloons from five dollars to \$600 a year, and stipulates that the license be taken out for a period of one year. For the sale of malt liquors only this section provides that license shall be \$600 a year.

To perfect The Dalles fire extinguishing apparatus a new hook and ladder truck is needed, and can be had for the reasonable sum of \$400 and the old truck, Mr. Sebanno has been responding with a Portland truck, who makes this offer for an aerial truck which is one of the best that is made.

W. A. Johnston will at once begin putting up a building on the north side of Second street between Federal and Laughlin, which he will occupy with his grocery and agricultural implements. The building will be 60x130 feet and constructed of iron. Mr. Johnston expects to have the building ready to move into this fall.

J. W. Smith, of Rufus, spent yesterday in the city on his return home from a trip to Dawson. Mr. Smith says the trip to Dawson is not surrounded with nearly so many hardships as some think, and a good stout man can go in and out with little difficulty. Evidently he had been well repaid for his trip, as he had a pocket full of nuggets, but he had little to say of his success in the North.

A. J. Shrum, a prominent wool grower of Crook county, returned last evening from a visit to Salem and vicinity. He reports having found times rather discouraging for the farmers in the Willamette valley. The wheat crop was short, and the price being only 45 cents a bushel at Salem, farmers are unable to discover that prosperity they have heard so much about. They ought to come to Eastern Oregon.

Hamilis Wizard Oil Company will offer a series of concerts and refined vaudeville entertainments in the Baldwin Opera House next Monday night, Sept. 19th. They carry 11 people all artists in their line and give a better show than most of the traveling companies charging five times the price of admission. They have been showing in Portland the past 3 months and come to us well recommended by both press and public. Don't fail to see them and bring the ladies and children. The admission is only 15 cents to any part of the house Monday night.

satisfactory, hospital service not in the best, and four Oregon boys died in one day. PHILIPPINES ARE TROUBLE-SOME.
Their Opposition to American Rule may Cause a Supture.

NEW YORK Sept. 9.—A dispatch to the Herald from Manila says: The attitude of the Philippine insurgent leaders is daily becoming more dangerous. So open is their opposition to the American authorities that the situation is strained and reconciliation may be difficult.

What makes the situation more troublesome is the undisguised rivalry between the followers of General Aguinaldo, the self-proclaimed dictator, and General Piang, who covers the title of president of the Philippine Republic. Piang is in command of the insurgent troops stationed south of Manila. He uses them in a way that is most annoying to Aguinaldo, and at the same time makes every effort to show his utter disregard to the American officials. His forces continue to patrol the country, encouraging lawlessness in every direction.

Aguinaldo's course is no less annoying. He no longer attempts to conceal his hostility to the officials who represent the United States, and yesterday issued an order prohibiting his soldiers from entering the American lines. This course was probably deemed necessary in order to prevent them from becoming so well disposed toward Americans as to destroy his power by repudiating his leadership.

BURNED TO DEATH.
An Elderly Lady Perishes in a Fire Near Sprague.

A distressing accident occurred near Sprague yesterday, resulting in the death of Mrs. Clark, a lady about 65 years of age. Mrs. Clark was living alone in a small cabin a few miles above Sprague where she was perfecting a title to a homestead by residing thereon, and in some way her house caught on fire during the forenoon and was burned to the ground. It is supposed that Mrs. Clark attempted to put out the flames, and that her clothes caught fire as her charred remains were found some distance from the burned building.

Some wood cutters going to Sprague from the neighboring woods about noon discovered the house had burned, and on arriving at Sprague notified Mrs. Clark's son-in-law, J. D. Reynolds, who immediately went to the scene of the accident and found the dead body of Mrs. Clark, terribly burned. How the accident occurred is not clear, but it is believed, as there was no one near the building burning. Besides her daughter, Mrs. Reynolds, deceased leaves one son, L. A. Clark, who is at present in Skagway, Alaska.

LEWIS AND JONES RENOMINATED
Fusion in Washington Was Made Complete by the Convention.

ELLENBURG, Wash., Sept. 9.—The democrats renominate James Hamilton Lewis for congress by acclamation. The ally republican convention renominate Congressman W. C. Jones by acclamation.

After reflecting all night the populist state convention unanimously decided to concede the demand of the democrats and yield them one supreme judge. This removed all obstacles to fusion. The clause of the conference report stipulating that the populist list have the patronage of the supreme court was stricken out and the report adopted.

A committee was appointed to notify the democrats and silver republicans. The convention then proceeded to nominal judges. E. F. Houston, of Tacoma, was named for supreme judge on the third ballot.

Kinn, Mrs. E. H. Kinn, Mrs. W. G. Woodworth, Miss Elizabeth A. Bonn, Miss Clara L. Sampson, Mrs. E. S. Wilson, Mrs. N. Wheaton, Miss Ella Cooper, Miss A. May Soehler.

Any person who takes a few moments to look into this wonderful offer of the Farmers' Company cannot fail to see the vast benefits it will bring to themselves and the community. The concern is perfectly responsible and no fears need be entertained in that regard as reference to the Headquarters commercial agency shows. We again warn you before it is too late that you cannot afford to miss it. The gentlemen will probably remain until Tuesday next.

TWO STATEMENTS.
One From Governor Lord—One From a Soldier.

Governor Lord, after visiting the Presidio at San Francisco, so investigated the treatment given the 330 Oregon recruits, telegraphed to the secretary of war that he "found everything satisfactory." The governor's telegram was dated Sept. 11th.

A Dalles boy, who is one of the 330 recruits, who had a different feeling about the treatment given him, telegraphed to his father in Dalles, a letter to a friend here, from which the following extracts are taken. "Our life since we have been here has been one of continual disappointment in every way. We had orders to break camp for the boat two days. The first time we had our things packed and ready to move by 7 A. M., but order came from Washington to stop everything. Later we got orders to sail on the Scandia, but the same thing happened again.

"We have left Camp Merritt, and moved to the Presidio, where it is like a prison. This is the government barracks, and we are now under the Twenty Third U. S. Regiment. Our future prospects are not bright, as we are like a flock of sheep without a shepherd. There are so much sickness and death. Friday ten men died in the division hospital, four of whom were Oregon boys. I was in the hospital ten days and the treatment is not the best."

Governor Lord was at the Presidio once and was taken out by the officers and winded and died. He then announced that he found "everything satisfactory." A soldier who has been here all the side reports things un-

satisfactory, hospital service not in the best, and four Oregon boys died in one day. Governor Lord must be easily satisfied, for nothing but the "very best" hospital service for soldiers could satisfy the governor of a state when he goes to demand that men from his state be given their rights. The people can judge if their governor has not viewed the situation through colored glasses.

HATTIE BELL
WRECKED

She Went Ashore at Cascade Locks.

Almost in the Same Place the Regulator Was Wrecked.

Another Misfortune to the D. P. & A. N. Company.

While attempting to enter the locks Tuesday, the Hattie Bell, a steamer of the D. P. & A. N. Co. had leaved for temporary use, was caught in a swell and forced against the Oregon shore almost at the same spot the Regulator was wrecked some time since.

The steamer carried a good number of passengers and considerable freight, but all on board were saved.

Capt. McNulty, an old river pilot, was at the wheel at the time of the accident and was successful in beaching the boat so that the 75 passengers could get off safely, but the freight is all under water. However, there is a snag near the wreck, on which the freight can be loaded and saved.

It is feared the boat will be a total wreck, as it is down so that the water is several feet deep on the lower deck, and the current is very swift, so that the hull is liable to be beaten to pieces on the rocks.

Dalles Enterprise.
During the past few days, a subscription paper has been circulated among the businessmen of The Dalles for the purpose of providing free ferrage for Kikikat farmers who bring their grain here to market, and very liberal donations have been guaranteed to insure free ferrage during the next three months. It is the purpose not only to give free ferrage, but to improve the roads leading into Kikikat county, so that farmers hauling their wheat here can get in and out under the most favorable conditions.

Day at Washington.
Washington, Sept. 12.—Day arrived from Canton this morning and had a long conference with the president, supposedly regarding the instructions to be given the peace commissioners. It has been decided that the commission will take passage on the Campania, leaving Saturday next.
