son of Mrs. A. J. Moses quietly passed

away last Monday morning, Aug 29th after a long and lingering illness occastoned by a disease that had been slowyoung man for the past two years. The cause of death was the disease called cancer. A little over a year ago the young man had his leg amputated bestow and the assistance that medi-

in consequence, but it had gained such a headway that it was impossible to eradicate it from his system. All the tender nursing a loving mother could cal skill could devise was done to stay the ravages of the disease, but all failed and the spirit of the long suffering young man at last found relief from earthly pain and troubles in that mysterious home where neither are known The funeral occurred Tuesday from the family residence on Main street, and the remains were followed to their last earthly resting place by a large concourse of friends of the young man.

A Remarable Episode

A thrilling scene was witnessed it the Central Armory in Cleveland, Ohio, during the lecture of Dr. A. J. Palmer. The lecturer described the battle of Fort Wagner, in which he was captured, the march through the streets of Charleston, surrounded by a howling mob, the imprisonment at Columbia, the journey to Richmond, and incarceration in Libby Prison. He said as the captives were marched through the streets of Richmond at

singing: "We are coming Father Abraham, Six hundred thousand more." "That was the voice of Chaplain McCabe, said the speaker.

This was the signal for immense ap plause. Handkerchiefs and hats were waved, and the applause continued, the immense throng turning their faces toward the gallery, where the 00 Chaplain sat, until he rose, and recognized the compliment by waving his hat. But the people were not content with this. The applause continued, 00 grew louder, and ceased not, until the gallant Chaplain graciously descended from the gallery, sat down at the piano, and sang

"We are coming Father Abraham, Six hundred thousand more."

cate, special organism which is the source and centre of her womanhood.

The lives of young women are often wrecked because of a mistaken sense of modesty, which leads them to neglect the earlier symptoms of feminine weakness.

These troubles unless corrected, develop into serious chronic difficulties which become a dragging burden, ruining life's best opportunities and blighting all possibility of happy wifebood and motherhood.

Any woman suffering from these delicate complaints needs the health-giving power of Dr Pierce's Favorite Prescription. It heals and strengthens the womanly organs; stops weakening drains; gives vitality to the nerve-centres, and restores perfect organic soundness and constitutional energy. It is the only medicine devised for this purpose by a skilled and experienced specialist in diseases of the feminine organism. in diseases of the feminine organism Mrs. W. B. Duncan, of Arlington, Mo., writes:

"I have used your 'Favorite Prescription' and am never tired of sounding its praise. When my lady friends complain. I say 'Why don't you take Dr. Pierce's Favorite Prescription?' I told an anxious mother, whose daughter (18 years old) had not been right for five months, about the medicino, and after the young lady had taken two-thirds of a bottle of 'Favorite Prescription' she was all right. She had been 'reated by two of our best doctors."

Endorsed by Prof. Landers. I have heard Chaplain McCabe's lec-

ture, 'The Bright Side of Life in ly sapped up the life blood of the Libby Prison." Aside from his great popularity in the ministry, this lecture alone has given him a high reputation throughout the United States. He speaks from the exper ience of an actual participant in the scenes and incidents of prison life. Besides picturing the condition of the inmates of Libby prison more vividly than pen can portray, he describes that side of prison life that is so little known outside, how the hove make the best of everything to keep their spirits. beguile the weary hours, and make their life there endurable. The lecture is replete with incidents and descriptions that give it intense in-

Chaplain McCabe's reputation as a singer is scarcely less than that of a lecturer. There are few singers in the country that possess more power of expression in song than he. I am glad to have the opportunity of hearing him again.

J. S. LANDERS, Principal High School.

"Land poor is a term that fully describes a condition which the hard times of the past few years have taught many a farmer in the great wheat belt of Eastern Washingtor to avoid," said a gentleman from Whitnight, when they heard a sweet voice man county to the writer. "I know an intelligent farmer in Whitman county whom the panie of '93 found in possession of 1000 acres of wheat land with an immense crop that it was impossible to save from the fall rains, and

have paid for the bare threashing. "At a great sacrifice and through many hardships the farmer held on to his land through the two hard years that followed. I met him the other day and asked him how he was doing. His answer was, the crop last year amounted to 46,000 bushels, I sold 20,000 and paid every dollar I owed leaving me the balance for a rainy day. My crop this year is excellent, but just as soon as I can make the turn I will sell at least the half of my land, for I have learned that one of the worst evils of a hard year is that of being land poor.'

Nerves Out of Tune.

Just as the strings of a musical instrument get out of tune through the torturing discords when touched, so the human nerves get out of tune and make everybody miserable that comes in contact with them. Every tobaccouser's nerves are out of tune more of less, and the real tobacco-slave's nerves are relaxed to the utmost. No To-Bac is the tuning key which tightens the nerves, makes them respond quickly to the emotions, resulting in the happiness of all. No-To-Bac guaranteed tobacco habit cure, makes weak men strong. We advise all tobacco users to take No-To-Bac.

P. S. Davidson, of La Cross, Wis. Davidson is looking over the ground with the object of starting a sawmill at the mouth of Hood river with a cadacity of not less than 125,000 feet a a day. The mill, if built, will be driven by steam, and the logs will be floated from the timber belt on the headwaters of the river. From an interview with Mr. Davidson the 'Times Mountaineer gathers that there is every probability that the mill will be built in the near future.

Jerry Sullivan, the 36-inch giant and all-around good fellow, arrived on the 11:30 train from Portland, and is arranging for the opening of a week's engagement for the Wizard Oil Co., at the Baldwin, beginning next Monday. Mr. Sullivan says the show is all right, and his statements can always be relied upon. The show will be on the Vaudeville nature, and will create fun for everybody.
