CUBA MUST BE FREE NOW

But Annexation is the Ultimate Result.

New York, Nov. 25.—A dispatch to the Herald from Havana says: Domingo Mendez Capata, late vice-president of the Cuban republic, and now president of the executive commission, has expressed his belief that the future of Cuba would inevitably be annexation to the United States. He said that the natural outcome of recent events, but he denied that Cuban leaders have that aspiration. The independence which he longed for was not to be a temporary one, but to see their own flag waving over "Free Cuba."

They recognize that annexation will come, and that shortly and by the unanimous voice of the Cuban people themselves, but they desire to see the cause for which they had fought crowned with the success it deserves. "The provisional government has been dissolved," he said in reply to a question, and the sole Cuban authority now existing is the general assembly of the army. That assembly has elected my colleagues and myself to carry on the general business during its adjournment, and principally to take measures preparatory to disbanding the army.

"We are now engaged in examining records and issuing formal commissions and certificates to the officers and men, many of whom were without these, inquiring into the length of their service and generally making the way smooth for a speedy disbandment. When the commission which has gone to the United States returns, which I expect will be in about 20 days' time, the assembly will again be called together for final disposal of this matter."

WANTS MORE MONEY.
Would accept a Hundred Million for the Philippines.

Paris, Nov. 25.—It is now known that Spain will exhaust her new limits, which expire Monday, before replying to the American offer regarding the Philippine islands. In the mean time the Spaniards are canvassing the entire field and exhausting every resource to postpone the inevitable. As cabinet of the Associated Press Wednesday, they could not accept the American ultimatum as final without asking if it were really so. Now the Spaniards apparently doubt the fixedness of the amount the Americans offered for the Philippines, and today they sent a communication to the American commissioners asking if the latter would accept a counter-proposition by Spain to cede the Philippines for \$100,000,000.

ANNEXION IMPOSSIBLE.
Villan says the United States Must Recognize Cuba's Independence.

New York, Nov. 25.—The Cuban commissioners who came to the United States to offer president McKinley the views of the Cuban leaders for the future government of the island, expect to go to Washington Monday. Jose R. Villan, one of the commissioners, expressed some decided views on the subject of the future of Cuba. "It is the strength of the annexationists very great," he was asked. "No," he replied, "and if it were it would make no difference. The United States has declared to the world that it does not intend to annex Cuba. It can do nothing to recognize our independence. In the meantime it is practically governor of the island, and we can do nothing without its permission. It could not annex us without a political revolution, and that is impossible."

DON CARLOS TO TAKE THE FIELD

Spain Is to Be Plunged Into an Internal War.

LONDON, Nov. 27.—An English Carlist positively asserts that Don Carlos' army will take the field in Spain soon after the treaty is signed. He declares that a loan has been fully financed, and that it is divided equally between France and England, and he adds that after the English capitalists were shown the evidence on which Don Carlos' chances of success are based they offered several times the amount asked. The English Carlists assert that much more money would have been secured had it not been for the fact Don Carlos stipulates that there should be no assistance from Jews, as he is apprehensive of their obtaining financial control of the monarchy.

Continuing, it was asserted that the Spanish government has known for some time that Don Carlos possessed an army organized into battalions and batteries, outfitted and largely armed, but the Spanish ministers counted on his failure to secure funds. Therefore the Spanish government is said to be panic-stricken and to be endeavoring to make the Spaniards believe that Great Britain has agreed to finance Don Carlos, and he, in return, has undertaken to cede the Canary Islands to Great Britain in the event of success. The commission appointed by the Spanish government to examine the question of reforms in Spain met at Saragossa and recommended sweeping military and civil reforms, in addition to many reforms for the benefit of the workman. The commission also pronounced in favor of an investigation into the continuance of the "Caja" insurance and withholding the rewards promised to Cuban officers.

IN WINTER'S COY GRASP.
North Atlantic Coast Swept by Severe Storms.
NEW YORK, Nov. 27.—The first severe snow storm of the winter struck New York and vicinity early this afternoon and increased in violence until tonight, when it assumed almost the proportions of a blizzard. Forty miles an hour is the rate the wind blew through the city and on Long Island coast it reached a velocity of 60 miles an hour. At about 11 o'clock tonight the snow had fallen to a depth of several inches and in some places had drifted as high as five feet. The temperature had gradually fallen until at midnight it was 20 degrees.

The Wisconsin Launched.
SAN FRANCISCO, Nov. 27.—Yesterday morning at the Union works, another great marine fighting machine was added to the already large fleet of Pacific-built war vessels. The vessel which slid from the ways was the battleship Wisconsin, the largest of the vessels built for the United States government by the Union works. The launching of the vessel was effected without a hitch, and she now rests calmly on the waters of the bay.

Blanco Has Retired.
HAVANA, Nov. 27.—Marshall Blanco at 130 yesterday, formally resigned the office of governor-general and captain-general of the island of Cuba, in favor of Jimenez Castellanos. The ceremonies and festivities attending the taking of the oath of office, in previous years, upon the appointment of a new governor-general were dispensed with on the present occasion. There was merely a formal turning over of the military commands.

Sultan Don't Want Reform.
CONSTANTINOPLE, Nov. 25.—Several Turkish ministers have submitted to the Sultan memorials pointing out the disturbed state of the empire and the reforms they consider necessary. The Sultan is irritated at the attitude of the ministers and is expected he will dismiss several, although it will be difficult to find substitutes who do not favor reform.

WARSHIP LOST.
WASHINGTON, Nov. 25.—The warship department in view of the insurance that the Paris treaty will be signed is arranging to muster out more troops. It is probable that from 30,000 to 40,000 volunteers will be mustered out as soon as selections of regiments can be made. The forces at Manila will not be reduced at present.
