AGUINALDO IS PREPARED TO RESIST

He Has Sixty Thousand Soldiers to Oppose America.

MADRID, Dec. 2.—Spanish sympathizers having quasi connection with the Spanish commission are making much over the reported attitude of the Filipinos toward the United States.

Aguinardo, Aguinaldo's agent, was reticent when questioned on the subject this morning, saying that he had no definite information from his government.

THREE BARGAINS LOST. The Lives of Ten or Twelve Men Were Sacrificed in the Storm of Barge.

NEW YORK, Dec. 2.—The coal barges Helicon, Quinebaug and Cornea, it has just been learned, were lost during the present storm, with 10 or 12 who composed the crews. The barge Helicon and Quinebaug, loaded with coal in tow of the tug Ocean King, and the Cornea in tow of the tug Luckenbach, left Norfolk November 23 for New England ports.

When about 25 miles off Barge, the Cornea broke from her tow and went down, followed by the Helicon, and of eight men comprising the crews, six were drowned. The Quinebaug was lost sight of. It was learned to day the Quinebaug went down Sunday off Scotland Lightship, probably taking her crew of four men with her.

WHAT OF THE MAINE? Articles of the Peace Treaty may provide for an Investigation.

NEW YORK, Dec. 2.—A dispatch to the World from Paris says: The drafts of articles submitted by the Spanish commissioners relates to the nationality of inhabitants of ceded territory, the jurisdiction of courts, the case pending in them, the continuation of grants and contracts for public works, services in the ceded territory and kindred matters.

One article provides that the United States and Spain shall appoint an international committee of seven experts, each country to name one of its citizens, one British and one Frenchman, and a German to be president.

This committee is to determine responsibility for the disaster of the Maine. If Spain is responsible she is to send a warship to salute the American flag at New York. If she is not, the United States is to pay all expenses of the commission.

The Spanish idea is that having yielded on the main points, they will gain important advantages in the details.

GAVE HIS SON UP TO THE LAW. Remarkable Scene Presented at Athens, Oregon.

PENDLETON, Ore., Dec. 3.—A remarkable thing happened today when W. B. Bannister, of Weston, brought to Athens and turned over to another his son, Ross Bannister, charged with burglarizing Max Lewin's store at Athens. Bannister is a boy of 18, and is arrested with John Stambaugh, a boy of 20.

Bannister had been arrested last Saturday, by Deputy Sheriff Stambaugh, who brought him from Wild Horse mountain to his father's home in Weston. As the deputy was knocking on the door, to inform the boy's father of the son's arrest, the boy broke away and escaped into the darkness and could not be found by the officers.

His father at the time of the escape expressed the hope that his boy would be captured and be sent to the penitentiary, because he was possessed of a natural penchant for stealing.

Today the remarkable sight was presented of a father appearing in court and delivering his son over to the officers of the law. Although but 18, Bannister has a record as a thief and burglar such as appears against few hardened criminals.

MILWAUKEE, Dec. 4.—Information received in this city is that in accordance with later orders of the war department, several regiments of the United States army will in a few weeks embark for the Philippines. The order, which is said to include the Third Infantry from Fort Snelling and the Second and Third Fourth, Fifth, Fifth and Twentieth regiments requires that these regiments be prepared for prolonged foreign service in the tropics, outside the limits of the country, are ordered to rendezvous at San Francisco between January 1 and 12. The full detail will number 6000.

News of Explorer Andree. STOCKHOLM, Dec. 2.—An explorer, named Andree, has reported to the Swedish-Norwegian minister at Paris, that he has found in the vicinity of the Ural mountains a bottle containing two papers, one of which bore the following, written in French: "Andree's balloon has crossed the Ural mountains. ANDREE."

The other paper, inscribed in Russian, gave the letter to the consular police.

Monetary Reform. NEW YORK, Dec. 2.—In the course of a statement by H. H. Hanna, chairman of the executive committee of the Indianapolis Sound Money League, made to the New York Chamber of Commerce, the speaker related a portion of a conversation with President McKinley, held Tuesday as follows: "The president told me, when I asked him what I could say to the people when I went back to begin work: 'You can say I stand thoroughly for monetary legislation, and I am determined every pledge the republic party ever made along this line shall be kept.'"

No Danger of an Outbreak. ST. PAUL, Minn., Dec. 2.—C. R. A. Sohey, Indian agent at Fort Peck, agency, Mont., telegraphs from Poplar, Mont. to the general office of the Great Northern as follows: "There is absolutely no foundation for the reported danger of an outbreak of Indians so far as this agency is concerned. I left Helena last night, and have seen reliable parties from the Blackfoot and Bellevue agencies, and I am fully satisfied that there is not the slightest danger of trouble at any point."

Observed at Washington. WASHINGTON, Dec. 2.—Brilliant official and religious ceremonies, commemorative of the 50th anniversary of Emperor Francis Joseph's accession to the throne of Austria, were held at St. Matthews church today. The ceremony was under the auspices of the legation, and in recognition of its national character President McKinley and Secretary Hay were present in behalf of the United States government, while the foreign governments were represented by the full strength of the diplomatic corps.

Great Day in Austria. VIENNA, Dec. 2.—Emperor Francis Joseph today, upon the 50th anniversary of his accession to the throne, issued a general order to the army thanking the soldiers for their loyalty and fearless valor throughout his reign, and declaring that he will ever look upon the army as the shield and protector of the throne and the Fatherland. Amnesty has been granted to political offenders in Hungary, and a number of decorations have been gazetted.

For Government of Hawaii. WASHINGTON, Dec. 4.—The Hawaiian commission has completed its bill for the government of the Hawaiian islands as a part of the United States and has also finished its report to accompany the bill, and both matters have been placed in the hands of the president by Senator Culom, chairman of the commission. It is the senator's expectations that the president will send the papers to congress some time next week, and that he will ask early considerations of the bill.

American Flag Went Up. HAVANA, Dec. 4.—At noon yesterday the American ensign having been previously taken charge of Sancti Spiritus and Trinidad, in Santa Clara province, the stars and stripes were officially and with impressive ceremonies hoisted over the city hall and military government and other public buildings in these cities. When the flags were unfurled the band played the "Star Spangled Banner," and the crowds cheered enthusiastically.

Sailed From Porto Rico. PONCE, Dec. 5.—The transport Berlin with the First Kentucky regiment, sailed today for Newport News. General Guy V. Henry and his staff are also on board the Berlin, bound for San Juan, where the Berlin will come tomorrow. General Burke succeeds General Henry, the latter taking command of San Juan.

presence of 67 members. The usual resolutions were offered and adopted. Mr. McBeide, of Oregon, presented the credentials of his newly elected colleague, Sison, to whom the vice-president administered the oath of office. Pending the receipt of the president's message, the senate took a recess of 30 minutes.

At 1:35 the committee appointed to wait upon the president reported the performance of its duties and announced that the president would communicate with the senate in writing. Scarcely had the report been made when Mr. Hobart entered the chamber and presented the message. Hobart laid it before the senate and the reading began at once.

CANNOT RECOVER. Depositors in the Portland Savings Bank Have Now No Recourse.

PORTLAND, Dec. 5.—United States Circuit Judge Gilbert's decision last Saturday in favor of the defendant in the case of C. M. Patterson against Walter Barrell, virtually bars all further legal proceedings on part of the depositors of the late Portland Savings bank against the directors thereof to recover their unpaid deposits.

Judge Gilbert held that under the code the statute of limitations in the case of bank directors expires in three years, and as Patterson failed to bring action against the directors within that period, he had no standing in court.

This leaves hundreds of depositors, who had hopes of recourse against the directors, in the cold.

When the Portland Savings bank closed its doors in the summer of 1903, its liabilities were over \$1,000,000. But after it reopened a short time, many deposits were paid in full, and with the dividends paid up to date the indebtedness of the concern has been reduced to \$1,000,000.

The remaining assets are in the hands of Receiver Richard Nixon, who will make them go as far as possible to pay depositors some dividends.

THE TREASURER NOT LIABLE. The Idaho Supreme Court Sends an Important Decision.

BOISE, Idaho, Dec. 4.—The supreme court has decided the case of Binzhan county against the treasurer of the county, William Woodin, and his liability to recover some \$48,000 lost in the Bunting bank failure. The court, in effect, says that the defendants are not liable under the showing made. The case is decided on a demurrer interposed to the complaint, which the court says should have been sustained.

Charles Jenkins of the bank was deputy treasurer before Woodin was elected. He took a check from the tax collector for \$50,000, and the old treasurer's account and issued the balances to the account of Woodin, acting as his deputy also.

Four Killed and Several Wounded. BOSTON, Dec. 6.—Four men were killed and several severely injured at Port Independence, on Castle Island, in Boston harbor, this afternoon by the explosion of a mine which had been removed from the channel by a diver.

The men were engaged in carrying the mine from the shore to the interior of the island, to place it with other implements of the same nature which had been taken there since the war ended.

OF FOR Cuba. WASHINGTON, Dec. 6.—Orders for the complete occupation of Cuba are nearly ready and will probably be issued in the next few days. These provide for the movement of about 25,000 troops to the island by January 1. Most of them will be assigned to stations in Havana city and vicinity. The department declines to make public the list of regiments selected to move until the order is ready for issue.

Has No Use for Money. NEW YORK, Dec. 6.—At a meeting to be held next Monday the trustees of the Bowers Savings bank will reduce the rate of interest paid on savings deposits from 4 to 3 1/2 per cent. The action is made necessary by the plethora of money and the scarcity of safe investments which yield a sufficient return to enable the banks to pay 3 per cent to its depositors. It is probable that nearly all the savings banks in the borough of Manhattan will have to lower their rates.

Message Sent England. LONDON, Dec. 6.—The afternoon papers express satisfaction at McKinley's message with the exception of the allusion to the Nicaragua canal, which, to the mind of the editors, does not show sufficient appreciation of British treaty rights.

Clayton an Ambassador. WASHINGTON, Dec. 6.—The president today sent to congress the nomination of Powell Clayton, of Arkansas, to be ambassador to Mexico. Romero, the former Mexican minister, having been raised to the rank of ambassador, Mr. Clayton's promotion followed under an act of congress.

CONGRESS AGAIN IN SESSION. Marked Interest in the Convening of Senate and House.

WASHINGTON, Dec. 5.—In the opening hours of the last session of the memorable 55th congress the senate chamber presented an animated scene. The galleries were filled early, many of the spectators being visitors to Washington, who had embraced the opportunity to witness a congressional opening. On the senate floor the scene presented was unusually brilliant. Morgan, of Alabama, was the first senator to enter the senate chamber, and closely following him came the octogenarian, Morrill, of Vermont. One by one the members dropped into the chamber and the floor soon presented a scene as animated as that afforded by the galleries.

Promptly at 12 o'clock Hobart reported for order. Mr. Milburn, the venerable blind chaplain, in a profoundly impressive manner, returned "devout and reverend thanks for God's goodness to us as a nation and for his care of us since last gathered in the chamber."

The call of the senate developed the presence of 67 members. The usual resolutions were offered and adopted. Mr. McBeide, of Oregon, presented the credentials of his newly elected colleague, Sison, to whom the vice-president administered the oath of office. Pending the receipt of the president's message, the senate took a recess of 30 minutes.

FOR THE GOVERNMENT OF HAWAII

Report of the Commission Transmitted to Congress.

WASHINGTON, Dec. 6.—The president today transmitted to congress the report of the Hawaiian commission, together with the text of bills drawn by the commission for government of the islands as part of the United States. Three bills are formulated for the consideration of congress.

The main bill provides for the formation of the islands into a territory of the United States, to be styled the Territory of Hawaii. The bill contains provisions for government of the territory, giving it legislative, executive and judicial officers. A governor, secretary of the territory, United States district judge, United States district attorney and United States marshal are to be appointed by the president and an internal revenue district and a custom district are created.

Probably the most important portion of the bill is section 4 defining citizenship, which provides: "All white persons, including Portuguese and persons of African descent, and all persons descending from the Hawaiian race on either paternal or maternal side who were immediately prior to the transfer of sovereignty thereof to the United States are hereby declared citizens of the United States."

Provision is made for a legislature, to consist of two houses; a senate to consist of 15 members, and a house of representatives to consist of 30 members. The members are to be elected by general election.

The bill also provides for the election of a delegate to the house of representatives in congress, this delegate to possess the same powers and privileges accorded to other delegates in congress.

The governor is to possess the veto power, but his veto may be overridden by a two-thirds vote of both houses of the legislature. The legislature is authorized to create town, city or county municipalities. Foreign lands and articles imported into the islands after July 7, 1898, are, if afterwards brought into the United States, to pay the same duty charged upon like articles which are imported from any foreign country.

Existing laws of Hawaii, not inconsistent with the constitution and laws of the United States or this act, continue in force subject to repeal or amendment by the legislature of Hawaii or by congress.
