

ITEMS IN BRIEF.

From Saturday's Daily: Mrs. J. Test, of Spokane, is in the city visiting Mrs. E. M. Wilson. Isaac Stern, editor and proprietor of the Hebrew News, of Portland, is in the city.

Register J. P. Lucas, of the land office, accompanied by his wife left on the morning train for Portland. Mrs. L. Grey, who had been visiting her parents in Oregon City the past week, will return on the host this evening.

Sheriff Kelly returned last night from Cascade Locks where he had been to attach property belonging to Dr. Candiant. Skating on the sloughs above town is excellent, and a good portion of the small boys with some of the large ones have been gliding over its glassy surface all day.

This morning Loui Comini's dog driving horse was disposed of in a race, the ticket being drawn out of the hat by Mrs. Gollinger's little boy, and No. 196, held by Henry Boyne, drew the prize.

Today County Clerk Kelsey issued two sets of jury tickets for use tomorrow. The parties to whom they were granted were James E. Lane and Miss Anna M. Adkins, John W. Taylor and Miss Eldon King.

Yesterday was one of the worst days ever experienced by Cascadia Locks and Vancouver. The wind was a perfect gale and the seas would run clear over an ordinary boat.

News being rather scarce, it may not be out of place to mention that it is snowing. That is, a few particles of congealed water are falling from the heavens, but they are so fine it needs a magnifying glass to see them.

The Bellevue (Town) Herald of the 23rd mentions that Joe and Gus Bonn would leave that place for their home in The Dalles, but intimates that Joe has business in Bellevue that may call him back. Wonder what it can be?

It would not be bad policy for Dallesites who were good from Portland, to order them at once, for the indications are that the river will close before long, and a blockade on the railroad may occur with the first heavy snow.

There was an inch of ice on the still water in the canal at Cascade Locks yesterday and it took the Flyer two hours to break its way through. With the ice forming so rapidly in the locks, they may have to be closed at any time.

The effort that is being put forth to institute a philanthropic society in The Dalles is worthy of encouragement. All musically inclined people of The Dalles should lend it their assistance. A good full membership of the society will result in a revival of interest in music.

The Seufert & Condon telephone line was connected with Kigley today, and The Dalles talked with that place this afternoon. A new style of phone is in use on this line that is superior to anything heretofore in use.

Joe and Gus Bonn returned home yesterday from a visit of two months in the middle west. They were in Colorado, Nebraska, Iowa and Illinois, but found no place that suited them so well as Oregon. They had been experiencing zero weather for a month and when they crossed the Mississippi it was frozen over. They were delighted to get back to the mild climate of Oregon.

From Monday's Daily: B. L. Murchie, of Wasco, is in the city. Mr. and Mrs. Frank Fulton, of Biggs, are in the city.

Sheriff Kelly was called to Cascade Locks on business again today. George E. Shlain, of Baker City, arrived here on the morning train. Miss Shelton, of Portland, has taken a position as compositor on the Chronicle.

All Kligts are requested to attend the regular meeting in Castle Hall this evening. Seven members of Joseph Shannon's family are confined to the house with the mumps.

Capt. Lewis has lost his spectacles—white metal nose glasses. Finder will please return them to him. Mr. and Mrs. W. A. Booth and daughter arrived here yesterday from Prineville, and are en route to South-Weaver Oregon.

The latest things in Acetone tins and stock puffs, recently by express today direct from New York at Pease & Mays.

Floating ice closed the river at Crate's point this morning and the channel at Mouthouse Island was also closed. Last night the mercury registered ten degrees above zero in the open air, and the gauge in the river indicated a zero temperature.

For a limited time Pease & Mays are offering an tan dollar suit, in their large stock of men's clothing, for seven dollars and twenty-five cents.

The river presented a beautiful sight today. It was full of floating ice that had the appearance of large blocks of old moving down the stream. A Christmas present that would be very acceptable to The Dalles and every other section of the state, would be the news that the volunteers at Mantle have ordered home.

Men the following officers were elected for the coming year: Sachem, M. S. Shoren; senior sargamore, Charles P. Johannesson; junior sargamore, Henry Nagel; prophet, S. H. Frazier. The Little Steamer Inland Flyer undertook to make the trip between Portland and here yesterday, but owing to floating ice in the river only got to Viento.

On the evening of the 28th, in the Congregational church, Capt. John W. Lewis will deliver his lecture on the recollections of the civil war and his experience in Little Rock.

A display of new wear that is certainly ahead of anything ever shown here, may be seen in Pease & Mays furnishing goods window. See them if for no other reason than to know what is correct and stylish.

Everything in the county clerk's office is confusion today. The records are being taken out of the vault and are being piled up in the clerk's office to make room for the new vault furniture that will arrive in a few days.

Euphrates Boucher, editor of the Mt. Vernon, Mo., Fountain and Journal, spent the day in the city visiting his cousin, D. J. Cooper. Mr. Boucher has been on a tour of the West, and is now on his return. He leaves on tonight's train for Missouri.

Last evening Rev. W. V. Holtz preached an impressive sermon in the Christian church to an audience of about 200 people, the subject being "The Witness of the Spirit." His discourse was well worded, and was well appreciated by all who were in the church.

For several years past The Dalles has had the reputation of being the Powder, east of the Blue mountains, but indications are favorable now that we will have all the ice we need right here at home. If so thousands of dollars will be kept at home that have been sent away for congealed water.

A fellow stole a few electric light globes from the Mackley building in Portland recently, and was sentenced by Judge George to one year in the Multnomah county jail. It appeared from the evidence that the thief was working to get a winter's lodging in the county jail, but got more than he bargained for.

At 10:15 Saturday night the boat in the chimney of the Cosmopolitan caught fire and made a beautiful blaze that reached about ten feet above the building, and caused those who saw it to believe the building was on fire.

An alarm was sounded that called out the fire department, but their services were not needed as the fire went out by its own accord.

Saturday afternoon telephone connection was made between The Dalles and Kingsley, and late in the evening, George Wentworth, line superintendent for Seufert & Condon, called on the Times-Mountaineer editor from Kingsley.

So perfect was the transmission that Mr. Wentworth could be heard when talking in a whisper some 40 miles away, which evidenced the superiority of the line and the phones which the company is using.

Last night G. C. Rich was arrested by Policeman Phirman, and lodged in jail. This morning he was given a hearing before Recorder Gates on a charge of being drunk and disorderly, and was given the option of paying a fine of \$5 or serving two days in the city jail.

Not having the V, he chose to spend a couple of days in jail, and to drive away the blues, will exercise on the city woodpile. It is probable that when he gets out of his scrape his wife will lodge a complaint against him for threatening to kill her.

From Tuesday's Daily: J. J. Gibbons, of Hood River, is in the city. Mr. and Mrs. W. H. Dufur are visiting in The Dalles today.

Mr. and Mrs. Wm. Cantrell of Dufur, are visiting in the city. J. B. Golt will go to More this evening to do some surveying.

John West, one of the prosperous cattle men of Wash., is in town. James Elkins, one of Albany's pioneer citizens, was in the city last night.

This morning two car loads of hogs from Elgin passed through here en route to Troutdale. Clayton L. Mix, advance programer for Hi Henry's minstrel, is a guest at the Umatilla house.

Remember Hi Henry's big white minstrel appear at Vogt's Opera house, Saturday, Dec. 17.

The steel furniture for the vault at the court house has arrived and will be put in place in a few days. The river between here and Rockland was closed with ice this morning for the first time in two years.

So far colder weather has been experienced during December than for several years past. Last night thermometers registered 8 degrees above zero.

The Maharajah ministers at the Baldwin for the "Dazzler" at the Vogt. The Dalles is surely becoming metropolitan.

The lower part of town was "dry" for some time this afternoon, the water having been turned off so that connections could be made with the new mains.

"Is it so?" Well they wouldn't advertise it if 'twasn't. A. M. Williams & Co. are offering one-third off regular prices, on a lot of men's fine suits.

W. A. Booth, wife and daughter, of Prineville, left on the morning train for Sag Delco, Cal. Mr. Booth's health is poor, and he goes to Southern California to spend the winter.

Mr. and Mrs. A. J. Swift, of Waukegan, are visiting in town. Mr. Swift reports pretty cold weather in the country south of here. He says he left home yesterday morning, the mercury registered 10 above zero.

There is an I-pod River a little industry that has as yet attracted but little attention. It is the distillery situated by Mr. Steigler, which is being used to work up fruit that is not marketable. It will turn out several hundred gallons of apple-jack and brandy this season.

Mr. Kent, of Hood River, is in the city today, and says arrangements have been about completed to secure the building of the large saw mill at that place, by Captain Davidson. The mill, when built, will have a capacity of 100,000 feet of lumber per year.

George Nolan, one of the leading farmers of Dufur, was in town today. Mr. Nolan says snow is needed now more than anything else in the farming sections. A good snow would cover up the grain so that it would grow right along despite the cold weather.

This morning Ed. Marshall, the Golden Gate Stage man, was unable to get his stage across the river on account of ice, so he put on a pair of long snow shoes, loaded the mail sacks on his back, and crossed the river on nature's bridge.

Hi Henry's big city widepread aggregation of fifty all white performers will appear at the Vogt opera house, Saturday, Dec. 17. This company is especially organized for the large cities and is everywhere pronounced the largest, most expensive, and best of its class.

They are now filling in a few stands prior to their opening at the Marquam Grand, the leading theater in Portland, and from there they go to San Francisco. The Press of Desper, Salt Lake and the eastern cities are high in praise of this organization, and our amusement patrons will be given an opportunity not likely to be repeated this season.

While in search of news this morning the Times-Mountaineer reporter called at the store of the Jacobson Book & Music Co., and found there one of the busiest places in the city. The shelves were arranged in the most complete and varied stock of holiday goods ever brought to this city, and displaying a stock that cannot but be appreciated by those in search of Christmas presents.

Active solicitors wanted everywhere for "The Story of the Philippines" by Murat Halsted, commissioned by the Government as Official Historian to the War Department. The book was written in army camps at San Francisco, and the Pacific with General Al Merritt, in the hospitals at Honolulu, in Hong Kong, in the American trenches at Manila, in the insurgent camps with Aguinaldo, on the dock of the Olympia with Dewey, and in the rear of battle at the fall of Manila. Bonus pay agents. Beautiful of color plates. The book is illustrated by photographers on the spot. Large book. Low prices. Big profits. Freight paid. Credit given. Drop all trashy unofficial war books. Outfit free. Address, F. T. Barber, Sec'y, 56 Dearborn St., Chicago.

"The Dazzler" He had been many a day since a Dalles audience was better entertained than that which attended the show given by the "Dazzler" at Vogt's opera house. The play is in three acts, but is almost devoid of plot, yet so cleverly do the actors perform that the audience is continuously entertained. Every member of the company is good, there being no particular star for all are stars. The singing is of a high order, the dancing is good, and the musical turns by Kelly and Beddell is fine. Their performance on obolets and with sleigh bells is perhaps the best part of the show, though it is all good and well worthy of patronage.

The "Dazzler" should be greeted by a good house this evening. Preparing for Winter. Everything has been pushed and bustle about the D. P. & A. N. dock of late. The floating ice has impeded the management that winter, is here and that things in exposed places on the river are not safe. In consequence the Rescuer, the wharf boat and the old hull of the Dalles City have been towed up into hungry harbor, a half mile above town where they are put into winter quarters, and will be kept there until the danger from floating ice has passed. The ferry boat Kleckler has also been taken into the harbor of safety where it will remain until it can be taken down the river to where it is intended to be used.

MEET A JUST FATE. A Presumptuous Sailor is Shot by an Enraged Father. A Long Creek dispatch dated Dec. 9 says: A messenger who arrived in this city late last evening from Sasauville, in quest of a surgeon, reports the shooting and probably fatal wounding of Joseph Frazier by an aged miner named Snodderly. Persistent attention on the part of Frazier toward Snodderly's 17-year-old daughter is said to have been the cause of the shooting. It is said that on the morning previous to the trouble the old gentleman made arrangements preparatory to bringing his daughter to Long Creek. Frazier objected to a demonstration, and the two were exchanged. Later, while Snodderly was in the Keeney store, Frazier came in, and Snodderly picked up a rifle and fired, the ball entering the lower portion of the right lung and passing through the liver. According to the statements of persons down from Sasauville, the sentiment of the community is with Snodderly, as it seems that Frazier's attention toward the girl had been prohibited by the father, and when he attempted to interfere with the old gentleman's plans to remove her to this place he knew that serious trouble would follow.

Overworked workman kind, are quickly and speedily cured by Karl's Clover Root Tea, the great blood purifier and tissue builder. Money refunded if not satisfactory. Price 25 cts. and 50 cts. Blakeley & Houghton, druggists.

Catholic Knights Convention. The biennial state convention, Catholic Knights of America, for Oregon, was held at the residence of Rev. A. H. Brown, in this city last evening. There was present the following delegates: M. Zan, F. Dresser and P. J. Sharrott, of Portland; E. Henasia, E. J. Boller, Oregon City, M. J. Hammegard, Eugene; Rev. A. Bronsgeat, M. T. Nolan, M. Melonis of The Dalles.

Does This Strike You? Muddy complexion, nauseating breath, come from chronic consumption. Karl's Clover Root Tea is an absolute cure and has been sold for fifty years on an absolute guarantee. Price 25 cents and 50 cents at Blakeley & Houghton, druggists.

Following is a record of the scores made by the different bowling teams on the club alleys during the past week: Hosteller, Vause Phillips, 456; Ketchum, Jayne, A. Olson, 552; Nolan, Stephens, Wood, 477; Sinnott, Bennett, Ballard, 485; Schmidt, Bradshaw, Houghton, 484; Mays, Grimes, Samsom, 569; Kurlitz, Seufert, Stadelman, 668.

Two as one. A few mornings since a Dalles housewife arose to get breakfast and was unable to get any water out of the hydrant in her kitchen. It having been quite a cold night, the obstruction of course was ice in the pipe, and a plumber was summoned at once. He examined the pipe, and pronounced the obstruction frost. Though after giving space a half hour heating the pipe, he could get no water through it, and secured a force pump to remove the obstruction. One stroke of the pump, and out wigged a lively little fellow about six inches long and just large enough to fill the pipe. How he got there is a mystery, as there is supposed to be his screens over the entrance to all the water mains.

Care of the Feet. Directions for Reducing Their Swelling. It is a never-ending source of wonder that so very few women understand the proper care of the feet. They would be shocked by words if told that their feet were entirely neglected, but such is the case. How very few women would feel perfectly at ease if they were suddenly asked to remove their stockings. For cleanliness is not everything, and if the feet are neglected the nails get out of shape and order, and the skin is not so smooth and white as nature intended it should be.

Dr. Miles' Nervine. A REMEDY FOR THE Effects of Tobacco. THE conservative use of tobacco, especially by young men is always injurious and undoubtedly shortens life materially. Mr. Ed. C. Eban, compositor on the Contra Costa News, Martinez, Cal., writes: "I have used Dr. Miles' Restorative Nervine and received much benefit from it. I was troubled with nervousness, dizzy spells and sleeplessness, caused by the use of tobacco and stimulants. I took Dr. Miles' Nervine with remarkably good results, allaying the dizziness, quieting the nerves, and enabling me to sleep at night. In my case a very beneficial remedy." Dr. Miles' Restorative Nervine is especially adapted to restoring the nervous system to its normal condition under such circumstances. It soothes, heals and strengthens.

Dr. Miles' Restorative Nervine. Dr. Miles' Restorative Nervine is sold by all druggists and is guaranteed. Beware of cheap imitations or money refunded. Book on diseases of the heart and nervous food. Address: Dr. Miles' RESTORATIVE NERVINE CO., SILVER SPRING, MD.

bank, would be as one. This was when "Grand Dalles" was at its zenith. This dream has been realized, for nature has stepped in, and made a bridge of ice across the river, and there is nothing to prevent communication between Ore. on and Washington at The Dalles. The bridge is firmer and wider than any that man will ever make but may not be lasting for the welcome chinook will come some of these days and cause it to disappear.

A Commendable Enterprise. Few people realize the magnitude of The Dalles steam laundry, an industry that has opened up in the city in the past few months, nor do they realize the amount of money it is keeping here that formerly went to Portland for laundry work. This institution gives employment to 14 hands who are working on good salaries, and what they earn is spent here for supplies. Such an industry is entitled to encouragement and support, for it is giving home people employment and keeping our money at home that The Dalles will be made prosperous.
