 Some Portlanders are proposing to consolidate the city and county, and make one set of officers suffice for the two that now exist.  "On the Swanne River," which comes to the Vigil opera house next Monday evening, Jan. 18, is a new departure in the line of southern dramas. While it introduces some colored people in the plantation scenes, it does not in any way depend upon them to attract attention to the disadvantage of the story and the interest of the audience. The scene in which the colored people are introduced is a perfectly natural one, and in it are introduced the songs, dances and pastimes of the plantation hands. When the scene is finished the darkeys are no longer on the stage. This takes it should be that kind of talent is all well enough in its place and when not overdone is interesting and amusing.

 Many men and women are almost within the deadly grasp of consumption. Although the hand is unseen, its presence is made known by unmistakable symptoms. Catarrh often leads to consumption. A stubborn cough, sore throat, pains in the chest, bronchitis, bleeding at the lungs, loss of flesh and general weakness are warnings that this relentless disease is about to gather in a victim.
 A remedy for all the diseases which, if neglected or badly treated, lead up to consumption, is found in
Dr. Pierce's Golden Medical Discovery.
 It builds up the weak places and fortifies the system against the onslaught of disease. It helps the appetite, assists digestion, is an aid to the proper assimilation of food, and helps to purify the blood of all its impurities. It is a strictly temperance medicine, containing not an atom of whisky or alcohol in any form.
