

ITEMS IN BRIEF.

From Saturday's Daily. G. D. Woodworth, of Hood River, is in the city. James Brown the prosperous Tygh Valley sheepman from Olympia, where Miss May Johnston and Miss Minnie Lawson are in the city from Wasco. J. H. Johnston, of the firm of Johnston Bros. of Dufur, is at the Umattila House. Miss Lizzie Farmer of the Times-Mountainier force, left on the early morning train for a short visit in Portland.

Miss Mary Frazier one of the teachers in the Portland public schools, who has been visiting Mrs. W. H. Wilson returned home this afternoon. Second rank work and other business of importance will come before the K. of P. lodge next Monday night. All Knights should attend. Hon. Leon W. Curtis, representative from Klickitat county arrived in the city last evening from Olympia, where he has been attending the legislature. He came to spend Sunday with his family at Grand Dalles.

After Mr. McEwen's performance this evening a reception will be given him by his brother Elks of this city who will serve refreshments and do all in their power to make it pleasant for the professor until the arrival of the 11:30 train on which he leaves for Pendleton. The dog law now pending before the legislature is much interested to many farmers throughout the state who keep small flocks of sheep. During the last few years much damage has been done by worthless cur killing sheep, and the farmers are anxious for something to be done about it quickly.

At about 3 o'clock this morning a fire started in the city jail which was discovered before any damage was done. It was caused by a stovepipe coming heated and igniting the dry wood. One of the prisoners in the jail discovered it and with the aid of the night watchman, who was there at the time, it was quickly extinguished. William Shearer who died last Monday, near Portland, from pneumonia, was a resident of Klickitat for 12 years, having moved from Goldendale to the Willamette valley. His remains were buried in Goldendale cemetery Thursday, Mr. Shearer was born in North Carolina, in 1828, and crossed the plains in 1864, and settled in Oregon. He was a highly respected citizen, and left a wife, five sons and one daughter.

This being Saturday has proven a gala day for those attending public schools. The ice on the sloughs is as smooth as a mirror and of sufficient thickness to make it perfectly safe for any number to skate on. The younger element are not overlooking the opportunity to enjoy skating on the open ponds. These engaged in stores and other places are looking forward to an enjoyable time tomorrow, providing the skating holds out and from indications they will not be disappointed. A meeting of the Waco county estate men was held in the court house at 1 p. m. today. John Johnson, of Dufur, was chosen chairman, and W. H. Hartman served as secretary. About twenty representative cattle men were present but owing to the large number - he were unable to attend on account of the severity of the weather the meeting adjourned to meet at Dufur on Saturday, February 25, at 1 p. m. It is thought that they will make an effort to have the range allowed them the same as the sheep men.

Yesterday evening ice began to run in the river to large quantities, and everyone was surprised to find that the ice had fallen from shore to shore with slush like, and was moving slowly towards Crates Point. The river is blocked at the latter place and when the floating mass becomes stationary the river will be closed far above the city. The blockade was unexpected that no provision was made to put the boats in a place of safety, and some trouble may result when the ice begins to move down. Word comes direct from New York that the Union Pacific will order forty three freight locomotives. The engines would be ordered by the same officers in New York, it would mean the largest locomotive order placed by a western company in many years. It would necessitate a cash outlay of \$600,000 or thereabouts. None of the local officials of the Union Pacific are likely to authenticate these reports, but as J. P. Gunn, the mechanical superintendent, is still in New York, it is likely that some important developments will soon come out regarding motive power and equipment.

The weather last night was about one-half degree warmer than on the preceding night while reports from the country state that it was somewhat colder than it was on Thursday night. At Moro the thermometer went down to ten below zero while reports from K. E. K. state that it was. Forecast officials state that the indications for warm weather about Sunday night are good while on the other hand the cold spell may possibly keep up for some time yet. One good feature of the present weather is that it is not accompanied with snow or sleet which makes it much easier on stock. Considering that last evening was McEwen's first in our city the attendance was fairly large and an excellent performance was given. This year he does not do developing work with his class in the afternoon he did the musical specialties. McCoy, while in the mesmeric state, is very interesting, while his juggling feats are little short of being wonderful. Miss Grace Maynard certainly deserves the title of being the greatest cataleptic subject living, and this alone is worth the admission price. McEwen has improved wonderfully since his last visit to the Dalles, and the scene of which he is certainly master is worth the study of the public.

From Monday's Daily. S. V. Mason, of Boyd, is in the city. This afternoon John Sheebs, who is charged with assault with a dangerous weapon, furnished the required bonds, one thousand dollars, and was committed to the city jail. Charles Durbin left for his home at Astoria this morning. Hon. A. S. Bennett went to Portland on a business trip today. George Blackley and wife returned last evening from a few days stay in Salem and Portland. Mr. and Mrs. L. E. Crowe left yesterday for Portland where they will spend a few days. Miss Helen Lytle, who has been attending school in The Dalles, left for her home, in Wasco, yesterday. Saturday evening Wood Bros of this city shipped a carload of prime muttons to the Portland stock yards. Hon. Leon Curtis, of Grand Dalles, representative from Klickitat county, left this morning for Olympia, having been spending Sunday with his family. Two carloads of fat porkers from A. A. McCully, of Wallawa County, were fed at the stockyards today, after which they were loaded and shipped to the Union Meat company's slaughterhouse at Troutdale. Today numerous persons are taking advantage of the freeze up by walking across the river to the state capital of Washington. The ice is packing harder all the time and if the cold spell continues a few days longer teams can be driven from store to store.

ing. She was joined by her husband at this place and they went on to Heppner to spend a few days. Michael Moran and wife were in the city today from their farm near Centerville. R. B. Wilson of the Burlington Route is in The Dalles on a business trip. A. P. Bradbury, the well known traveling salesman is in the city from Astoria. That square Tam O'Shanter you've been looking for can now be had at A. M. Williams & Co's. Miss Lizzie Farmer returned last evening from a few days visit to Portland. A small sized, flat, latch key was found on Second street recently. Owner can have same by paying for this insertion. The members of the Episcopal Guild are prepared to take orders for all man-made useful and fancy articles that will be included in their Easter sale. A sample line, two alike - of ladies' silk waists have just been opened by A. M. Williams & Co. They're in popular prices and hint on coming spring styles. George Friend the genial village blacksmith from Kingsley was in the city yesterday and left on the overland train last evening for Portland, on a short business trip. The ladies of the Episcopal Guild meet with Mrs. W. E. Garretton tomorrow afternoon to perfect arrangements for their fourth annual Easter sale, therefore a full attendance is requested. The annual meeting of the Jackson Engine company will be held at the council chamber this evening. All members are requested to be present as an election of officers will be held and other matters of importance attended to. "Smiling Albert" accompanied the Mitchell boys to Heppner last evening, and by walking across the river to the state capital of Washington. The ice is packing harder all the time and if the cold spell continues a few days longer teams can be driven from store to store.

Mr. Frazier, the enterprising Yakima sheepman, is in the city and gives encouraging reports from that section. He states that stock are in good condition and that an abundance of fine alfalfa hay can be purchased for \$3 per ton. The weather is about the same as here and there is no danger of a serious loss to stock. This morning Sutter Bros. put a force of men to work cutting and storing ice and if the weather continues a few days longer they will have an abundance stored to supply all needs. The ice is about four inches thick and is in splendid condition. It is the second opportunity that ice men have had to store ice during the winter and the river is frozen over for the third time, which is certainly an exception for Oregon. Less hoisting has been done in the Dalles during the last few weeks than since the always were first put in, and if something is not done in the near future to revive interest in the ice, it will be a thing of the past. At the Umattila House an unusually high score was made during the week while the same may be said of the club all the following scores were made, Monday, C. Heppner 55; Tuesday, Stanley 66; Wednesday, C. Heppner 55; Thursday, Miller 57; Friday, Ward 55; Saturday, C. Frank 54 and Sunday, C. Heppner 68.

Victor Schmidt had a miraculous escape yesterday while attempting to put out the fire at his father's residence. When the fire was discovered he ascended a ladder with a bucket of water, and catching hold of the chimney to balance himself, attempted to cross over the ridge in order to throw the water on the burning roof. This is certainly good news as both Schwartz and Sheebs have a host of friends who have been worried to wit a serious termination of what is certainly an unfortunate quarrel. Yesterday afternoon a large number of skaters witnessed with great interest a team of horses across the Columbia at this place from the Washington to the Oregon shore. It was with difficulty that they were induced to start across but when once started they came without any trouble. The ice is sufficiently thick to bear up a team and wagon as it showed no signs of breaking at any point over which the horses traveled. The Columbia Star Manufacturing company, of Portland, Oregon, have been introducing a new kind of soap known as Blue Mountain Toilet Soap. It is made from the product of a mineral soap mine located in our own state. It is the best five cent soap on the market. Their Sunshine scouring soap can't be beat. It will scour and clean anything, and is perfectly harmless to the skin as it contains no acids. For sale by E. J. Collins & Co.

That cycling will continue to be the outdoor sport this coming spring and summer is so indicated by the large shipments of wheels received by local firms. The coming mass of cycling celebrities in San Francisco brings to the coast all the prominent fast men of the East during the past season. Portland will be lucky indeed if the present arrangements to bring this class of riders to the coast are carried out, as it is from present indications they will come in force. The cycle show in New York, which just closed, marks a new era in this most enthusiastic game of the silent steed. Immense crowds have been present during the entire show and the lesson learned from the exhibit will be of much value to the riding public. Authorities on the fruit industry inform us that so far there is no danger of any of the fruit trees being killed even injured in this section by the cold weather. To kill peaches, which are the most tender of our fruit trees, will take a cold weather of ten degrees below. The winter frost of twenty degrees below to kill peaches, from twenty to twenty-five below to kill apples so there is apparently no danger of our fruit being injured by present weather since it has not been colder in any part of our Oregon than ten degrees and in most places much less. In the rally colder weather than we have been having is reported and they may far much worse than we do in this regard.

All doctors told Ronie Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed, but he cured himself with five boxes of Bucklen's Arnica Salve, the surest cure for all such troubles. Sold by Blackley & Houghton, druggists. Lost on River. Second Street, a gold watch. Full name Emma Janet Fisher engraved inside. Finder will receive reward by leaving same at this office, or returning to Mrs. Emma Rees. Rocky Ridge whiskey is most the popular brand. For sale by Ben Wilson.

City Council Meeting. The regular monthly meeting of the city council was held last evening. Mayor Nolan was present with Councilmen Knuck, Johns, Butts, Clough, Gunning, and Michelbach. The recorder read the minutes of the last meeting which were approved after which the bill of J. P. McEwen for \$185 for damages done to his goods by the overflow of a sewer between January 1st and 6th, was brought up for consideration and on motion was referred to the judiciary committee. The report of Charles Schmidt, who appointed at the last meeting to investigate the matter of the city against Waco county for taxes, was read and showed that the total delinquent tax up to January 1st of this year, was \$1,918.69. Of this \$50 percent is upon real property, and may be collected, while the remainder is on personal property, and is for the greater part non collectible. The subject of extending the O. R. & N. pipe line two or three blocks further east on First street, was discussed and referred to the committee on fire and water to estimate the cost of same. On account of the absence of Chairman Stephens consideration of the blanket license ordinance was postponed until the next meeting. The monthly reports of the officers were read and accepted. The recorder was ordered to present the bills for repairing the streets by filling in the ditches left by the contractors who cut in the water works to the water commissioners for payment. The bills of Maier & Benton were laid aside as they were not accompanied by the proper requisites, while the bill of the water works for January was also laid aside as it called for \$60 instead of \$32 which was the price previous to the putting in of the new system. The finance committee gave notice that no bills will be ordered paid in the future except accompanied by the proper requisites. On the recommendation of the marshal the following crosswalks were ordered repaired. On the east side of Madison across Second; the south side of Main across Court; the east side of Court across Main; the east side of Lawrence across the alley between Second and Third; the west side of Loughlin between Second and Third; west side of Jefferson across Second; the west side of Loughlin across Fourth; the south side of Third across Washington, and that on the west side of Second across Third. The recorder was instructed to correspond with J. E. Barnett to certain if the intended to remain in his position of councilman, after which the meeting adjourned.

The following bills were allowed: C. P. Lauer, Engineer, 75 00; G. W. Brown, Engineer, 75 00; Adolph Philman, Nightwatch, 60 00; C. J. Grand, H. Treasurer, 20 00; N. H. Gans, Recorder, 50 00; Electric Light Co. Lighting, 82 20; L. D. Don Co., Council Joint, 11 25; James Leary, pumping water, 5 00; Chas. Schmidt, exp. tax rolls, 43 00; J. C. Young, showing streets, 50 00; P. S. Gunning, repair, 1 80; Mays & Grove, maintenance, 4 50; W. R. Brown, 75 00; J. W. Blackley, hauling, 25 00; D. W. Wilson, 25 00; Wm. Harlow, 1 00; P. T. Barnhart, 1 00; The Columbia Star, hauling engine to fire, 2 50; This Jones, labor, 25 00; J. W. Harlow, 25 00; A. S. Atcher, hauling, 8 00; J. Harman, 3 60; Wm. Harlow, 25 00; George Reno, labor, 2 50; A. Kulehly, 4 25; J. J. Maloney, 2 50; J. J. Baker, 6 00; C. G. Powers, 5 00; J. W. Harlow, 2 50; F. Morban, 2 50; J. Hogan, 2 40; Dan Elshar, 2 40; W. R. Brown, 2 20; Chas. Fluere, 2 20; John Heubner, 4 10; Tom Maloney, 1 10; J. J. Jackson, nightwatch, 3 50; Cal Restaurant, meals, 3 00; Mrs. Frazier, 10 00.

A SQUIBB AFFAIR. Jack Sheebs shoots Mike Schwartz in the White House Saloon. About 4:30 Saturday morning Mike Schwartz was shot through the head by Jack Sheebs, a railroad conductor in the employ of the O. R. & N. Co., and is very dangerously injured. The shooting was the outcome of too much drink. Sheebs had been drinking quite heavily during the night and about 3 o'clock in the morning got into a dispute with Frank Summers, who terminated in a fight in which Sheebs was wounded. After the fight Summers returned and Jack Sheebs returned and they and Schwartz, who for several days past has been tending bar in the White House saloon, took a drink, but Sheebs left, Summers and Schwartz remaining in the saloon. About an hour afterwards Sheebs returned and coming up to the bar where Summers and Schwartz were, took a drink, ordered another, drew his pistol and shot Schwartz through the head, the bullet entering just in front of the right ear and coming out in front of the left ear. Sheebs then drew his pistol on Summers, who grappled with him forcing the pistol upward so that the second time it was discharged the ball went through the ceiling. Schwartz, although seriously wounded also grappled with Sheebs, and helped Summers force him to the floor, where he was held until Rocky Chenoweth, the night bartender, telephoned to Sheriff Kelly, who arrived as soon as possible and took Sheebs to jail, while Dr. Hollister was called to attend Schwartz. He found the wound to be very serious, the ball which was fired from a 44 caliber bull dog pistol having passed just underneath the brain, crushing the bones of the head in its passage. Everybody who is acquainted with the parties was surprised to learn of the difficulty, as both were considered respectable citizens. Sheebs has been on the road here for a number of years, and was very popular with all who know him, while Schwartz was a peaceable man, who avoided rather than seeks difficulties. The preliminary examination of Jack Sheebs for assault with a dangerous weapon upon the person of Michael Schwartz was held in Justice Bayard's office this Saturday. The prisoner waived examination owing to the absence of his attorney Judge Bennett and his bonds were fixed at \$1000. It is pleasing to note that the Oregon boys at Manila have distinguished themselves whenever opportunity has offered. They were the guard of honor when the Spanish surrendered, and received the arms of the proud Don. And during the time after peace was declared, had the pleasure of forcing the surrender of the entire Spanish fleet. Roy Ballard, who was killed by Roy Ballard written to his father under date of December 26th, that the Oregon boys had won every game of ball so far, their last game being with the Minnesota team, in which they scored 11 runs.

Sparking of the Christmas dinner which his company had, Roy said it was first class, the bill of fare (chicken and beef), two kinds of meat (beef and chicken), mashed potatoes and brown gravy, apple pie and pumpkin pie, and five freezers of good American ice cream, (a thing seldom seen in Manila.) Captain Wells also treated the company to ten gallons of punch on Christmas day, which was very acceptable. The Oregon Company to which he is attached, has been assigned to the First Battalion, under command of Major Gentine who is a very pleasant and considerate officer. Woman's Relief Corps. On last Saturday evening the ladies of the W. R. C. enjoyed an unusually pleasant social affair at the regular meeting. The hall was well filled. The comrades of the Grand Army and many invited guests seated the numbers, and the hall was prettily decorated with flags, bunting and wreaths of cedar. The evening was spent in a flourish of condition, as four candidates promised allegiance to the principles of this grand order, under the folds of our beautiful banner, at this session of the W. R. C. The program rendered was an exceptionally good one. Miss Eustell Morgan recited "Lascas" admirably. Mrs. Ollie F. Stephens carried us back in memory to the real war, and strengthened our love for the dear old flag, by reciting with fine expression, "Barbara Fritchie." Mr. B. Anson sang with effect, and several sentimental songs which appealed to every heart. Miss Pearl Griggs delighted the audience with piano solo, last but not least the sweet strains of the mardolin and guitar trio, composed of Mr. and Mrs. J. E. Harlow. Mrs. Irving Perkins filled the room. A call was soon issued for the march which led the entire company to the well filled tables where baked beans, sandwiches, cake and coffee were daintily served. The committee deserve credit for the fine work they carried out in the details of the affair. Later on the "Musical Chair" was played and after many attempts all were seated save one, Mrs. Stella Ruffner, who carried off the prize, a "Dewy" souvenir is poem. All joined in singing our own America, and then "good night." Children For Adoption. One girl babe three months; one boy babe four months; one boy babe twenty two months; one boy three and half years and one girl eleven years. They are all bright children, several homes are open for older children. I. F. TOBEY, Supt. Oregon Children's Home Society, 603 Marquam building, Portland Oregon.

Another Fire Checked. Good Work of the Department Prevents a Bad Blaze at Charles Schmidt's Residence. At about 11 a. m. yesterday the fire-bell once more warned the people that the city was in danger. At the time most of the church-going people were attending services, and unfortunately for the pastors of the respective congregations the collection had not been taken up. This did not prevent the faithful from immediately crowding out to see if their property was in danger and the ministers of the gospel suffered in consequence. It was found that a fire had started in the roof of Charles Schmidt's residence in the west end, and although it was some time before a sufficient number arrived to help the department out the Jacksons had a stream on from the hydrant back of the sisters academy before the fire had gained much headway. Shortly afterwards the Columbia had their nose attached to the engine from the front on Third street near the Catholic church. Willing hands worked diligently and in less than a half hour the fire was out. Shortly before the fire started one of the fuses burned out and it was thought at the time, since there was some snow on the roof, that there was no danger. Part of the roof was bare as the sun had thawed the thin covering of snow and the shanks falling on the dry shingles were soon fanned into a blaze. As yet the damage has not been fully estimated and it is thought that two hundred dollars will cover the same. The fire was in such a position that little damage was done by the flames, the most resulting from the water. Sunday seems to be a great day for fires in The Dalles as the majority of the alarms recently turned in have been on Sunday while the big fire of last summer occurred on Sunday night. Many compliments have been paid to George W. Harlow on account of the service rendered both at the Columbia Hotel fire and that of yesterday. Being a first class fireman and climber he goes in places where others would fear to venture and as both of these fires he was thoroughly soaked with the icy cold water and he stands it all without a murmur and all danger is past. Yesterday his clothing was frozen stiff when the fire was put out while icicles were hanging from his clothing in abundance so cold was the weather.

Discovered by a Woman. Another great discovery has been made, and that, by a lady in this country. "Pleasee" fastened its clothes upon her and for seven years she has worn it with success, but her vital organs were undermined and death seemed imminent, for three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, she has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes C. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at Blackley & Houghton's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

Deeds, agreements, contract leases, and right of way deeds were placed on record in the county clerk's office today as follows: An agreement from Max Vogt et al, an agreement from G. B. Halvor and wife, a contract lease from Andrew Ganger, contract lease from W. H. Vanbiller and wife, contract to the O. R. & N. Company and a right of way from Geo. B. Halvor, all to the T. T. Nicholas coal mining company. All the above property is situated on or near Chenoweth creek three miles west of The Dalles, this being the place where the above named mining company has been prospecting for coal and other minerals. The members of the company speak but little about the prospects and no one but themselves know anything about the results of their search for coal.

The Appetite of a Goat. Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at Blackley & Houghton's drug store. The Dewey sweaters for boys at A. M. Williams & Co.

Wall Paper, Paints, OILS, GLASS, ETC. Finest line of Wall Paper in the city. Send for Samples. Painting, Paper-Hanging and Kalsomining a Specialty. Third Street, The Dalles, Oregon.

"Imperial" Wheels ARE THE BEST. SO ARE THE... FARM IMPLEMENTS... HANDLED BY... W. A. JOHNSTON & COMPANY. Complete line of Plows, Harrows, Drills, Cultivators and Machine Extras. Clearance Sale of Bicycles. Chas. J. Stubling, WHOLESALE Wines, Liquors, Cigars and Beer. The Celebrated Val Blatz Beer, Anheuser-Busch Nutritive, a non-alcoholic beverage, unequalled as a tonic. 173 Second Street, The Dalles, Oregon.

We wish to clear out all old stock before moving into new and have some bargains. This is an opportunity to buy at half regular price. THE CELEBRATED Columbia Brewery Get a Bicycle Cheap All wheels sold at half regular price. AUGUST BUCHLER, Prop. This well-known brewery is now turning out the best Bee and Porter east of the Cascades. The latest appliances for the manufacture of good healthful Beer have been introduced, and only the first-class article will be placed on the market. East Second Street The Dalles, Oregon

La Grippe, Followed by Heart Disease, Cured by DR. MILES' HEART CURE. M. R. C. SCHULTZ, of Winterset, Iowa, inventor and manufacturer of Schultz's Safety Valves, writes of Dr. Miles' Heart Cure. "Two years ago an attack of La Grippe left me with a weak heart. I had run down in flesh to mere skin and bone. I could not sleep for days for another spell; frequent sharp darting pains palpitation and a constant fear of sudden death, nothing could induce me to remain away from home over night. My local physician recommended Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I feel as though I had run down in flesh to mere skin and bone. I could not sleep for days for another spell; frequent sharp darting pains palpitation and a constant fear of sudden death, nothing could induce me to remain away from home over night. My local physician recommended Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I feel as though I had run down in flesh to mere skin and bone. I could not sleep for days for another spell; frequent sharp darting pains palpitation and a constant fear of sudden death, nothing could induce me to remain away from home over night. My local physician recommended Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I feel as though I had run down in flesh to mere skin and bone. I could not sleep for days for another spell; frequent sharp darting pains palpitation and a constant fear of sudden death, nothing could induce me to remain away from home over night.
