BATURDAY MARCH 11, 1896

ITEMS IN BRIEF.

From Saturday's Daily. B. E. Gilman, is in the city

Heppner. John Barry, of Goldendale, is in t city today.

J. L. Smith and wife, of Prineville are visiting in the city.

R. E. Haskinson, of Moro, guest at the Umatilla House. Herman Sichel, of Prineville, ar

rived in the city yesterday. W. T. Fullbright, of Antelope registered at the Umatilla House. Wilbur Hendricks and wife, of the

Kingsley neighborhood, is in the city Judge Marriner and Hon. J. A

Smith, of Gilliam county, are in the Mr. E. Brandon and son D. B Brandon are in the city from their

home near Dufur. Miss Susie Stott, who has be visiting Mrs. Hal French, for the pas month, left for her home in Portland

the city today from his home near the

Mr. and Mrs. Frank Lee, left for Heppner last evening, where Mr. Lee will ship several large consignments of wood to the eastern markets. Mrs. Wm. Jordon died at her home on Chenowith creek at 4 o'clock this

morning, after an illness of a few days with pneumonia. Besides her husband she leaves three small girls. A dancing party was given last evening by a number of young people of this city. The party was given in Chrysanthemum hall and was very

enjoyable, the music being furnished by Professor Birgfield. A number of railway engineers said to be in the employ of Jim Hill, of the Great Northern, are operating in the Yakima country. People in that section are of the opinion that a branch of the Great Northern will be

built through the Yakima valley in the near future. Leon Rodeau the enterpring Kingsley farmer, is in the city today. He Informs us that the farmers are at present unable to do much work the soil being too wet since the last rain to nights little can be done in the way

of sowing grain. meeting of the association at Pendlethe time when the Institute associa- Spicenger, 53; Sunday, Singleton 57. tion will meet in Pendleton, a large to the state association, will undoubtof officers will take place at this meet-

made in the odd Fellows cemetery near this city. Two men are employed in grubbing out all stumps, trimming | though all that medical science could the trees, improving the passage ways and in fact doing everything possible beautify the place. The work is der the supervision of Trustees J. Crandall, W. H. Butts and Thos. Ward, who go out quite frequently and see that the work is done in the best possible manner.

Billy Harding, the obliging freight conductor on the O. R. & N , has about concluded to abandon railroading and engage in steamboating. He is negotiating for the purchase of a starter in the steamboat businesss—the pilot house of a boat and a boiler-and if he makes the trade will launch his craft on Wallowa lake, where he is now prospecting. Billy's many friends here regret that he contemplates

A few of Arlington's cattlemen were treated to an unpleasant surprise last week by a couple of professional cattlebuyers, who failed to furnish the money to pay for the cattle they bought. A draft was given on Portland, but came back unpaid. The parties were located at Portland and brought to Arlington where they were given a prelimiary trial. Evidently the court delivthe preponderance of evidence to against the buyers who were held for

was appointed Thursday afternoon by Governor Geer, in accordance with the act recently passed by the legislature. It consists of Sam Howard, of Portland: H. G. Mever, of Salem, and Frank Rogers of Oregon City. Howard will serve four years; Meyer three and Rogers two. They will receive \$3 per day for actual service and mileage. The board is required to hold public examination of applicants for barbers' certificates at least four times a year, at such times and places as it may determine. The headquarters of the board will be in Salem. All the appointees had good indorsements.

Claude Branton, the condemmed murderer, made an unsuccessful attempt to escape from the Eugene jail Wednesday. The sheriff opened the door of Branton's cell and let him out into the corridor between the rows of steel cells, to exercise and wash. He was suddenly ordered to "throw up your hands." Looking up he saw Branton standing a little in the dark and holding in his hand what resembled a navy six-shooter. The sheriff was amazed, and thought possibly Branton had by some means procured a gun, but kept cool and said: "Oh, come off." In a few seconds Branton concluded that his ruse had been discoyered and laughed and said he meant nothing. Later he stated that if it had been a real gun he would have done some "real shooting."

From Monday's Daily. A. J. Preday of Cross Keys is in the

J. E. Huston, of Bakeoven, is visiting in the city. Additional interesting local matter

on fourth page. G. E Williams, of Hood River, spent Sunday in the city. T. H. Myers, of Hood River, is in

the city on business. Justice A. J. Brigham, of Dufur, spent yesterday in the city.

Charles Johnston, the Moro merchant is in the city on a business trip. J. F. Mitchell, agent for the New York Life, is in the city from Port-

Miss Cora Joles left this morning for a weeks visit with Portland

In the county court today the final report of J. W. Ward, executor of the

he report accepted by the court. George Bourhill, one of the prominent sheepmen of Grass valley, was in own today.

Mesdames B. M. Maupin and Lulu Rodgers, of Antelope, are guests at the Umatilia House. E. E. Savage one of Hood River's most enterprising citizens is registered

at the Umatilla House. T. W. Badder, of Cascade Locks was in the city today attending to business before the county court.

Before adjourning last Saturday the senate confirmed the appointment of H. H. Riddell to be postmaster at this

Flemming & Cates have bought the Benjamin wood saw, and are prepared to do jobbing work in any part of the city. See their ad in another column Hon. Samuel Farrel, representative from Multnomah county, who is interested in the canning business in this city is in The Dalles today attend-

ng to business matters. Frain No. I was annulled today, having been delayed in getting across the Rockies. The passengers and mail of that train will be brought on No. 3 tomorrow.

This evening a number of Wasco ounty wool growers will leave for Pendleton where the annual meeting of Wasco and Sherman counties, is in be held for three days beginning to-

H. Smith, traveling representative of the American Biscuit Company is in the city today. He is of the opinion that no war will take place between the eastern and western houses but rather expects a combine in the near future Mr. and Mrs. W. O. Hadley, of Was-

o,accompanied by Miss Mamie Smith, arrived in the city Saturday to visit the family of Mrs. L. Clarke. Mr Hadley returned to his home vesterday while Mrs. Hadley and Miss Smith will visit for a time with Mrs. Clarke.

On Monday, March 13th the old established Noble's Dramatic company will play an engagement in the Vogt opera house in this city. This is an organization of the highest order of | that state merit and deserves the liberal patronage of the people of The Dalles. The

The scores at the Umatilla House for the week ending yesterday were as late Henson McCoy, was appointed follows: Monday, Birgfield 64; Tues administrator in the estate of Henson day, D. Dutur 59; Wednesday, Birgfield | McCoy in place of Mr. Sternwels who 62; Thursday, McKinney 56; Friday filed his report and resigned as adminplow and as it freezes considerable at Maetz 67; Saturday, Pundt 61; Sunday, istrator. Toy 69. At the Moody alleys the scores were almost equal to those at President George A. Young, of the Umatilla House being: Monday Oregon Wool association, has called a Singleton 50; Tuesday, Waud 56; Wednesday, Singleton 62; Thursday, Cash ton March 8, 1899. As this is during 55; Friday, C. Heppner 63, Saturday,

William Pointer the 19 year-old deceased was taken sick with consumption about two years ago and alsuggest was done it proved to no avail and he sank gradually until the end came peacefully yesterday morning. The remains will be sent to Hillsboro, Washington county for internment,

ing of spring, Smiling Albert yesterday took his annual bath and in consequence is feeling indisposed today. In an interview he informed us that he ranked with the veterans in his line having established business houses central and western states. He informed us further, with his usual cheerful smile and knowing wink, that when he desired to leave a place

he seldom experienced any serious difficulty in selling out as the sheriff of the county in which he was located was always his friend and was on hand to assist him in disposing of his goods. The proposed bowling contest between the ladies and gentlemens team

at the D. C. and A. club will take place Wednesday evening. Both teams are confident of a victory, and as they are well matched, a close and interesting tournament is looked forward to. The ladies team will consist of Mesdames Bradshaw, Fish, Houghton and Senfert and Misses Anna Lang and Alma Schanno. While the men taking part will be W. L. Bradshaw, Fred Houghton, J. C. Hostettler, Ed Kentz, A. T. Baldwin and Victor Schmidt. Mrs. T. Seufert will act as captain for the ladies team, while Mr. Fred Houghton will hold a like position with the gentlemen. The work of plastering and papering

in the Columbia Hotel which was made necessary by the fire of about a month ago is now finished and to say hat the hotel is decicedly improved is expressing it lightly. J. F. Shelton, who recently came here from the East, had charge of the work and on account of the artistic manner in which he performed the same is deserving of

If the blood in sufficient quantity leaves the body because of a wound or hemorrhage of the lungs the result is death.

Life depends on the blood because the blood carries to all parts of the body the nutritive elements necessary to sustain it. ements necessary to sustain it. What if these nutritive ele-

What if these nutritive elements are absent?
What if they are supplanted by poisonous, effete matter and disease germs?
The first result is disease—partial death. The final result is the same as from loss of blood.
All disease is traceable to impurity or weakness of the blood and that is the reason the "Golden Medical Discovery" cures so many different diseases—it purifies and vitalizes the blood—makes it rich, red and healthy—fills it with nutriment for the starving nerves and

tissues.

Consumption is properly a disease of the blood—so is scrofula—so is rheumatism. They look like different diseases but one redicine will relieve all three. "I am using a good many of your medicines in my practice," writes Dr. Joseph Fike, of Lost Springs, Marion Co., Kansas. "Ten years ago a patient of mine was badly afago a patient of mine was badly affected with that dreadful disease, scrofula. Her mouth and throat were in an awful condition, and there were lumps on the outside below the jaws the size of a hen's egg. Other doctors said it was a fatal case. I felt confident that none of my remedies would benefit her any. It came to my mind that Dr. Pierce's Golden Medical Discovery was recommended for such cases, so I gavg it to her as directed. Five bottles cured her and she is well to-day. She is married now and has three healthy children."

Dr. Pierce's Pelleta cure billiousness.

Dr. Pierce's Pellets cure biliousness

estate of W. L Ward, was filed, and praise, as the work is well done throughout, all the rooms having a eat, inviting appearance. In fact the building from basement to garret is like new and certainly merits the title of a first class house. The next step

towards the embellishment of the building will be the painting of the outside. It will be covered with a bright canary color and will, when finished, have an outside appearance as fine as the interior.

It is indeed seldom that the people of The Dalles have the opportunity of enjoying a more beautiful day than was yesterday. The bright sunshine and balmy air lured almost everyone, who could possibly go out, to take a walk in the county, and the different avenues leading to and from the city were alive with people while many could be seen enjoying a quiet row on the river, while still others spent their time in driving or riding, and it is safe to safe that scarcily one among the entire multitude failed to enjoy the afternoon to the full extent. It is not every Sunday or holiday that is such a model as was yesterday and it was indeed a treat to those who have to work indoors all week.

From Tuesday's Daily O. H. Fuller, of . Corbett, Oregon,

in the city today. W. H. Boyd is in the city from hi nome at Umatilla. Wm. Robison, of Goldendale, is at

the Umatilla House. W. S. Geary, the popular piano tuner, is in the city today. James LeDuc, of the Dufur neighbor

ood, is in the city today. B. F. Miller, of Heppner, is register ed at the Umatilla House. G. J. Farley returned last evening from a business trip to Portland

J. E Haskill and daughter, of Hood River, arrived in the city yesterday. Mr. I. Herman, representative of the Oregon Short Line, is in the city Joseph Bonn will leave on the even.

Judge Lowell, in Pendleton, Thursday, issued an order to John P. Mc-Manus, receiver of the Pendleton Re publican, and one of the owners and plaintiff in the suit against D. G. Smith and Clarence Miller, directing him to abstain from any mention of the suit in current numbers of the Republican.

The native sons of Oregon will hold meeting in the small K. of P. hall. Thursday evening at 8 o'clock. All those who have signed the charter list should be present, and those who desire to become charter members should also present themselves at that time few weeks longer.

The levy for collection of bicycle tax made in Benton county, Wednesday, and was the work of County Judge Woodward and Commissioner Knotts. The order making the levy is now on record, and the clerk has been instructed to procure tags and receipts. The latter it is though will be ready for use about next Thursday, when collecting will begin.

The Kinross Quartette, which won the hearts of so many of our town people when they sang at the Wool Growers association last year, passed through town last evening, enroute to Pendleton, where they will fill a three day's engagement at the Wool Growers association which opened today. The quartette consists of Mesars. Drake, Stanley, Archer and Kinross. Train No. 1, known as the O. R. & N. overland, which is due here at 2.55 today, has been annulled and if it passes through at all it will go as an extra, as did yesterday's train. As it is at present the overland train does not get through only about once in two days. This is a good proof that Oregon is enjoying much more pleasaut weather than are many of the other

states further east. F. M. Towne, of Yakima county says he has been offered \$15 per ton for his 1898 crops of potatoes. He has about 1500 bushels and expects to get \$20 per ton. Mr. Towne will put in about 30 acres of potatoes this coming spring. He has raised potatoes on the Sound, but claims Yakima is the banner county of Washington for potatoes.

Good beef cattle are scarce in Lake and adjoining counties at present, and the unprecedented demand for fat cattle has caused many stockmen to consider the proposition of winter feeding them for the spring market. About the only available beef cattle in the county are those owned by Henry Jackson, the wealthy Indian stockman of the reservation, who has about 150

which he is feeding at the Big marsh. A fierce up river breeze so common in this place during the spring prevailed this afternoon and raised quite dust. In fact more than dust was raised in places as pieces of gravel as large as bird shot were hurled through the air and when they come in contact with one's face he feels that indoors is the proper place for him at that particular time. About 3 o'clock the wind stopped and a shower of rain fell to settle what dust was left un-

moved.

Mr. Walthers, of the firm of Mays & Crowe of this city, returned from a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under trip to Portland yesterday evening While there he called on L. E. Crowe, who is confined to his room at the resideace of F. P. Mays. Mr. Crowe is getting along much better the last few days and will in all probability be able to go out in the air in a short time. If he continues to improve he will be in a condition to return home in about

gists under a positive guarantee, first bottle benefits or money re-funded. Book on dis-Rocky Ridge whiskey is most the popular brand. For sale by Ben Wil-

Additional Fire Protection Ordered-Th Blanket Ordinance Defeated-

Last Friday evening the members of the city council were called to order for the regular monthly meeting by Mayor Nolan. Those present being Councilmen H. L. Kuch, S. S. Johns, Harry Clough, F. S. Gunning, W. H. Butts, Chas. Stephens and the newly elected city dad, W. A. Johnston The minutes of the last meeting was read and approved, after which a

written communication from William Condon, manager of the Seufert & Condon Telephone Company, was read In this Mr. Condon offers to give the telephone in the recorder's office free in future and also to offset the back rent on the same, is exchange for a part of the city lot on which the telephone company have their workshop built, while the telephone in the engine house will, as it has in the past be given gratis as a fire protection. The proposition was considered and accepted. Councilman Kuck, of the finance

committee asked for one month longer in which to report. The request was granted by the council. The city treasurer, J. C. Crandall was ordered to deposit one thousand

dollars with the county clerk with which to purchase county warrants for sinking fund, as authorized by an rdinance passed at the last meeting Mr. Gunning, chairman of the committee on fire and water, to whom was referred the matter of putting and extension of the O. R. &. N. pipe line east from the corner of first and Union streets. He recommended that two plugs be placed on Front street connecting with the city water works instead of the O. R. & N. pipe line. One plug to be placed at the foot of Court street another further east near the Electric Light plant. The council adopted the recommendation and ordered the said plugs to be put in place. A committee of three, consisting of Councilmen Johns, Kuck and Stephens

The blanket ordinance came un for consideration and after the reading of the same it was placed on its final passage. The ordinance was consider ed an unjust manner of taxation and

was defeated by a vote of four to three. The report of officers was next read except the recorder's which was incomplete, since the city treasurer failed to file his report in time, and it is necthe treasurer in order to make his report complete. The reports were read and ordered placed on file, while the W. D. Harding and wife arrived in claims against the city were allowed

have in any community.

The public mind seems to be much confused as to the purport of the fishery laws of Oregon now in force. The fact that one bill that passed both houses of the legislature at the recent session proved to be defective is taken ov many as an upsetting the legislation previously in effect and as leaving the laws touching salmon-fishing in & chaotic condition. This is a great mistake. Fish Commissoner McGuire says some of the fisherman amenable to the license law enacted at the extra session of the legislature last fall reuse to pay their licenses, and others, who have already paid, threaten to go into court to compel the return of the

noney thus paid by them. The misunderstanding is partly due to the fact that the fish commissioner did not promptly take steps to collect the licenses under the law passed last fall, as he expected modifications in that law to be made at the regular session, and thought confusion and posessary for the recorder to have that of sible injustice would result if he undertook to enforce the new law while modifications were pending.

While one class of fisherman doubts the legality of the licenses now being exacted from them, another class is trying to pick flaws in provisions for close seasons. In order to bring this impartial and just manner in which he matter into concise form, so that he discharged his duties as a member of reported and recommended that \$50 who runs may read and understand. the investigating committee appointed now be paid in consideration of the ad- We print the following from Fish to enquire into the matter of the

Rood River Oil Wells. A resident of Hood River was asked what was the prospects of the party who was boring for oil near that town. He said that the general opinion was

that there is no coal oil to be found there. The idea that coal or coal oil might be found was caused by a gas whice would burn, arising through an opening in the ice on a small pond. The bottom of this pond is covered with mud and decaying vegatable matter, which generates sulphureted hydrogen gas, the stuff that "jack-o'anterns" or "will-o'-the-wisps" are Such gas is constantly arising from such places, and bubbles up in large

quantities when the bottom of the pond is stirred with a pole, and bubbles of it are seen in the ice when such ponds freeze over, the gas, of course, escapes through any opening in the ice, and if a match is touched to it burns with a bluish flame. The gas has the odor of rotten eggs While it is the general opinion that this sulphurated hydrogen is the only gas to be found at the pond in question, it may be that oil may be found by boring there, and eqerybody wishes

Mr. Winans success in his experiment.

The wool market still remains dull while the prices are unchanged Scarcely any wool is changing hands as the producers refuse to take the prices offered, which range from nine to twelve cents. The latter price being paid for only the very choicest quality. The warehouse men are of the opinion that there will be no raise THOS. GUINEAN, - . PROPRIETOR in the price while the producers are firmly convinced they can do better by gave me restful sleep, a good appetite and restored me to energetic health.
