month of February. Today Lizzie Heltt was committed by Judge Mays to the care of the Boys' & Girls' Aid Society. She was formerly an inmate of that institution but was released and given in charge of her stepfather and mother several months ago, but their treatment of the girl has been such as to warrant the authorities in taking her from them. She is about 15 years of age.

The Uniou Pacific Railroad Co. has fesued a splendid folder, "Our New Colonies" descriptive of the Hawaiian islands, that contains much valuable information concerning this new acquisition to American territory. It is elaborately illustrated giving views of Hawaiian scenes that have never before been published. The pamphlet is distributed from the onice of J. H. Lathrop, general agent, 135 Third St ,

Some people show a degree of absent mindedness that is really inexcusable, and no doubt if their appetites did not demand it would forget to go to their meals. A striking example of this failing was noticed in the sheriff's office the other day. Sheriff Kelly received by mail a check in payment of taxes, that had been endorsed by three different parties, though it was not signed by the party who drew it. Evidently the drawer had been too absent minded to affix his name to the check before delivering it to the first party, and the others through whose hands it had passed had over looked

For a month past the children of the Episcopal Sunday school have been collecting pennies for their Easter contribution, to the foreign mission fund, and vesterday their contribution boxes were opened. When all the pennies were counted it was found that the total donation was \$23.88. When it is taken into consideration that there are less than 50 children belonging to the Sunday school, this is an exceptionally good donation for the

young folks to make. A man who gave his name as Michael Dunne was arrested Saturday charged with having stolen a qunatity of provisions from Mr. Snipes, residence below town. OUR NEIGHBORING TOWNS. Dufur and Hood River are Assuming

The two enterprising little towns of Dufur and Hood River are certainly enjoying a steady and substantial growth that bespeaks for them better times in the future and a population that will entitle them to be known as Two years ago Messrs. W. L. Vander-

pool and T. H. Johnston bought a tract of land adjacent to Dufur and laid out thirty four blocks of two hundred feet square and placed them on the market. So rapid has been the sale of this property that they have found it necessary to plat another addition of 34 blocks to be known as the fifth addition to Dufur. In the sale of their property they have made it a rule to never dis pose of any ground for speculative puroses, only selling to such persons as would agree to build homes on the land, hence it will be seen that Dufur has enjoyed a substantial growth of late. And in addition to this growth in the resident portion of the town, Johnston Bros., the leading merchants

of Dufur, are arranging to erect a brick store building 80x85 feet, one story, with a basement. It will be a phoroughly modern building, supplied with every convenience to make it up to date. C. J. Crandali, of this city, has prepared the plans and specifications for the new store, and work will begin on it during the present month. It is proposed to make the brick right at Dufur, so the new structure will be home production.
