CLAUD BRANTON HANGED. The Murderer of John Lind Legally Executed.

EUGENE, May 12.—Claude Branton was hanged today for the murder of John Lind.

Branton retired last night at 11 o'clock, after writing several letters. He slept well, and got up at the usual time this morning, but would not eat breakfast.

At 9:30 his people were admitted to the jail door, and conversed with him a few moments. Sheriff Withers then read the warrant.

Branton left the cell at 10:45 under the charge of the sheriff and two deputies. He walked upon the scaffold unassisted and took his place on the trap.

In a firm voice he told those present that he did not want them to bear any ill-will against his people on his account. He asked for sympathy and prayers, and urged them to walk in God's way.

Sheriff Withers sprung the trap at 10:50, and 15 minutes later life was extinct, and the body was cut down. Not a hitch occurred in the whole proceedings, everything passed off as smoothly as possible.

The crime on which Branton was hanged was the murder of John Lind at the foot of the Cascade mountains on McKenzie river in Lane county, on June 15, 1898.

Branton had induced Linn to cross the mountains with a band of horses to attempt the crossing of the Cascades. Branton was to trade Linn a piece of land for an interest in the horses.

While Linn was asleep Branton shot him to death, then he and Green burned his body. Green finally confessed the crime and is serving a life sentence in the penitentiary.

SAN ILDEFONSO IS TAKEN. Oregonians Had a Hand in the Fight.

MANILA, May 14.—Two companies of the Second Oregon Volunteers, and the same number of Minnesota men, with 20 American scouts, under Capt. Case and Burkholder, flanked the insurgents at San Ildefonso yesterday and captured the place.

The Filipinos, in terror and panic, fired 20,000 rounds of ammunition, but only slightly wounded one scout. One insurgent officer was killed and six men wounded.

Twenty per cent of the opposing rebel force has been killed and wounded since Lawton began his advance May 1.

General Rios, Spain's military representative here, says the inhabitants of Zamboanga, island of Mindanao, demanded arms from General Lozano for defense against the landing of the American forces but their request was refused.

Therefore, the natives at midnight opened fire on the Spaniards with machine guns and rifles stolen from the former Spanish gunboats recently sold to the United States.

The natives were repulsed with great loss. General Montero, a major of engineers, and Captain Buller were gravely wounded; Lieutenant Granada was slightly injured; one private soldier was killed and three wounded.

The natives have cut off the water supply and other resources of the Spaniards at Zamboanga.

NO EARLY JOB. Calling for Prisoners at Warden's Serious Task for Idaho.

WARDNER, Idaho, May 14.—Governor Stevenson's latest arrival on the ground yesterday to look personally over the situation. His first care was to see to the comfort of the prisoners now in custody here.

Together with General Merriam and Bartlett Sinclair he spent some time discussing the manner of providing the captives with every reasonable accommodation.

The completion of the new guard house, which will be done early next week, will make that task a more easy one. It will then be possible to remove the men from Mullan and Gem out of the box cars where they have been under guard for the past week and will also permit suitable accommodations for the men now kept in the barn.

The matter of feeding the prisoners is not so serious an item as the question of lodging. The new bunk house will be provided with bunks for the inmates, but it will take a vast quantity of blankets and quilts to care for the 500 occupants.

By this time a good part of the prisoners have been supplied with friends with bedding, but still many of the fortunate ones are obliged to huddle at night in order to keep warm, and it is no joke sleeping without blankets these cold nights in the upper altitudes of northern Idaho.

In the past the state has been in position to furnish bedding while General Merriam's command, the federal troops, has no care of the prisoners other than to guard them and has not been qualified to furnish supplies for the states captives.

WOOLGROWERS WILL SELL. Ten Vessels Will Soon be Engaged in Floating Men for Quarters.

PENDLETON, Or., May 14.—It is the belief here that the wool market will open up in a couple of weeks, and that the clip of this year will move off at the prevailing prices. The growers are not inclined to repeat the error of last year and hold their wool for higher figures.

H. Y. Judd, of the Eastern house of E. C. Judd & Root, of Hartford, Conn., and who is the heaviest holder of stock in the Pendleton Wool Scouring & Packing Company and in the Pendleton Woolen Mill Company, has arrived here for the summer.

Regarding the situation, he said: "It cannot be denied that the conditions just now are by no means ideal, and that they do not warrant the hope that the woolgrower will receive as much for his wool as he could have obtained last year, and that was obtained by those who let their clips go. Nevertheless, there is every reason to expect improvement, and that before long this improvement will have brought its effect here in Eastern Oregon."

"It is now noted that the woolgrowers have lost from 2 to 3 cents a pound for all the wool they held, and this has been a lesson to them. It is also true that all the big bushes that brought any wool last year lost money, and some of them lost very heavily. In fact, they lost exactly in proportion to the amount of wool they succeeded in inducing the grower to part with, and had they induced the sale of any more their losses would have been by just that much greater."

WENT OVER A BANK. Freight Train Wrecked in Cow Creek Canyon.

ROSEBURG, Or., May 14.—Through freight train No. 322, from Portland to San Francisco, was wrecked in Cow Creek canyon, at Eastlake point, six miles south of Riddle, at noon yesterday. James McCalley, the engineer, was killed, and James Merriam, the fireman, was seriously injured. It is reported that a boy tramped, who was stealing a ride, was killed, and that another boy is under the wreck. The names of the boys are not known.

The train was drawn by locomotive No. 18, of the Astoria-Portland system. It is one of the heaviest on the road. Its great weight caused the rails to spread.

The locomotive and five loaded cars left the track and plunged over a perpendicular bank, 35 feet high. The engine turned over twice, and a carload of flour piled on top of it. The

GENERAL GOMEZ HAS QUIT. Will no Longer Represent the Cuban Army.

HAVANA, May 15.—General Gomez informed General Brooke today that he could no longer act as the representative of the Cuban army in the distribution of the \$3,000,000 appropriated for the payment of the Cuban troops.

General Gomez said he had arrived at this decision with great reluctance, and the most friendly feelings toward General Brooke personally and officially, but he felt he could no longer represent the Cuban army, because a cabal composed of many of subordinate-commanders existed to oppose and if possible defeat the plan for partitioning the money.

He explained that former members of the Cuban military assembly, led by Mayor Rodriguez, Manuel Sanguily, Juan Guaberto and other malcontents, had organized a majority of officers against him apparently, and thought he (Gomez) might possibly carry the payment to a successful conclusion, he was disgusted and wished to wash his hands of the whole business.

Therefore he thought if he left General Brooke free, the latter would be able to act with equal efficiency against the members of the Cuban military assembly, but he felt he could no longer represent the Cuban army, because a cabal composed of many of subordinate-commanders existed to oppose and if possible defeat the plan for partitioning the money.

THE TERMS OF PEACE. It Must Be Unconditional Surrender or Nothing.

NEW YORK, May 15.—A special to the Herald from Washington says: A satisfactory conclusion is expected by the administration of affairs from the conference which will be held by the American Philippine commission with the commission with Aguinaldo tomorrow to settle the terms of peace.

In his dispatch to the war department today, General Otis announced that Aguinaldo had sent a messenger to him expressing a wish to send a commission to "arrange terms of peace."

The administration officials express the opinion that this commission will submit to President Schurman and his associates the answer of Aguinaldo to the propositions made by the American commission to Colonel Arguelles, Aguinaldo's emissary, regarding the purchase of the Spanish gunboats which would be given to the Filipinos, and which Arguelles declared was satisfactory.

It is probably apparent to the Filipinos that there is nothing to be gained by conducting negotiations for the purpose of securing a temporary cessation of hostilities. General Otis will not grant an armistice, and he has shown that he does not propose to stop fighting, no matter how many peace emissaries Aguinaldo may send to Manila, unless they agree to unconditional surrender.
