ASPHALT AND PEANUT COMBINES

They Will Control the Markets of the World.

PHILADELPHIA, June 30.—The articles of the Asphalt Company of America, which has just been incorporated in New Jersey with a capital of \$50,000,000, and which will probably be known as "the asphalt trust," authorize the company to manufacture, produce, purchase, or otherwise acquire and use asphalt, stone, wood, bricks, tiles, natural and artificial gravels and supplies of all kinds, and things which may be used in part or in connection therewith, or as a substitute therefor, and to sell, exchange, deal in, or otherwise dispose of the same in any manner whatsoever for the purpose of paving, roofing or similar purposes any decorative ornaments, natural or artificial asphalt or combination thereof.

"The corporation," said George A. Hahn, "has been formed to control the sale of asphalt in the United States. It will have charge of the entire output of Trinidad asphalt or whatever other natural beds can be obtained in this way we expect to control all the asphalt in the world. We shall absorb a great many of the smaller companies in this country. The main business of the concern will be carried on in Philadelphia."

NEW YORK, June 30.—The American Edible Nut Company, to control the nut trade, is to be incorporated in New Jersey. The capital stock, it is stated, will be \$5,000,000. The charter of the combination will permit it to handle nuts other than peanuts, and the product of nuts grown in this and other countries. It is expected to control, it is claimed, the entire peanut market of the world.

P. D. Gwaltney, president of the Gwaltney-Bulkeley Peanut Company, of Smithfield, has been offered the presidency of the combination, but has not yet accepted it. The company will be financed in New York, where five directors will have their headquarters. The mechanical department will remain in Virginia, and will be managed by four directors, who will be based in that state. The company has successfully managed the plants which are now to be taken from the natural cause.

HUNGRY FOR COMMISSIONS.

Positions in the Army are in Great Demand.

WASHINGTON, June 30.—Since the announcement that about 10,000 volunteers were to be mustered into the army service in the Philippines, the president has been deluged with applications for commission.

The president requests all his visitors to file their applications with Adjutant-General Corbin. At the same time, he makes it clear in a general way that the policy of the administration in granting commissions will be to grant commissions to volunteer officers who showed ability and who performed valuable service during the Spanish war. The number of officers to be commissioned is to be carefully guarded to prevent a scramble.

What is Shiloh?

Terminal at Tacoma.

TACOMA, Wash., June 30.—A special from New York, to the Evening News today says: Negotiations which have been pending for the past 90 days for settlement of the terms for a joint terminal corporation for the Pacific coast have been practically concluded, and the plan of organization agreed upon. Tacoma will be the center of the system, which will include various ports on the navigable waters of the North Pacific coast, where the steamship lines of the Pacific will be centered.

Active work in the carrying out of the project, which includes the Great Northern, Northern Pacific, Burlington and Union Pacific systems, will be as once begun.

Hurry the Home-coming.

CHICAGO, June 30.—A special to the Tribune from Washington says: Under direct orders from the president, volunteer regiments away from the Philippines without a day's delay. Even the important work of sending reinforcements is to be considered secondary to the necessity of returning the volunteers. The president feels that they have been kept too long already, and is anxious to see the last man homeward bound.

THE HOMESTEAD STRIKE

Four Thousand Laborers Are Affected.

PITTSBURGH, July 2.—The reported strike at the Homestead steel works has not taken place as yet, but the men are much worked up over the discharge of the members of the Amalgamated committee who waited upon Superintendent Corey and demanded the return of the men discharged recently for joining the association. Threats of a strike were heard on all sides, but the plant was in full operation yesterday.

A meeting of the Homestead workers was in session until an early hour and a conference with Superintendent Corey recently for joining the association. A short time later Superintendent Corey left the works for Pittsburgh to consult with the officials of the company. At the office in this city the officials preserved their customary silence.

There are 400 men employed in the big works. The company asserts that only about 150 or 200 of them are skilled workmen. It is true, laborers predominate numerically, but the Amalgamated people claim to have recruited every promise of aid and support from the men. The company has made no attempt to conceal the reason for the dismissals. It was solely for the reason that the men went into a labor organization when they had been forbidden. The question of wages does not enter into the controversy, for the men were well paid, and in many cases better, than the men in the mills recognizing the union and paying what is known as the "scale rate."

VICE-PRESIDENT BENJAMIN I. DAVIS, of the Amalgamated Association, has notified in the city, and will take charge at Homestead, and will remain until the matter is settled. He says he does not anticipate a repetition of the battle of 1892.

A DESPERATE MAN'S VENGEANCE.

Tries to Butcher His Wife and Her Guest and His Own Life.

COLUMBIA, Wash., July 2.—A terrible tragedy occurred near Steptoe Butte, 15 miles north of here at an early hour yesterday morning, as a result of which W. K. Gragg, his wife and Mrs. Maud Carroll, of Spokane, are hovering between life and death, with jagged wounds in their throats and bodies, all inflicted by Gragg in a fit of jealous rage.

Mrs. Carroll's throat was cut, the gash being five inches in length, extending clear across the front but neither the jugular vein nor windpipe was severed. The knife blade had been driven through her right cheek and had cut a gash four inches long and to the bone on top of her head. The infuriated man had also driven the cruel blade entirely through her right forearm, a few inches above the wrist.

Mrs. Gragg received 16 wounds. Her throat was cut in several places. Half of her right ear was gone, one finger of the left hand was nearly severed, where she had grasped the knife in an effort to save her life; the blade had driven entirely through her right arm between the wrist and elbow; there were four frightful wounds in her abdomen; the blade had pierced her left lung dangerously near the heart, and through this wound she escaped when she breathed; and there were wounds in her back.

After wreaking his vengeance upon the women Gragg attempted to kill himself. He first took strychnine which made him sick, then he cut his throat and plunged the knife into his abdomen.

The cause of the crime was Gragg's jealousy of his wife. He believed she was too intimate with a neighbor named Fitzgerald, and on Thursday Gragg found Fitzgerald and his wife in a school house together while Mrs. Gragg was present in a buggy outside. There was a quarrel, but the violence Mrs. Gragg and Mrs. Carroll returned to the former's home, while all night between 3 and 4 o'clock Saturday morning he came to his house, found both the women in bed, and asked for his gun, which the women refused to give him. He then attacked them with a knife, and after a desperate battle they both escaped.

Gragg has been here 12 years, and is highly respected. He was married five years ago to Miss Laura McClintock, a farmer's daughter. They have no children, and have lived unhappily for a year. Gragg claims his wife's relations with Fitzgerald have been going on for the past year, but he admits he has no positive proof.

Fitzgerald is a married man, 45 years old, with a family, his oldest son being 19 years old.

Mrs. Carroll is the wife of T. J. Carroll, bill clerk of the Great Northern at Spokane. She is a friend of Mrs. Gragg, whom she is visiting.

Are You Using East?

This rate is made for the annual convention of Christian Endeavor Society at Detroit July 15th to 18th. Call on James Ireland, Agent O. R. & N. Co. for further particulars.

STRUGGLING WITH TRUSTS

Endeavoring to Smash the Octopus Under Anti-Trust Law.

CLEVELAND, July 4.—The hearing was begun yesterday in the suit of Attorney-General Monest against the Cleveland & Sandusky Brewing Company, otherwise known as Breweries, which can be smashed under the anti-trust law of the state. The principal witness was George H. Gund, of this city, president of an independent brewing company, who described the methods used to destroy competition.

THIRTY DAYS TRIP.

Oregon Soldiers Due at San Francisco July 4.

WASHINGTON, July 3.—The war department calculates that the trip from Manila to San Francisco by transport takes just 30 days, which should get the Second Oregon regiment there July 14. No record is kept at the department of arrivals of transports at Nagasaki.

The call for the 10,000 additional volunteers for service in the Philippines will not be made as the call of a year ago, by states, but certain points have been selected by the war department at which the regulars will be recruited. The names of those places are not yet published, but are supposed to be the largest and most convenient military stations spread all over the country.

It is certain that some of the officers will be chosen from among the officers of the Second Oregon regiment, as those who have seen active service are to be given the preference.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. 'I was so weak I couldn't even get up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave me great relief. I continued to use it, and now an well and strong. I can't say too much in its praise. This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottle free at Blakeley & Houghton's Drug store; every bottle guaranteed."

STRIKERS NOT YET SATISFIED

The Agreement with Another Strike May Result.

CLEVELAND, July 4.—The street railway men's union drew up in written form yesterday their complaint that the big consolidated street railway company is not living up to the agreement upon which the recent strike was settled, and presented it to the special city council commission that negotiated the settlement. The union held an all-night meeting last night and decided not to strike again, but leave the matter in the hands of the committee.

PHILIPPINE TYPHOON.

Interferes With Landing Troops, but All Volunteers Will Get Away in the Next Few Days.

WASHINGTON, July 4.—The war department received the following from General Otis:

"Manila, July 4.—The California Infantry and artillery, comprising 1,000, and discharged men, take the Sherman now loading at Negros. Warren takes the Colorado, 1,100. It is difficult to lighten transports in the typhoon now prevailing. The Grant is unloading, and in four days will take one Idaho, North Dakota, Wyoming, 85 officers and 1,500 men, with other discharged men.

Footpads Flourish in Tacoma.

TACOMA, July 4.—George Hyde of this city, was held up by two men near Lake View last evening. He resisted, and one of the robbers shot him in the hip, inflicting a serious, but not fatal wound. They then relieved him of \$4.25.

Shortly afterward two men were held up near South Tacoma, and \$2 was taken from them. A man on a bicycle was also held up, but ran and was not pursued. He returned with assistance, but the robbers had fled, leaving his bicycle. Sunday evening, a Mr. Jackson, while out riding with a woman friend, was held up in the same locality and \$11.30 was taken from him.

There is more earnest in this section of the country than in any other, and the last few days were supposed to be the best remedied by constantly falling constitutional disease, and therefore requires constant treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It takes internally in doses from one drop to a teaspoonful. It acts on the blood and mucous surfaces of the system. It is sold by all druggists and is guaranteed to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, O. Hall's Family Pills are the best.

To Whom It May Concern.

Having given up the agency for the sale of the McCormack reaper and mowers, at The Dalles, in favor of J. T. Peters & Co., I cheerfully recommend them as being well qualified to take care of the requirements of the trade.

In future, will be pleased to receive an occasional call at Moro, Ore., from any of our old friends who may be in that neighborhood.

A WARM RECEPTION

A hearty Welcome Tendered to the Editorial Association in The Dalles.

The special train of ten Wagner Palace cars conveying the members of the National Editorial Association reached The Dalles at 3:40 yesterday afternoon in charge of J. H. O'Neil traveling passenger agent of the O. R. & N.

Until the editors reached Oregon no special hospitality was extended to the visitors, but half of the time they crossed the Oregon line until they arrived in The Dalles yesterday it had been one grand ovation. Every town desired to make the editor's short visit a pleasant one and stops were made at the leading towns along the O. R. & N.

When the train arrived at the depot the reception committee, consisting of the leading people of the city met the visitors and extended to them the hand of friendship.

A splendid dinner was prepared in the large dining hall of the Umatilla hotel and shortly after the train arrived 205 of the guests were satisfying the inner man on the good things which the proprietors had prepared for the occasion. In all 300 people were served in less than one hour and one-half.

All of the delicacies the table afforded nothing was enjoyed so much as the luscious Oregon strawberries and cherries and fresh Columbia river salmon. After the repeat every member of the association was led to a table of refreshment and to a table of refreshment on the entire trip no town had provided them better or had furnished such an excellent repast as was served at the Umatilla house.

Our people showed that their hearts were in the right place and that they respected their guests who were well come to the best we had and we feel assured that every one among the editors appreciated the kindness shown them.

The time that was not spent in feasting was occupied in viewing the city and there is little doubt that their impression of The Dalles was as good as it was of its hospitable inhabitants.

At a few minutes after 5 o'clock the train sped to Portland where the editors will spend one day before continuing on their journey.

His Life Was Saved.

Hayti Wants a Loan.

NEW YORK, July 4.—A delegation of Haytian statesmen who arrived in this city last week for the purpose of negotiating a \$5,000,000 loan and reforming the currency of their country, is still in this city, except the minister of finance, Stephen Lagantant, who sailed for Europe Saturday.

It is understood that several large financial institutions now have the matter of the Haytian loan under consideration, and a consummation of the loan is likely to be made before long.

SAN FRANCISCO, July 4.—The Nippon Maru is expected to sail on her return trip to the Orient next Saturday. It has not been decided how Captain Allen and his crew are to be released from quarantine. The federal authorities say they must remain in quarantine until July 11. It is expected, however, that Quarantine Officer Kinyoun may make an exception in favor of the captain and crew, who will immediately leave this port.

Fear of Plague Abate.

SAN FRANCISCO, July 4.—There was no sickness on the steamer Coplog, which has arrived from the Orient, and her passengers report that fear of the bubonic plague had abated at Honolulu. Among those on the vessel were Colonel Ames, of the First Minnesota volunteers, who is on a furlough, and Dr. Sherman, U. S. A., who is returning from Manila. The Coplog brought 95 persons in the cabin and 517 steerage passengers.

Where Will We Spend Our Summer Vacation?

This is the time of year to think about it, but before you decide, write for an elaborate illustrated pamphlet showing the various resorts, engraved views of the many attractions at the seashore and on route, and advantages of the Columbia river beaches as reached by the Astoria and Columbia River railroad. Three hours and thirty minutes from union depot, Portland, to your beach hotel in a magnificent parlor car without change or transfer is a convenience and luxury few resorts can offer. Such is the initial attraction of this favorite route.
