INDIANS ARE NOT IDLE

Mexico Finds Them Lively Foes

CHICAGO, Aug. 4.—A special to the Tribune from the city of Mexico says: Dispatches from Guaymas show that the Yaqui insurrection is constantly growing in extent, and all the Indians in the town along the river are rising in arms and taking the woods and mountains to join their companions already arrayed against the authorities. Jack Ramsey, the famous frontier character, and the American photographer, E. N. Miller, were on the way to Alamos when they were attacked by the Indians and killed. It is reported that the Romero family were captured as they were about to embark on one of the sloops and that they were killed. Troops pursuing the band supposed to have the family. The telegraph line south from Alamos has been cut. The Indians along the Mayo river are quiet and do not seem to be inclined to the insurrection. Colonel Angel Garcia, a Pan American telegrapher yesterday that Don Carlos Hale, the noted merchant, has not been killed as reported. Official advices up to Monday, however, state clearly that after General Torres' forces took them they found ten dead of the troops from Coahuila, and four of the band-guard of the Yaqui chief, Maldonado, and the body of Hale. They say nothing has been heard of the chief.

FLORIDA'S HARD STORM

Much Property Damaged, but No Loss of Life

TALLAHASSEE, Fla., Aug. 4.—The first intelligence concerning the steamer Crescent City, which was reported lost in Tuesday's storm, was received here today. The steamer is safe up the Chattahoochee river. Only four houses remain in Carrabelle. The depot, navel stores warehouses and mills and, in fact, all business houses were completely wrecked and the stocks destroyed. Three large vessels loading at Carrabelle for foreign and domestic ports are ashore. Various rumors of lives supposed to have been lost still lack verification. The town of Lanark was almost wholly destroyed. A big hotel filled with summer pleasure seekers unroofed and 50 women and children huddled together in the ladies' parlor in total darkness all night.

Cattle Combine in No Trust

NEW YORK, Aug. 4.—The dispatch from Austin, Tex., to the effect that Attorney-General Smith has not given consent to the forming of the cattle combination if it constituted a trust is correct so far as the state is concerned. Mr. Loving, of Fort Worth, has written Mr. Loving in New York seeking to interest capitalists in the establishment of an immense ranch in Texas and New Mexico, on which 600,000 cattle can be rounded up.

Revels of Riots Feared

CLEVELAND, Aug. 4.—In addition to the attempt to blow up a Jennings avenue car on the south side last night, reports received at police headquarters show that cars were stoned in various parts of the city, although so far as learned, no one was injured. The troops have been gradually withdrawn from the city during the past few days until now not to exceed 500 remain. Fear is expressed in many quarters that as a result of this lawless element will again resume the outrages that marked early stages of the strike.

FOR CLOSER ORGANIZATION

Philippines to Be Divided Into Departments

NEW YORK, Aug. 5.—A special to the Herald from Washington says: It is understood that the plan of operations for the fall campaign in the Philippines contemplates a division of the islands into several military departments, and General Lawton will be in command of the department in which the cavalry troops will operate. It is probable that General Wheeler will be given command of a brigade of cavalry in General Lawton's department.

The boundary line of Lawton's department will embrace the territory in which there will probably be the heaviest fighting, so that Lawton will be in direct charge of the most important forces in the field, and in this way General Otis, while not being officially discredited, will be relieved of much of the responsibility in connection with the conduct of the war and will be left free to perform the duties of military governor.

Secretary Root's short experience in the war department has already convinced him that the views of the military commandant superior to General Otis, who favors a larger military force than recommended by that officer, are worthy of serious consideration. There are reasons to believe he will recommend that the force be further augmented.

REINFORCEMENTS SENT.

Yaqui Indians Are Encouraged by Their Successes.

CHICAGO, Aug. 6.—A special to the Tribune from the City of Mexico says: The rebel Yaqui forces are now thought to have been swelled 3000 or 4000 men. Their temporary success has encouraged Indians from all the along the Yaqui river to flock to their stronghold in the mountains. The government decided to reinforce General Lorenzo Torres and the seventeenth infantry sailed yesterday for Mazatlan on the mouth of the Yaqui river, leaving Mazatlan last night.

General Torres now has his forces

consisting of the Fifth cavalry and Eleventh and Twelfth infantry, mobilized in the Yaqui valley, and probably will not attempt to forward more until he receives his reinforcements. A regiment from the interior is also being sent to him. Up to the last accounts the Mayo Indians were remaining tranquil.

Car Tumbled Off a Trestle.

BRIDGEPORT, Conn., Aug. 7.—An open truck, carrying a barrel and lying in the middle of Peck's mill pond is the only visible indication of the frightful accident of yesterday, when twenty-nine lives were lost and a dozen people seriously injured by the car's tumbling off the trestle. Engineer Starr said the bridge was perfectly safe. In his opinion the motorman became bewildered as the car commenced to ravel down the incline, lost his head, turned the current on instead of reducing it.

A public session of the court will probably take place next Saturday.

A WOMAN IN THE CASE

Believed to Have Incited the Yaquis to Rebel.

ST. LOUIS, Aug. 7.—A special to the Republic from El Paso, Texas, says: The Mexican woman who has long been revered as a savior by the natives of Chihuahua and Sonora, and who is believed to possess the power of healing the sick by the laying on of hands, is believed to be more or less responsible for the present outbreak among the Yaqui Indians.

George Harold, an old Texas ranger, now a policeman of El Paso, says that he is confident that Santa Teresa is responsible for the outbreak. Harold is one of the officers who rounded up the ringleaders that raided the customhouse at Alamos, Chihuahua, a few years ago. "Santa Teresa," he said, "was implicated in that rebellion, which was crushed in its incipient. Every rebel captured on this side of the line had a picture of the woman in his possession and on the back was inscribed one of her prayers."

After the Palomas raid, the Mexican government made an effort to apprehend her, as she was looked upon as a dangerous character. She escaped to El Paso, however, and remained here a year or more. While she was visited by thousands. About a year ago, the woman disappeared from this locality and it afterwards turned out that she had gone to Sonora, and had taken up her abode in the edge of the Yaqui valley, and remained here for a long time, until she was arrested by the Mexican government.

It is believed she incited the Yaquis to revolt. The woman is described as frail and delicate-looking. She undoubtedly possesses great magnetic powers. Harold and others are confident that her presence in the Yaqui country will do much to do with the uprising now assuming alarming proportions.
