

BOERS GET FIRST BLOOD

English Armored Train Destroyed—Fifteen English Killed.

LONDON, Oct. 13.—The Evening News publishes the following dispatch from Cape Town: "Armored train has been destroyed south of Mafeking. Fifteen British troops killed. Boers shelled the wreckage after the train was destroyed."

An official dispatch received at the Colonial office says: "Armored train was destroyed near Kraaipan station while on the way to Mafeking with guns."

LONDON, Oct. 13.—A dispatch from Paris late this afternoon says the Boers, with twelve guns, are preparing to assault Mafeking.

LONDON, Oct. 13.—The announcement that Boers destroyed an armored train on the western border of the transvaal is calculated to bring home to the man-in-the-street the realities of war. Attempts are made to liken the occurrence to the blowing up of the U. S. battleship, Maine, in Havana harbor, but that event occurred in times of peace. The Boers were doubtless within their rights as belligerents, if they are responsible for the destruction of the train.

QUEEN OPPOSED TO THE WAR. Buller assured her it would be troublesome, but not dangerous.

NEW YORK, Oct. 15.—A dispatch to the World from London says: Queen Victoria's efforts to maintain peace has been a sore obstacle to Colonial Secretary Chamberlain and the war party. She was aided in the cabinet chiefly by Prime Minister Salisbury, and the Duke of Devonshire, the latter of whom, the lord president of the council of ministers, has acquired the bitter hostility of the jingoists by making two speeches declaring peace still possible after Mr. Chamberlain and Sir Alfred Milner, the British high commissioner in South Africa, had irrevocably committed themselves to war. Had Devonshire succeeded, Chamberlain's resignation would have been inevitable. The chancellor of the exchequer, Sir Michael Hicks-Beach, is also understood to be opposed to the war, principally because of his profound personal distrust of Chamberlain.

When General Buller, after being designated as commander-in-chief of the British forces in South Africa, went to Balmoral to take his official leave of his sovereign, the queen pressed upon him her hatred of war and her desire for a rapid termination. General Buller assured her majesty his conviction was that "the war will be troublesome, but not dangerous."

CHIAGO, Oct. 13.—A special to the Times-Herald from San Francisco says: "If no reason be given by the Americans should not be the sole masters of the Philippines by March next." This is the opinion of Brigadier General Funston. "The situation in the island," he says, "has reached a stage where it is easy to cope with it. There must be no temporary truce. No sympathy, no foolish sentiment. It must be a case of fight. The Filipinos are in such a frame of mind that they will not yield until thoroughly thrashed. Aguinaldo is shrewd but not clever. If the people could be induced to accept the situation they would desert him tomorrow. If the American army fights them at every hand I believe they will be flocking into our camp and will have no further use for that prince of confidence operators, Aguinaldo."

THE WAR IN AFRICA

Boers Willing to Have Attacked Kimberley

LONDON, Oct. 16.—The gradual cutting off of outlying points at the scene of hostilities in South Africa from telegraphic communication reduces accurate news obtainable to a minimum. Thus far, therefore, no reliable information has been received of any actual fighting, except at Kraaipan and an occasional exchange of shots at various points. There is no lack of circumstantial stories regarding fighting at various points, but these are scarcely published before they are denied.

The only salient fact in this morning's telegrams are that the Boers have advanced beyond Newcastle and formed a laager near Dushabus about 12 miles north of Dundee; that Kimberley is isolated and probably invested.

Kimberley has thus become the immediate center of interest. The last message from Kimberley prior to the cutting of the telegraph and railway by the Boers, said: "All troops at Kimberley are well."

General Schwan's movement to the southward of Manilla is more in the nature of a demonstration, and for the purpose of scattering insurgents in Cavite province, the home of Aguinaldo and the nest of the rebellion.

Raising Relief Fund. CAPE TOWN, Oct. 13.—Mr. Hofmeyer, in his appeal issued under the auspices of the Afrikaander Fund, asking for subscriptions for the relief of the widows and families of burghers killed in the Transvaal conflict, says that notwithstanding strenuous efforts to preserve peace, war has been declared. He says that there are few Afrikaanders who are not bound by the ties of relationship and friendship with the inhabitants of both republics, and that they should express their natural sympathy.

Their duty as British subjects forms them from taking up their weapons and joining in the work of warfare. Accordingly, he appeals to each to contribute the utmost possible.

Reception to Volunteers. OAKLAND, Cal., Oct. 15.—The Montana and Kansas volunteer regiments were given a rousing reception in this city in honor of their return from Manila. A parade was formed to escort the soldiers through the city. At the Exposition building an address of welcome was delivered by Mayor W. R. Snow. General Shaffer made a short address. He commended the men for the excellent service they had done in the Philippine campaign and spoke

THE BOERS WERE REPULSED

But They Succeeded in Blowing Up a Train.

LONDON, Oct. 15.—According to dispatches from the front, the Boers have made several attacks upon Mafeking, all of which have been repulsed. In connection with the rumored attack upon Mafeking, a disgusting report comes from Pretoria to the effect that the Rustenburg and Marico commands have crossed the border and entered the Roodgrond territory between Lichtenburg and Mafeking, blowing up a bridge over the Malopoos river and destroying a trainload of dynamite and the track. As Mafeking depends on the railway for its water supply, the significance of this move is evident.

The Exchange Telegraph Company received a dispatch from Cape Town saying the Boers have blown up another armored train carrying telegraph operators from Mafeking.

The Boers it is reported, have seized a railroad station north of Fourteen Streams, between Vryburg and Kimberley. Fighting is still continuing in the neighborhood.

Latest reports from Vryburg say the armored train that was destroyed at Kraaipan contained in addition to Nesbit's force, a number of workmen and six residents of Mariboga, south of Mafeking, who, on hearing of the Boer advance, took refuge on the train.

MASSIE IS NOT GUILTY. That was the Jury's Verdict on the Second Trial.

ST. HELENS, Or., Oct. 15.—A verdict of not guilty was returned at 1 o'clock Saturday morning by the jury in the case against ex-Sheriff G. A. Massie. The jury retired at 7 o'clock in the evening, and it is stated that only four ballots were taken. The first ballot was for acquittal and 3 for conviction; the second ballot, 10 to 1 in favor of Massie, and finally the last man yielded.

Massie was accused of embezzling tax moneys while he was sheriff. This was his second trial. The jury at the former trial disagreed. The trial just closed was largely attended, people coming to hear it from Rainier, Vernonia and other points.

One of the influences that doubtless had some bearing on the result was the fact that Massie was shown to have had dealings with local persons or institutions supposed not to have been profiting at his expense, and the impression was created that Massie suffered from such relations. The defense, of course, made the most of this.

Immediate Advance Expected. LONDON, Oct. 13.—The second edition of the Standard says that a dispatch from Ladysmith dated yesterday morning says it is again reported that the Boers have occupied Laing Nek, the younger burghers insisting upon the occupation, despite more prudent counsels.

Telegraph wires connecting the Free State have been cut, and an immediate advance of the Boers is anticipated.

OF For Africa. LONDON, Oct. 15.—General Sir Redvers Buller, who will have chief command in the Transvaal, accompanied by his staff, left Waterloo station Friday afternoon for Southampton, where he will board the Dunottar Castle for the Cape. His departure was the occasion of patriotic demonstrations.

TOUGH JOB ON HAND. It will be Six Weeks Before British Can Be Aggressive.

NEW YORK, Oct. 16.—A dispatch to the Tribune from London says: After three days of alarms and sensations there is general impatience over the vagaries of catch-penny journalism, and an increasing disposition to criticize the government for waiting too long before providing adequately for the defense of the imperial possessions in South Africa. Sir Charles Dilke is known to have strong views on the subject, and will probably take a line of his own when parliament meets, unless George Wyndham silences him in force by a satisfactory statement of the details of the military preparations.
