A HOT TIME AT ESTCOURT

Englishmen Led Into a Trap.

LONDON, Nov. 17.—The war office has received the following dispatch from General Buller: "Cape Town, Nov. 16.—Have received from Hildyard, a Boer messenger, a telegram dated November 15, of which the following is the purport: 'The officers commanding troops at Estcourt reports at midday that an estimated train left Estcourt this morning with a company of Dublin fireliers and a company of Durban volunteers. North of Frere they encountered a party of Boers and began to withdraw. While rearing some of the trucks were derailed. The Dubliners turned out and advanced toward the enemy, while the rest of the train appears to have returned without them to Estcourt. The officers commanding the troops reports that he was sending mounted dragoons in order to cover their withdrawal, but that about 100 are missing.'"

LONDON, Nov. 17.—The Elmo Boer forces have taken up a position near Ennersdale, a few miles north of here. They have eight seven-pounders and two French guns. Their strength is 2500 men. They have good powder stores. All is quiet here and ready for the enemy if he attacks.

A Narrow Escape. Thankful words were written by Mrs. Ada E. Hart, of Groton, S. D.—"Was taken with a bad cold which settled on my lungs; coughed up blood and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent one above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took it all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at Blakely & Houghton's drug store. Regular size 50 cents and \$1.00. Guaranteed or price refunded.

A YEAR TOO EARLY. We want star gazing a Year Ahead of Time.

NEW YORK, Nov. 17.—A special dispatch to the Journal and Avertiser from Washington says: "The shower of Leonids will not occur this season. The brilliant spectacle has been announced one year too soon." This announcement has just been made by Dr. L. J. See, one of the most advanced astronomers in the government service.

"Astronomical calculations have not erred as to the periodicity of the Leonids," said Dr. See to the Journal, "but the generally accepted conclusion as to the time it takes the Leonids to pass the earth's orbit has been wrong. After the most careful observations made with the best instruments in the service of the government, and after the most unerring calculations in strict conformity to astronomical laws, I am thoroughly convinced that the period of passage is two years, instead of one year, as heretofore believed.

"The Leonids have been within the earth's orbit for a year now, and will remain with us for another 12 months. The meteoric shower has not been so heavy this time as there was good scientific reason for believing it would be. That is because we have not yet struck the thick part of the trail. By my calculations, this collision will occur in the middle of November, 1900. There the resultant display of burning meteors will be brilliant as the one observed by Humboldt in Venezuela in 1799.

"The present visitation is a counterpart of that in 1863. At that time there were displayed in two years, that of 1863 being almost as feebly as the present has been, and that of the succeeding year being nearly as striking as that recorded by Humboldt.

A Frightful Blunder Will often cast a horrible burlesque on the best in the world, will fill the pain and promptly heal it. Cures old sores, fever sores, ulcers, boils, fella, corpa, all skin eruptions. Best pills cure in one day. Only 25 cents. Cure guaranteed. Sold by Blakely & Houghton, druggists.

Spreckels Talks Sense. CHICAGO, Nov. 17.—John D. Spreckels, of San Francisco, a member of the republican national committee, passed through Chicago on his way east. Mr. Spreckels will attend the meeting of the national committee at Washington December 14.

"I am an anti-expansionist," said he, "and, as I came through the great prairies of the west on this trip, I

IT IS A GUERRILLA WAR

Filipinos Hunted Down Like Wild Geese.

MANILA, Nov. 19.—The first reports received from Lawton's columns in three days say he is on the road between San Nicholas and San Manuel, west of the Agoro river. Swollen rivers prevented him from reaching Wheaton. Major Swigert, with two troops of the fourth cavalry, met heavy resistance at Pozorubio yesterday. He believes Aguinaldo is there. General Young is at Santa Ana. Colonel Wesell's command scattered a band of insurgents near Santa Ana Thursday, killing four Filipinos and capturing 15 without loss. Thirty-six guns were taken. The rest of a battalion of the Twenty-second regiment had a skirmish at Matabelan bridge, near Rosales. The people at Rosales welcomed the Americans. Slaves' souls have reached Paniqui south of Tarlac. They found four locomotives wrecked and 13 cars. MacArthur is at Gerona, where the troops were welcomed by the people.

Young Mothers. Gripe is the terror of thousands of young mothers because its outbreak is agonizing and frequently fatal. Shiloh's Cough and Consumption Cure acts like magic in cases of gripe. It has never been known to fail. The worst cases relieved immediately. Price 25 cents, 50 cents and \$1.00. Blakely & Houghton, druggists.

Disasters From Otis. Details of the Advance of Lanton and MacArthur. WASHINGTON, Nov. 19.—Two dispatches were received at the war department from General Oatis, giving details of the advance of Lawton and MacArthur. The first dispatch is as follows: "MacArthur entered Gerona and pushed his advance to Paniqui, a few miles beyond. The inhabitants remained in their houses, receiving the troops hospitably, the first instance of the kind during the entire advance from San Fernando. The railroad is intact from the westward north of Tarlac to Paniqui, but engines and cars were partially destroyed by the insurgents on retreating. Sufficient rolling stock can be repaired to insure railroad service.

There is nothing from Lawton, as the telegraph line is only working to San Jose, south of Carrangian and 35 miles east of Tayud. His cavalry was reported yesterday at Dayaban, a railroad station south of Dapunan. Re-forestation and supplies leave here for San Fabian, Wheaton's headquarters, tonight. Indications are that the insurgents are widely scattered. Some are retreating into Western Luzon, the province of Zambales."

Under date of today, Oatis again telegraphs, having received advice from "A dispatch from Lawton, dated on the road between San Nicholas and San Manuel, 10:15, 18th inst., transmits dispatches from General Young and Major Hall, both at Atagan and Rosales of November 15 and 16. The former is moving on Pozorubio, about 12 miles east of San Fabian, and 25 miles west of San Nicholas, where Major Swigert finds the enemy strongly entrenched."

You Try It. If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25c, 50c and \$1.00 does not cure, take the bottle back and we will refund you your money. Sold for over five years at this guarantee. Price 25c, 50c and \$1.00. Blakely & Houghton, druggists.

Boers Concentrating. Preparation To Cut off the Advance of Buller's Army. LONDON, Nov. 19.—The latest news from the seat of war in South Africa is, from one point of view, favorable to the British, showing that Kimberly is able to hold its own against the Boers, and that Estcourt is in a position to beat back an attack by the Boer forces now facing it.

On the other hand the advice pays testimony to the ceaseless activity of the burghers on the Free State frontier and their determination to cut off relief for Ladysmith, and, if possible, then to isolate and capture Estcourt, which is the nearest town to Ladysmith still held by the British. A number of small Boer commands from the east and west are converging on Estcourt, and the railroad just south of that place. The Boers already aggregate at least 2000, with a few guns, which they evidently, from the encirclements they are throwing up, mean to mount on bills dominating any advance north from Estcourt, where General Hildyard is still commanding.

Even with the strong relief column now hurrying up from Durban, the British will have a tough job to pierce the Boer forces through across the roads to Ladysmith, while crossing the Tugela river on pontoon bridges in the face of the Boer artillery and rifles fired from the northern ridges commanding the rivers, will probably prove one of the stiffest enterprises of the war.

Sick Households. The cure of overworked womanhood, are quickly and surely cured by Kar's Clover Root Tea, the great blood purifier. It breaks up the action on the bowels, etc., as nothing else will. Sold 15 years on absolute guarantee. Price 25c and 50c. Blakely & Houghton, druggists.

Church Deacon in Trouble. Charged With Bigamy—Was County Physician for Benton. CORVALLIS, Or., Nov. 19.—A warrant was issued from Justice Bryson's court today for the arrest of Dr. T. K. Chapman and Jane King, alias Jane Chapman, both of Moore, this county. The complaint was lodged by T. W. Covender, and it charged Dr. Chapman with illicit cohabitation and bigamy,

IS A RAMBLING CAMPAIGN

American Forces Scattering Over Luzon.

MANILA, Nov. 20.—Only fragmentary reports reach Manila of the operations in the north. When the complete story of the campaign is known it will prove to have been the most remarkable campaign that has taken place in the Philippine war. Lawton's division is spread thinly over the territory beyond San Jose where the telegraph ends. Young's two regiments of cavalry have been practically abandoned in the north, and the infantry is being pushed forward to hold the towns taken by the cavalry; all in this in a country whose natural difficulties were indescribably increased by tropical rains. Water transportation has been practically abandoned, and the troops are living on captured supplies and such produce as the insurgents have left. Major Swigert's detachment of the third cavalry is reported to be engaging greatly superior force at Pozorubio, northeast of Dagupan. This force is covering the retreat of the insurgent leaders to Bioguet mountains and only the insurgents advance force had passed Tayud before the American occupation. The main body of Aguinaldo's army being within our lines. Lawton recently narrowly escaped drowning while fording a river. Captain Lehnhauser with a battalion of the Twenty-fifth infantry is on his way to Odanval to take the insurgent cartridge filling works.

What a Well Known Railroad Man and Resident of Lima Thinks of Foley's Kidney Cure. I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and one bottle cured me. I can not say enough to commend it to any one especially my friends among the train men, who are usually similarly afflicted.

George H. Haudson, Engineer on L. & W. R. R. A. H. Thurston, Mgr. Wells Creek Coal Co. Buffalo, Ohio, writes: I have been affected with kidney and bladder trouble for years, passing gravel or stones, accompanied by excruciating pains. Other medicines only gave temporary relief. After taking Foley's Kidney Cure, the relief was surprising. A few doses started the brick dust, little fine stones, etc., and now I have no pain across my kidneys and feel like a new man. Foley's Kidney Cure has done \$1000 worth of good. Clark & Falk, druggists.

Frank Thomas Hiddleman, Marshallville, Mich. writes: I was troubled with rheumatism for over thirteen years and had tried a number of doctors without relief. My husband bought a box of Eno's Fruit Syrup, and I applied it to my throat and my hands began to get better. In a short time they were entirely cured. Clark & Falk, druggists.

Save the Charleston. WASHINGTON, Nov. 19.—The Colugo started today from Hong Kong for the wreck of the cruiser Charleston. Naval officers here believe she carries a force of wreckers, in accordance with Admiral Watson's instructions, and at least a sufficient plant to make a thorough examination of the hull of the ship. If she can manage to approach the wreck and lift off the big turret guns, it is believed the Charleston can be floated. The main source of anxiety is the weather, which at this time is likely to be stormy.

Liquid Electricity. The great electro-magnetic cure for all internal and external pain; guaranteed to cure the deepest seated pain in one to fifteen minutes. For sale at Clark & Falk's drug store.

Beary Bear Losses. LONDON, Nov. 17.—A special dispatch from Pictou, N.S., dated Saturday, November 18, says: "A runner brings a message from Ladysmith, saying that November 9 the Boers attacked the town from the southwest, but were repulsed by the Royal rifles and rifle brigade with great loss. November 11 the Boers made an attack near Colenso, but were repulsed with a loss of 800. Fighting is proceeding at Estcourt."

The sentence was made severe because of the character and record of the prisoner. Clark is a member of the city council.

SALEM, Or., Nov. 20.—Salem's new city charter contains a section which prohibits the creation of a liability in excess of the revenue, except in case of emergency or unforeseen calamity. A violation of the prohibition is made a misdemeanor, for which councilmen voting for the creation of the liability may be fined from \$100 to \$500.

Funston Going Back To Fight. SAN FRANCISCO, Nov. 20.—General Frederick Funston, accompanied by his wife, arrived at Oakland last night. He is on the way to Manila, where he will report to General Oatis. "I do not know anything about the robbing of churches in the Philippines by American soldiers," declared the general in an interview. "While it may be true that some of our men were guilty of sacrilegious thievery, I can hardly believe it. During the war between the Spanish and Filipino there were a number of native churches robbed by Spaniards. A great deal of the plunder got into the hands of Chinamen, who eventually sold considerable of the stuff to the man of our army."

Terrific Battle Thursday. LONDON, Nov. 20.—A special dispatch from Estcourt, dated November 20, says that Estcourt has reached the scene of a battle at Ladysmith Wednesday, November 15, lasting from daylight until 2 o'clock in the afternoon. Many Boers are said to have been killed, and many are reported taken prisoner. The British losses are reported to be much less.

Another battle is said to have occurred Thursday. It is described as the heaviest battle yet fought. The Boers' dead, it is added, numbers hundreds, while the British losses were comparatively small.

Weak Lungs

When your throat and lungs are perfectly healthy you need not worry about the germs of consumption. They don't attack healthy people. It's the weak, debilitated, inflamed membranes that are first affected. Hard coughs and colds weaken your throat and lungs and make consumption more easy.

If your lungs are weak, Scott's Emulsion is the best remedy you can take. It soothes and heals and gives tone and strength to these delicate membranes. In this way you can prevent consumption. And you can cure it if you haven't had it too long. Keep taking it until your lungs are strong and your weight restored.

A Lesson in Health
Whatever the apparent cause of your ill health, are you absolutely certain that the real, underlying cause isn't disorder in your kidneys? Nine chances in ten it's your kidneys that need attention, if the root of your poor health is to be reached. Treating your stomach, your liver, your blood, your heart or your nerves, is to treat symptoms only. Treating your kidneys is to reach and remove the cause of disease.
