UNION, OREGON, SAT. APR. 10, 1886

TO ADVERTISERS.

The SCOUT has a Much Larger Circulation than any Paper in this Section of the State, and is, therefore the BEST ADVERTISING MEDIUM.

This is a True Statement, and we shall not allow it to be questioned by any other paper. Advertisers will do well to make a note of this.

WHEN it is remembered that the war of 1812 closed over seventy years ago, surprise may well be expressed that there should now be more than 20,000 pensioners on the rolls, of to relieve the bondsmen, but the which 17,212 are widows. At what age did they marry, and are soldiers' widows exceptionally endowed with long lives? Exact answers to these questions would furnish interesting information and might reduce the number of pensioners.

We have just received a letter from an adjoining state containing the following request: ' Please send us a copy of your paper, as we are very desirous of getting what information we can, pertaining to your business men and firms," We complied with the request very reluctantly. While our business men need not blush at the appearance of the Scour, they may well feel ashamed of the figure they cut in it-or rather, out of it.

THE Union correspondent of one of the La Grande papers thinks that a contractor would be "foolish" to put in a bid for the construction of the Pine creek road. The wish is evidently father of the thought, and is probably shared by at least two of the commissioners. Nevertheless we can assure this zealous scribbler that despite the barrenness of details in the 'advertisement,' there will be several bids put in at a reasonable figure, and the Board will hardly go so far as to reject them all.

THE republicans held their primaries on the 6th., and the democrats on the 7th. inst. Delegates were elected to attend the county conventions, and so far as we can learn, everything was conducted properly. To be sure the various candidates endeavored to get in men that they thought were favorable to them. but none from this precinct will go pledged to support any particular individual. This is as it should be, and it may confidently be expected that a good ticket will be nominated by both parties. The cause of weak and incompetent men being placed on the ticket, is principally attributable to the idea among the delegates from the various sections of the county that they are not doing their duty unless they insist upon some man in their immediate vicinity being placed on the ticket, no matter how incompetent and unfit for the position he may be. It is to be hoped that this feeling will not find prominence in our coming conventions, and that a man's fitness for the office will be considered, rather than the locality in which he may be so fortunate or unfortunate as to reside.

Ir would seem that although the registry law has been declared by the Supreme Court as unconstitutional, there are still some knotty questions to be untangled. In speaking of the result of the decision of the Court. the Oregonian says: But now the question arises, does the decision of the supreme court voiding the registry clause of the new law vold the act. If so, the old election law is probably still in force, but of this there are some doubts as the repealing clause of the new law is specific and in perfect form, and will hold good even if every other clause prove noneffective. This matter was a common subject of discussion among lawyers yesterday and there was a wide difference of opinion, some holding that the judgment of the court affected only that part of the new act relating to registration leaving its other parts in full authority, others that the decision affected the whole act and left the old law as to elections in force, and others still that only the repealing clause of the new act was valid, leaving the state without any election law at all. There is some argument for each of these theories but we have little doubt that the first is the right one. It is divided in the state constitution that the voiding of one part of an act does not necessarily void the whole act. Thure is, besides, a special circumstance in this case supporting this view. The actual title of what is popularly called "the registry law'' is as followst "An act to provide for the registration of voters, regulating the manner of conducting elections, providing for of the miscellaneous laws of Oregon.'

This title, in a sense, divides the act into specific sections. There is no question as to the constitutionality of question as to the constitutionality of and repealing title 1, of chapter 14, the section regulating elections, and

we believe it will be held to be valid.

"Stand firm in the faith" has not been carried out by one of the chief advisers of the Mormon faith. George Q. Cannon, one of the good(?) Apostles at Salt Lake, has skipped, lit out, vamosed the ranche, gone some where for his health, likely, and left his faithful followers to pay the snug little sum of \$25,0000. The free airs of heaven are much to be preferred, even by an apostle, than those of iron cells in the penetentiary. A subscription has been started, asking the Mormons to subscribe \$5 apiece scheme does not seem to be working
