# ADHERE TO THE TRUTH.

In its efforts to have a new county formed of the Wallowa, the principal argument put forth by the Chieftan is that the financial condition of Union county is in an unsottled state and the indebtedness constantly increasing. This is very far from the truth, and it will be hard to make the numerous readers of the Scott in the Wallowa believe anything of the kiud. thorn, who claims to be conducting an independent paper, like ourself. county, and when the people of that passage of the act, section think they want a county of their own they may raly on its assisbe greatly reduced. If it will wait four years it can withdraw without here, as the expense of keeping up that portion of the county has been about as great as the revenue dorived from it, but when we see that persistent efforts are being made to deceive the people, we feel it a duty to apprise our readers at least, in that section of the county, of the facts in PHYSICIAN & SURGEON. the case. We have no animosity toward the Chieflain, but on the whole, have been very well pleased with the course purshed by it, yet in the present instance cannot refrain from advising it to adhere strictly to the truth in its intercourse with the people, and leave the political papers of the county to dissemble, misrepresent and lie, for nothing better is expected of them, their masters tell them to de it, and they "have to" or go hungry. Such should not be the case with the Chiefluin.

Subscribe for your local papers, not as a charity, but as an investment.
