TO ADVERTISERS.

The SCOUT has a much larger circulation than any paper in this section of the state, and is, therefore, the BEST ADVERTISING MEDIUM.

Prominent Georgia farmers are preparing to substitute Chinese for negro labor on their plantations. We don't know a great deal about the noble colored man, but believe that the prominent Georgia farmers will get the worst of it, by the change.

Every few days some unfortunate polygamist is arrested at Salt Lake, and tried, convicted and sentenced to a term of imprisonment and fine, but this only has the effect of making them more cautious in the practice of their unlawful belief. At Salt Lake City quite recently, one polygamist declared his intention of "obeying the laws of God, prison or no prison."

Sensational preaching is not modern at all, indeed, it is far from being now what it was two centuries ago, for it was then the rule in the dissenting pulpits in England. In 1686 one divine advertised as his subject "A fan to drive away the flies of Satan," and another, who had quarrelled with a parishioner named Hardy, announced as his text, "There is no fool like the foolhardy."

During the last month 1040 passengers arrived in Portland by steamer from San Francisco. Of these, 670 came in the cabin and 378 in the steerage. During the same time 529 first-class passengers and 1018 immigrants passed Heron, on the N. P. road, bound for Portland, and 406 first-class and 490 immigrant passengers passed Huntington on the Oregon Short Line for Oregon. The whole number of arrivals for the month was 3,483, and with 4,790 for May, 4,743 for April, 4,889 for March, 1,873 for February, and 1,797 for January, showing a total of 21,575 for the first six months of the year.

Here is a characteristic item, relating to the Mormon fraternity, from the Salt Lake Tribune: There is a deal of commotion in the wards especially in families where the polygamous bishops and heads of families have packed their gripsacks with a clean shirt and a bottle of whiskey and skipped by the light of the moon for the catacombs. Families are fighting among themselves, the ward congregations are in a snarl, the young bucks and heifers are kicking out of the church traces; in short, all the indications are present for a grand apostasy if only the Edmunds Tucker bill passes to explode the magazine.

The Chinese have devised another clever trick to break through the barrier of the restriction act. It is to swear when they get to this port that they were born in this country, and were taken back to China in infancy, which effectually accounts for their ignorance of the language, customs and geography of the United States. Birth on American soil, of course, places them beyond the operation of the restriction act. The other day a Chinese woman was brought into the district court on a writ of habeas corpus, and swore that she was born in San Francisco, but went back to China when she was four years old. She knew no more of this country and the English language than a South African bushman, but nobody could swear that she was not born here.

The retiring Baker county officials have made a financial statement which is published in the county newspapers, giving a full and comprehensive account of all moneys received, and an itemized statement of all expenditures during their term of office. The amount paid to carry on the county government during the term was \$107,192.91. The county indebtedness is \$85,747.52, which after deducting \$9,457.12 in the hands of the treasurer, and \$34,331.17 delinquent taxes, leaves \$41,960.23. While the condition of the county is in anything but a flourishing condition, and fifty per cent worse than that of Union county, it is no doubt a source of gratification to the people of that county, to have this document laid before them so that they can see for themselves what their officials have been doing, and if any errors in management exist, the same may be known and the proper remedies applied. It is a duty that every official owes to the people, to make a full statement of his official actions upon retiring from office. Whether this has been done by our recent Union county officials, or any of their predecessors since the formation of the county, we are unable to say.

The following from the San Francisco Examiner, concerning Land Commissioner Sparks, is the sentiment of every honest man in the nation, and it is to be regretted that we have not more officials like him: "No federal officer under this administration has done more practical reform work than Land Commissioner Sparks, and no officer has been so roundly denounced for doing it. In this denunciation the scheming rascals whom he has foiled have had the assistance of a numerous company of fools, and between them they managed to produce quite a volume of sound. The present silence indicates that the fools and rascals are temporarily under, and Commissioner Sparks on top. All honest men hope he will manage to keep there."

SENATOR DOLPH, in a speech last week denying that he was a tool of corporations, said: "This word 'corporation' has the same effect on some people that a red flag has on a bull, and they propose to fight it, head down and tail up." Mr. Dolph can very easily set back in his cushioned chair and sneer at the thousands of men and women along the line of this grant who are struggling to pay the exorbitant prices for land in order to enrich a railroad, whose title to it has lapsed years ago; but those people are not such fools as to believe in Senator Dolph's honesty or patriotism. He is feathering his nest at the expense of the welfare of the state he is paid to represent. Actions speak louder than words.—[Bunchgrass Blade.]

The La Grande Gazette man is a genius, and no mistake, and can sling together alliterative titles in a most remarkable manner. Last week he wrote up a very sensational article on the Bennett-Legore affair with the headlines, "Cruel Crime—Bill Bennett's Ball Buried Beneath Base Beauty." Of course we are envious of a brother quill driver who can sling words together like that. The alliteration is perfect, the thought original to a remarkable degree, and the ideas meant to be conveyed, sparkling and lucid in the extreme. Gosh!

The Smiths are bent again by the Joneses. Chas. Jones, of New York, claims to have on his shoulders the only head now in business that was patted and blessed by Washington. No Smith lifts a head scratched by the Father of his country.

PUBLIC OPINION, the Washington paper made up of editorial clippings from all American newspapers, is beginning to commend itself to congressmen as offering a means of determining how the cat will jump.

Tamar Treatment Prescribed by the Leading Physicians. Read What They Say: St. Louis, Mo., Feb. 10, 1886.

"For more than three years I have used Tamar Treatment with the best results. I recall now several cases of seminal weakness and debility with all its evil consequences. I have treated during the past year, which have been cured by the use of the Tamar Treatment, and several of these cases were in the last stages.
