Local and General.

TERRORS FROM TAR FLAT -- Monday last, two bad men in embryo, who reside near Ladd canyon, by name Dyke Mumford and Dick Peebler, came into town and commenced attracting attention to themselves by riding at a rapid gait through the streets. During the past year several persons have been seriously injured by reckless horsemen, and fast riding has been strictly forbidden by our city ordinances. Marshal Cates procured a warrant for their arrest, and when coming down the street met Sheriff Hamilton and requested him to assist in the arrest. Meanwhile the bad men had tied their horses to the rack near Levy's store, and repaired to the Kentucky saloon to gin up. While there some one told them that the marshal was looking for them, and they lit out at the back door, ran down the alley and crossed the street to their horses. The officers endeavored to intercept them, commanding them several times to stop, to which no attention was paid, the young men mounting and putting spurs to their horses. The officers drew their revolvers and commenced firing, one ball striking Peebler's left arm a few inches above the elbow, and fracturing the bone. They rode out of town, however, without anyone knowing that either of the shots had taken effect. and it was not until next morning that the fact was ascertained. Hamilton says he was not trying to hit them. and shot in the air. Cates says he fired very low, his object being to cripple the horses and capture the culprits if possible. We understand that the affair has engendered some bad feeling in the neighborhood of Peebler's home, his parents being good and highly respected people, and that they severely censure the officers. They are certainly wrong in this. While it is to be regretted that the young man has fallen in with evil associates and made to suffer, it is but the natural consequence of such a course. Law and order must be sustained, and young men who conceive it to be smart to set at defiance the officers and laws, will sooner or later come to grief. In this instance the marshal has, so far as we have been able to learn, the approval of the community.

RATHER INCONVENIENT .- The records of Baker county it seems are private property, owned by Wisdom & Holman. It came about in this way: At the burning of the court house last summer, the county records were totally destroyed, and as Wisdom & Holman had transcripts of them, the same were adopted by the county, and legalized at the special session of the legislature last winter. Now Messrs. W. and H. being on top have things about their own way, which causes cisco the Sage Brush to "yip" in this man ner: "The county should purchase the burnt records or rather transcripts thereof, legalized by the special session -as the records now stand no one can make an abstract or know how property stands, except the owners of the transcripts. Of course it makes their property valuable but no doubt they would do the right thing with the county." Such a state of affairs is rather inconvenient, to be sure, but the above named gentlemen will doubtless be content to worry along as heretofore

HELD TO ANSWER .- The Sage Brush says that after the Coroner had issued his warrant for the arrest of Dr. E. M. Clements last Wednesday evening at Huntington, after the inquest, he turned the papers over to Justice J. W. Gray, who then took charge of the case as required by law, and set the hearing for the preliminary examination of the case for Thursday morning. When the case was called the Doctor appeared with his attorney, Maj. Anderson, and waived an examination. whereupon Justice Gray placed his bail at \$3,000, and as the Doctor failed to give bail, Constable Hannon brought him to our city yesterday, and turned him over to the Sheriff. and now the Doctor practices behind the bars of our county jail.

SUDDEN DEATH .- Mrs. Moa, who has been living with her daughter, Mrs. Willis Skiff of this city, died suddenly last Monday morning. She was a very aged lady, and had not been well for some time. Monday morning she got out of bed and had partly dressed herself, when she complained of being sick and lay down again. A doctor was sent for, but when he arrived it was too late to render assistance, and she died a few minutes afterward. The immediate cause of her death was heart disease. The remains were taken, Tuesday, to La Grande for burial attended by a number of friends and relatives, of this city.

MARRIED .- Mr. S. F. Carl and Miss Mary Green who reside near this city, hied themselves away last Monday, presumably without parental consent, to the accomodating confines of Idaho. and were there united in matrimony. They returned next day looking very, very happy. All is well that ends well, and we wish them prosperity.

Lost.-Somewhere between Summerville and Union, on Sunday even-Turner Oliver, Union Oregon.

urday afternoon. Ed. E. Cates, marshal of this city, was serested and taken to La Grande, on a war-rant issued from Justice Ellsworth's court at the instance of Dyke Mumford, for shooting young Peebler. Cates waived examination and was bound over to appear efore the grand jury, with bonds fixed at \$500. He gave the required bonds and is now attending to his duties

From now until after we have had some good rains, we are in more danger of devasting fires than at any other time of year.
