Local and General.

THE CRAIG FAMILY REUNION.—From the Daily Gate City, published in Keokuk, Iowa, we learn that the thirty-fourth anniversary of the wedding of Mr. and Mrs. James Green, of Fort Madison, was celebrated by a happy reunion of all the different branches of the Craig family, who are in the west. The reunion took place at Fort Madison on the 18th inst. Those present on that occasion were Mr. and Mrs. Judge A. C. Craig, of Union, Or.; Mr. and Mrs. Enos Craig, of St. Joseph, Mo.; Mr. and Mrs. John H. Craig, of Keokuk, Iowa; Mr. and Mrs. Homer A. Craig and daughter, of Oakland, Cal.; Mrs. Ellen Burroughs, of Butte City, Mont.; Mr. John E. Craig and son, of Keokuk, Iowa; Mr. and Mrs. D. R. Craig and daughter, of Keokuk, Iowa; Miss Bertha and Masters Hugh and Theodore Craig, of Keokuk, Iowa; Mrs. W. G. Albright and two daughters, of Cedar Rapids, Iowa; Mrs. G. W. Winans and daughter, of Junction City, Kas.; Mr. Geo. Green, of Fort Madison, and Dr. Seth Craig and wife, of Wymore, Neb. A family picnic was held at Farmington, Friday, which was an event of much pleasure and enjoyment. The picnic was held at the residence of Mrs. Geo. King, of Farmington. During the afternoon about forty of the old friends of the family visited the company at Mrs. King's, and congratulations were extended in a neat speech by Seth H. Craig. A well written article by one of the ladies, containing pen-pictures of the different members of the Craig family was read, in which Judge A. C. Craig, of this city, is handled scientifically. We would like to give the entire article but space forbids.

VACANT SCHOLARSHIPS.—The following extract from a letter just received by Judge Goodall, from Prof. Johnson, of the State University at Eugene, explains itself: "Mr. L. J. Davis is the only student from your county now attending the university on a scholarship. Messrs. Collins and Oliver will not return this year; hence their scholarships are vacant in accordance with a by-law of the regents. Miss Cora A. Samms forfeited hers during the past year. Your county is, therefore, entitled to three scholarships in the university. I shall be greatly obliged if you will fill up the quota to which Union county is entitled. I have just matured an arrangement with the O. R. & N. Co., by which Eastern Oregon students will pay full fare to Portland, on coming to the university, and one-third fare from Portland home. All our students get a reduction of one-third from Portland to Eugene and return on presentation of my certificate." These scholarships should be filled, and any young lady or gentleman of the county desirous of obtaining an education should give it their attention.

FIRE AT BAKER CITY.—Last Tuesday morning, about 12:30 o'clock, a fire was discovered in the rear of Mansfield's billiard hall, on Main street, Baker City. There being no engine or apparatus for extinguishing the fire, the entire block was destroyed. Luckily, it was perfectly calm at the time, or the whole business portion of the town would have gone. The losses are as follows: J. T. Wilson, \$2,000; Mrs. S. H. Small, \$1,200; Mr. Boreman, \$2,000; Louis Mansfield, \$1,000; Rodgers & Heyde, \$100; O. P. H. McCord, \$1,800; Mitchell, \$500; J. H. McDonald, \$6,000; insurance \$2,000; Weller & Henry, \$2,000; Oscar Trevel, \$500; A. B. Elmer, \$2,000; J. M. Lachner, \$5,000; Robert Jobat, \$1,500. The only person carrying an insurance was J. H. McDonald. The insurance companies, considering the risk, would not insure for less than 12 1/2 per cent.

NOT A TRUE BILL.—As we supposed they would, the grand jury refused to indict the City Marshal, E. E. Cates, for shooting at Mumford and Peehler while attempting to make their arrest, for violating a city ordinance a few weeks since. While the people of Union are a jolly whole-souled set, and like to have people from any section come in and enjoy themselves in a reasonable way, they object to anything approaching ruffianism. While the present marshal is in office it is safe to say that there will be nothing of the kind without swift justice overtaking the offender. Parties who feel that they have a call to paint some town in red color, will do well not to select Union as the scene of their artistic performances.

THE CITY COUNCIL.—The council met, last Wednesday evening, but transacted no business of special importance, other than accepting the assessment made by the recorder, levying a 5-mill tax, and ordering the marshal to proceed at once to collect the same. We were unable to learn the exact amount of the taxable property of the city, as the rolls had not been figured up by the recorder at that time.

BORN.—In this city, Oct. 5th, to the wife of Marshall Woodward, a son.

\$5,000 REWARD.

The Havana Press drill has been proven to be the best drill in the market. It does not bog in heavy or sod ground, and grain guards either drought or freezing better than when sown in any other way or by any other implement. It has been thoroughly tried in the valley the past season, and is pronounced "the boss."
Quite a ripple of excitement was caused last Monday by a runaway team attached to a large crowd, and excited their curiosity. It was a crowd that Grade Road valley is the best of all, and says that he would rather live here than any place he has seen.
Through the seductive persuasions of his lawyers, the trial of Bennett has been postponed till the 12th day of December. There were perhaps twenty witnesses in this case, in attendance who were instructed to stay at the clerk's office for their fees, and to appear again on the 12th of December. This is the people's money squandered and justice retarded. There is no reason why the case should not have been tried this term.
A few days ago a traveling "athlete" or humorist too lazy to work arrived in town and announced his intention of giving a grand out-door exhibition at 5 o'clock p. m. He stretched a rope across the street with a trapeze attached to it and after extended preparations, which attracted a considerable number of spectators, he took up a collection, and commenced the performance by balancing himself with a long pole and walking out on the rope. Then he got down on the trapeze and writhed around a little while. Then he "skun a cut," as the small boy would express it, which concluded the entertainment. Such fellows should be arrested as vagabonds and put to work.
Recently we have dropped from our advertising columns the ad's of two or three of our "patrons." Not because they request us to do it, but because they are altogether too slow to pay their bills. This is a busy rushing world, and we have no time, space or money to waste on dead heads. Our advertising columns are valuable, and the patronage of those who think otherwise, and are not prepared to pay for what they get, is not wanted. Our numerous readers throughout the country will do well to persevere our advertising columns each week, and they may rest assured that the same are pleased there by five energetic business men, who have something to say, and pay when they owe. If it were otherwise their ad's would not appear in the Scout.

Fatal Accident.

On Tuesday afternoon last, an accident occurred in North Union, which resulted in the death of Miles D. Beard, an old and much respected citizen of this place. It seems that Mr. Beard had been out riding in his buggy, and when returning attempted to drive across a ditch near his residence, and one wheel dropping into it before the other, he was precipitated with great violence to the ground. The team ran away but were captured soon after, having demolished the buggy to a considerable extent. Mr. Beard was picked up in an insensible condition and carried into the house. Dr. Capps was sent for but was unable to afford the superior but little relief, as the spine had been injured, causing paralysis. He was conscious to a certain extent at times, and lingered along through the night until near morning when death came to his relief. Mr. Beard was an old man and perhaps, would not have lived a great many years, but it is a source of profound sorrow to his friends that he should be taken in this manner and not be permitted to live out the full measure of his years. Mr. Beard was a member of the Maronic lodge of this city, under whose auspices he was interred in the Union cemetery on Thursday last, at 11 o'clock a. m., with impressive ceremonies. The funeral was attended by a large number of friends and relatives of the deceased.

Death of A. L. Saunders.

The most painful duty we have been called upon to perform for many a day, is to chronicle the death of A. L. Saunders, ex-Sheriff of Union county, and one of the most prominent merchants and business men of the city. He was taken sick some two weeks ago, with bilious fever which developed into a complication of diseases and despite the untiring efforts of the best physicians, he rapidly grew worse, and died on the evening of the 5th inst. The news of his death will fall heavily upon his friends throughout the entire county. To the people of this city and vicinity, who knew him best, and loved him for his upright ways and kind and honest heart, his death comes as a great calamity, and leaves a vacuum in our social and business circles that cannot be filled. Mr. Saunders was a member of the I. O. O. F., of Baker City, but his funeral took place under the management of the Odd Fellows of this city, at 2 o'clock P. M., last Thursday, and with the impressive and touching ceremonies of that order, he was laid to rest in the Union cemetery, surrounded by a host of grief-stricken friends.

Who was the lady who exhibited mortal terror in the presence of a cow, Saturday evening? I don't like to tell, but as I have to, it happened this way. While walking along with my mind on higher things, I came to a rope which, unfortunately, was tied in a loop. Accidentally stepping on it, I was too late, noticed a calf attached to the other end of the line. The bovine acted in a very rude manner, much to the discomfort of my personal habilitment.
