Local and General.

TERRIBLE ACCIDENT.—Last Sunday evening, as Mr. Moore was coming down from the mill in a wagon containing his family and Mrs. Lindsey Craig and her two children, they met W. T. Wright's carriage which had stopped at the foot of the grade, near the Benson place, to allow them to go by. As they got opposite the carriage, Mr. Wright's horses got frightened and backed a little, cramping the vehicle somewhat across the road, which caused the other team to sheer off to the opposite bank, overturning the wagon and precipitating the occupants in between the two vehicles. One wheel of Mr. Wright's carriage was demolished, but luckily the horses were held in check and did not run away. Nearly all of the occupants of the wagon were hurt more or less, but to what extent could not be ascertained at that time. Everything was put to rights as well as could be done under the circumstances, and Moore's party were brought to their home in Union Grove Connor driving the wagon. Mr. Wright procured another vehicle and returned to town. Dr. Cronwell was sent for, and upon investigation, found that Mr. Moore had several ribs broken, Mrs. Wright's shoulder was dislocated and their little three-months old baby's hip was broken and other members of the family considerably bruised and hurt. Mrs. Craig was considerably cut about the face, and her two children were slightly injured. They are all getting along nicely at present. It was a sad affair, and much to be regretted. No blame is attached to anyone for the occurrence.

ATTEMPT TO KILL.—Wednesday night, about 9 o'clock, City Marshal Gates, on coming out of his residence, noticed two men standing on the corner in a suspicious manner, and when he approached them they started off and turned down an alley way. He told them to stop but they paid no attention, and hurrying up he overtook them and caught the largest one by the shoulder, when the fellow made a vicious lunge at him with a knife, cutting a long gash lengthwise of his body, entirely through the clothing, but otherwise doing no damage. Had Gates not seen the movement and stepped back, he would probably have been killed. The fellows then lit out on a run, when the marshal fired two shots at them, but with what effect could not be ascertained, as the night was very dark. The miscreants were pursued but made good their escape. It is not known who they were, but the marshal thinks he can guess pretty closely. It is to be regretted that he did not perforate both of them.

A BEAUTIFUL PICTURE.—The holiday number of the West Shore, in addition to containing numerous fine colored engravings, will be accompanied by a magnificent picture of Mt. Hood, printed in eight colors. It is something everyone who has seen the noble "Monarch of the Cascades" will desire to possess, and it can only be had by subscribing for the magazine, as the supplement will be sent to yearly subscribers only. The publisher announces that this picture and the October, November and December numbers of this year will be sent free to all who subscribe now for 1887. The West Shore is now in its thirteenth year of publication, ranks with the first-class magazines of the Union, and is the only one on the Pacific coast publishing original illustrations. The subscription price is \$2 per year. J. B. Sautel, publisher, Portland, Oregon.

DESTRUCTIVE FIELD FIRES.—Tuesday last the sparks from a passing engine set fire to the grass near Iadi canyon, which spreading quickly covered a large area of country and destroyed a large amount of property. The losses as near as we can get at them are as follows: Wm. Wilson, 1000 bushels of grain, 175 tons of hay, his barn, granary and smoke house, and fencing around 300 acres of ground; Mrs. Despard, 300 tons of hay, dwelling house, barn and several sheep sheds; Williamson & Rogers, 800 tons of hay and about 300 acres of pasture grass; A. Gangloff, 150 acres of pasture grass and the fencing around it. We presume the railroad company can be made to pay for these losses.

SIZES THEM UP.—The La Grande Gazette in its last issue says: "The Sentinel of Union, has reduced its subscription price to one dollar per year. There is something not altogether right in this movement. Either the present proprietors expect soon to sever their connection with the paper, or else they are fools, for any person that has had any experience in Oregon journalism knows that a country paper cannot be made to pay on a subscription price of one dollar per year. Somebody is going to get left in this undertaking."

The Kimball organs have no equal.

The Havana Press still has been proven to be the best in the market. It does not do in its trade of selling and advertising, either through or through the letter when seen in any other way, or by any other implement. T. Carroll was appointed to do so, and disburse the same, or so much thereof as shall be necessary for the prosecution of the search.

John Pinals and family leave for California to-night, on an outfit of the poor health of Mrs. Pinals. We hope they may soon return to their home after their recovery, at least in a moderate degree. If not, it is a pity. If the above alludes to J. P. Pinals, formerly of La Grande, and we presume is one, we will say that he leaves leaving us, or a year's subscription. We may not allow the exact necessities it takes to make a man a citizen, but if Mr. Pinals concludes to remain in California, we shall not grieve.

The Sage Ranch of the 23rd inst. says: "Our esteemed fellow townsman, G. C. Lavel, received news by telegram yesterday of the sudden and unexpected death of his wife, Mrs. Julia S. Lavel, at Olympia, W. T., Oct. 23rd. Mrs. Lavel had been an invalid for years and given up by all her physicians, but nevertheless the death was sudden and unexpected and a terrible blow to Mr. Lavel. He left on yesterday a train for his old home and the sympathy of many warm and friendly hearts goes with him on his sad mission and journey."
Tuesday last, as the west bound freight train was passing Hutchinson Bros. both opposite this place, sparks from the engine set fire to the grass, which spreading rapidly would have undoubtedly amounted to an immense conflagration and loss of property had not the most strenuous efforts to suppress it been made by the section hands, and a large number of men from this place. After burning about seventy-five acres of grass, the fire was checked at the place, which runs up from the depot. Had it crossed the slough much damage would have resulted, and several farm houses would have been destroyed.

Dan's Experiment.

Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to relieve in all cases of Lung and Chest affections. Try all bottles free at J. T. Wright's drug store.

Whose Horses?

The Wallowa Chief says: "This office is in receipt of a letter from a gentleman who states that there are four horses in what is known as the Howard meadows, about four miles Southeast of the mouth of the Wallowa river, that he is satisfied are stolen horses. One is a grey or white mare branded '75' on left thigh and 'R' or '81' on left shoulder, badly blotched, also five dots on right shoulder. The other three are mares also, one bay, one black and the other brown and each are branded with five dots on left shoulder. It might be well for persons who have horses lost to cast their eyes in that direction."

Jens Christensen, of Indian valley, aged 72 years, who has been a resident of Union county for the past sixteen years and who has reared a large family of sons and daughters, was brought to this city last Wednesday and upon examination by doctors (Cronwell and Capps) was pronounced insane. It is a story of a man who was so sure that he would be able to make more profit from a cheap imitation than he can from the genuine. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to relieve in all cases of Lung and Chest affections. Try all bottles free at J. T. Wright's drug store.

Our school closed on the 23rd inst. ending a term of six months. The closing exercise was one of which the patrons of the school had reason to feel proud of. Much interest has been manifested by the teacher in his work. We take pleasure in making mention of it. The programme opened with a spelling match, after which a grand picnic dinner was served to all present; then recitations and singing. The extraordinary exercises was all confined to the small scholars, who distinguished themselves greatly. Among the visitors we noticed Prof. Hackett, W. L. Forrester and Miss Xenimia Sauborn of the Cove, who expressed surprise at the general training of the school. I closed with the "Old Bachelor's Lament," sung by Mr. Joshua Murray which brought down the house. In the evening all repaired to the home of Mr. Wm. Everything seems quiet in this community, even our detective has nothing on his mind, and the head doctor gets no calls, the preachers, however, to group out way in darkness, and if the literary society is not resumed this winter, the prospect is for us to settle down into a state of indifference and apathy from which it might require something uncommon to arouse us.
