"Where are your tickets, gents?" asked the doorkeeper of a St. Louis theater to a line of men who confronted him in "Indian file." "It's all right," shouted a man at the tail end of the line, "I've got the tickets. There's twelve of us with me. Count 'em as they go in." "In you go gents," said the doorkeeper, and he tailied off eleven who immediately

mixed with the crowd within. The Cerberus turned to look for the holder of the tickets, but he had disappeared, and eleven men saw the performance safe from identification in the tremen dous throng of people.-New York World.

\$15,000 for \$3 Invested. Lexington (Ky.) Press, Nov. 27.

Fortune has smiled on Messrs. Edward H. and George Washington Laycock and T. L. Pendell, farmers and tobacco raisers living near Keene, Ky., bringing them a sum of money larger than could be made by years of toil and strict economy. They invested \$1 each, and purchased three one fifth tickets in The Louisiana State Lottery at New Orleans. One of these proved to be a one-fifth of ticket No. 94,552, which drew the capital prize of \$75,-600 at the regular monthly drawing on Nov. 9th. On learning of their great fortune, they placed their ticket in the hands of the First National Bank in this city, and by return mail received a check for \$15,000, giving them \$5,000 each on the one dollar invested. They were delighted to find that they had struck it so rich. They Reliable Jaweler are hard-working, industrious tobacco fied at their good luck. They hereafter be called Colonels. A little petroleum added to the water with which waxed or polished floors are washed improves their looks.

Cloths dipped into hot potato water are recommended for immediate and complete relief in the severest cases of Theumatism.

In using cloves for pickles or preserves the blossom end should be removed as this darkens the liquid with which it is cooked.

Pretty little pinenshions for the pocket are made of velvet in the form of pracies. The lines of the flower are worked with etching silk.

A little bag of mustard laid on the top of the pickle jar will prevent the vinegar from becoming mobily if the pickies have been put up in vinegar that has not been boiled.

Don't keep the sun out of your living and sleeping rooms. Sunlight is absolutely necessary for a right condition of the atmosphere which we breathe, and for our bodily well-being.

A "jug bag" to hold coppers is a pretty bazar novelty. Is knitted in bright colors in imitation of a small pitcher; the neck of the jug is ribbed and drawn in in, so keeping the coutents from falling out.

To Take off Starch or Rust from Flat-irons-Tie up a piece of yellow Leeswax in a rag, and when the iron s almost but not quite hot enough to use, rub it quickly with the wax, and then with a coarse cloth.

Doughnuts-One cup of sour milk, one egg, one cup of sugar, one teaspoonful of sait, two-thirds teaspoonful of ciunamon, one tablespoonful of saleratus, and flour to roll. Roll thin, cut in rings and fry in very hot lard.

Flowers of sulphur sprinkled on a not shovel and the fumes inhaled while they are fresh will cure cold in the head. A teaspoonfull of flower is suffie cut and does not cause disagrecable sensations.

Pudding Sauce-Take two cups of white sugar, a lump of butter the size of an egg, one well beaten egg. Stir those together, then add a teacupful of boiling water; put it in a saucepan until it thickens; do not let it boll; flavor with lemon or vanilla.

Pound Cake-One pound of flour, one pound of butter, one pound of sugar, four eggs and two teaspoonsful extract of leamon. Beat the butter to a cream, add the sugar and flour; mix well; add the extract add well beaten eggs and beat the mixture twenty minutes. Line a cake tin with buttered paper, and bake in a moderate oven.

This recipe for brown bread will make a good-sized loaf: Two cups of yellow Indian meal, one cup of rve flour, one cup of Graham flour, one cup of New Orleans molasses, three tenspoonsfuls of baking powder and milk enough to make a still batter. Pour into a buttered mould and steam three hours and a half. When done brown in the oven.

To Remove Rust from Ironware -Now stove or range furniture is sometimes so much rusted as to make the use of it very inconvenient. Put into a rusty kettle as much hav as it will hold, fill it with water and boil many hours. At night set it as de, and the nex day boil it again. If it is not entirely fit for use, repeat the process. It will certainly be effected.

To prevent Ivory Knife Handles from Being Cracked-Never let knife blades stand in hot water as is sometimes done to make them wash easily. The heat expands the steel which runs up into the handle a very little, and this cracks the ivory. Knife handles should never lie in water. A handsome knife, or one used for cooking is easily spoiled in this way.

Farmers' Mince P.e-Four bowls of apples, two bowls of beet, one bowl of suct, three bowls of sugar, one teacupful of molasses, one dessertspoonful each of cinnamon, cloves, all spice, nutmeg and a little salt. Put away in a jar what you do not use at once. Moisten, when you bake, with sweet cider or current wine. (Fruit, one bowl of raisens, one of currants and a little citron.)

#### Baffles the Doctors, A physician of this city recently vis-

ited Jonathan Bass, of Cambria. Niagara county, whose case is believed to be without a parallel in medical records. Mr. Bass is fifty-six years of age. In the summer of 1848 he was seized with a sharp pain in the bottom of his right foot. No cause for it could be discovered. The foot and leg became greatly swollen, and during the next nine years all the joints in his body became slowly anchylosed, or grown into solid bone. In 1857 he was placed on an invalid's bed, and has never been removed from it. So completely consolidated are all his joints, including the spine, that he may be lifted by the placing of a hand under his head and one under his heels, his weight being but seventy-five pounds. The bones of the fingers of the right hand, of the entire left hand, and of the toes of both feet have been entirely absorbed, and the flesh of the fingers and toes hangs down like fringe. Mr. Bass' jaws are tightly locked, but he manages to eat the heart est meals without mastication and without suffering inconvenience. Pork and other meat is cut in thin strips, which he draws into his mouth by sucking through the narrow opening between his upper and lower teeth. He cats the fattest meats. Since 1869 he has been totally blind. His heart is five inches lower than the usual position of that organ, but is perfeetly sound, as are all of the invalid's vital parts. The nails on his fingers have grown to nearly a foot in length. Mr. Bass is a man of more than average intelligence, and keeps himself posted on all questions of the day. He converses with ease, and is lively and cheerful. His constitut onal health is so good that phys clans agree that he will live beyond the allotted time of the most active man .- Elmira (N. Y.)

### IMPAIRED EYE-SIGHT:

Kidney sold with some persons has an ESPEC-

IAL APPINITY FOR THE OPTIC NERVE, and though we have never urged it as a cure for though we have never urged it as a cure for disordered eye-sight, many persons have written us expressing surprise that after a thorough course of treatment with "Warner's SAPE CUSEE," their eye-sight mas been vastly improved. In fact, one of the best occurs in the country says that half the patients that come to him with bad eyes, upon examination he discovers are victims of RIDNEY DISORDER. We have no doubt that the reason why so many people complain of failing eye-sight early in life, is that, all un-

conscious to themselves, their KIDNEYS BAVE

BEEN OUT OF ORDER FOR YEARS, and the kid

ney poison is gradually ruining the system. OPIUM HABITS: It is a well-known fact, recently shown anew, that opium, morphine, cocalno, whisky, tobacco and other enslaving habits capture their victims by their paralyzing effects upon the kidneys and liver. In these organs the appetite is developed and sustained. and the best authorities state that the HABITS CANNOT BE GOTTEN RID OF UNTIL THE KID NEYS AND LIVER ARE RESTORED TO PERFECT HEALTH. For this purpose, leading medical athorities, after a thorough examination of all claimants for the honor of being the only specific for those organs, have awarded the prize to "Warner's SAFE Cure."

RHEUMATISM: Every reputathat rheumati m is caused by an acid condiof the system. With some it is ure acid, or kidney poison; in others, it is little acid, or liver poison. This acid condition is causedby inactivity of the kidneys and liver, false ac-tion of the stomach and food assimilating organs. It affects old peo-ple more than young people, because the acid has been collecting in the system for years and finally the system becomes entirely as diffied. These acids produce all the various forms of rheumatism. \*\*Warmer's SAFE Cure acting upon the kidneys and liver, neutralizing the acid and correcting their false action, cures many cases of i cumatism. CONGESTION: Congestion is a collecting together of blood in any one place. If there is loss of nervous action in any organ the blood vessels do not allow the blood to circulate and it stagnates. If this condition exists very long the collecting blood clots and eventually DESTROYS THE ongan. Many persons are unconscious vic-tims of this very common condition. The heart, determined as it is to force blood into every part of the system, has to work harder to get it through the clogged organ, and eventualty the Heart breaks down and palitation, excessive action, rush of blood to the head, distressing head aches, indicate that the Congestion has become chronic and is doing damage to the entire system.
