

The Oregon Scout

UNION, OREGON, SAT. JAN. 8, 1887.

Notice to Patrons.

We call the attention to our advertising patrons to the fact that it has been some time since we presented their bills for payment, not being particularly in need of money. The time however has now arrived when we need the money, and want all that is due us, as we have bills to meet, and desire to make some expensive improvements in the Scout during the next few weeks. Bills will be made out and presented at once and we trust our patrons will be prepared to pay promptly. Those who are owing us on a subscription are requested to come in and pay up without further invitation.

Local and General.

STUTZ'S DRAMATIC COMPANY.—The Boise City Statesman speaks of this company, which will appear at Wright's hall next Monday and Tuesday evenings, as follows: "After a week of very successful business in our city, the Stutz company opened last night for another six days run. The company, which is a large one to take through Idaho, is headed by Mr. J. G. Stutz, an actor of great power, whose reputation is extensive, and who as a theatrical manager and performer has, during the past twenty years, made for himself a first-class reputation with the public. Miss Alma Stutz is a performer of great merit, and as the leading lady of the troupe has won the enthusiastic plaudits of large audiences during the past week. The youthful member of the company, Little Ivy, is in poetic parlance, a gem of purest ray serene, while the remainder of the troupe furnish excellent support, and would class anywhere as a stock company of rare merit. The double bill presented Christmas eve was greeted with a full house, whose delight was unbounded; while the matinee Christmas afternoon afforded the ladies and children an opportunity to enjoy Miss Alma's presentation of "Fanchon, the Cricket," with which they were delighted. Saturday night "Rip Van Winkle" was given to another well filled house, with Mr. Stutz in the title role. Judging from yesterday's sale of seats at Heymansson's, last night's house must have been well attended. One of the factors which lead the company's success wherever they go is the full brass band belonging to the organization, and whose music every day is so thoroughly enjoyable that many attend who might not do so."

A PIECE OF NEWS.—The Baker Sage Brush in reporting the trial of Bobber and party, concludes as follows: "It is reported that the feeling ran so high in Union before the case was submitted to the jury that lynching was talked of and the friends of the defendants were not treated with any respect at all." Now we don't know how this report originated, but it is evidently put in circulation for a purpose, and is false from beginning to end. There was no excitement, whatever, during the progress of the trial, and what little interest people had in it ebbed away when it was found that the prosecution had no "new evidence of a startling character" to introduce, as it was understood they would have. No one ever thought of lynching the prisoners, and they and their friends, so far as we know, were treated with the utmost courtesy and consideration.

BLOODED CATTLE.—Mr. Hill, of Vermont, who brought a number of Holstein and Jersey cattle to this city a few weeks ago, has disposed of all of them but four head of yearling Holstein bulls, which he has left in charge of "Gum" Warren for sale. Mr. Hill returned to Vermont Wednesday last with a car load of horses purchased here. It is his intention to come back again in March with a number of Holstein and Jersey cattle, also some Short-horns, for which there seems to be a demand.

A LARGE REWARD.—As will be seen by advertisement elsewhere in our columns, Mr. A. E. Eaton, of this city, offers a reward of \$5,000 gold coin to anyone who will apprehend and convict the murderer or murderers of Willis Skiff. Mr. Eaton is thoroughly convinced that Skiff was murdered, and determined if money will cause any light to be thrown on the matter, to spend it freely.

THE CITY COUNCIL.—No business of importance was transacted at the council meeting last Monday evening other than administering the oath of office to the new officers, and hearing the reports of the various officers, of business transacted during the past year. The mayor postponed making his annual address till the next meeting which is set for the 15th inst.

BORN.—In this city, Jan. 3rd, 1887, to the wife of Judge O. P. Goodall, a son. The judge seems to be exceedingly well pleased, and says that the youth is an embryo democrat, and don't you forget it. We conclude from this that the boy will be getting more like his dad every day.

NEW RESTAURANT.—Mrs. S. A. Malson has opened a restaurant on Main street, and solicits a share of the public patronage. Meals 25 cents; board \$4 per week. Bread, cakes and hot rolls always on hand. Orders from families promptly filled.

MARRIED.—At the residence of J. W. Earls, Ladd canyon, Sunday, Jan. 2nd, Mr. James McClure and Miss Helen V. Earls, Clay Ellsworth, J. P., officiating.

"MARRIED FOR MONEY."—This is the title of a new serial which we commence in this issue. Read it.

A new drug store is to be established at Elgin by Galoway & Co. They bought their stock in this city, of J. T. Wright, as cheaply as they could have purchased it in Portland. Who says that Union is not the place to trade?

Mr. Jacquese, advertising in this paper, is aside from a fashionable tailor a costumer for comic artists. Mr. Jacquese has traveled over all parts of the world where the English language is spoken, as a costumer for comedians.

Anyone knowing anything of Arthur T. Lacey, a youth of nineteen, who came west to Idaho, last May, and has not since been heard of, will confer a favor by sending word to his sister, Mrs. L. Mager, No. 672 Fullerton Avenue, Chicago Illinois.

Geo. Ames and Ped Smith started, Wednesday last, with a band of horses, for San Francisco, California. Not being able to get satisfactory rates on the railroad here they drove the band to Huntington. If the rates on the Short Line are not satisfactory, it is their intention to drive the band on to Winnemucca and take the railroad from there.

The announcement telegraphed yesterday from San Francisco, says the Oregonian of the 3d, to the effect that the lease of the O. R. & N. to the Union Pacific had been consummated and had gone into effect probably stated the case broadly. There is no definite knowledge here of such arrangement. Moreover, without the consent of the legislature of Oregon no lease legally valid and binding could be made. It is probable that the arrangement does not as yet go beyond a traffic agreement. Whether application will be made to our legislature for authorization of a lease, or not, seems not to be known here.

Brace Up.
You are feeling depressed, your appetite is poor, you are bothered with Headache, you are light, nervous, and generally out of sorts, and want to BRACE UP. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at J. T. Wright's drug store, Union, Oregon.

The holidays were duly observed by all classes, beginning with Christmas trees in the Baptist and Presbyterian churches, a Christmas service in the Episcopal church where the song service was rendered by young ladies from the Cove school. Then in the evening a concert and sociable at the University where the children of the M. E. school had their popcorn and candy. Then on New Year's eve the Dramatic Company had an entertainment and dance at Glover's hall and the people of Ladd canyon had a Necktie Festival. But we survive it all and are beginning another year with all its other realities.

Vote of Thanks.

Most Excellent.

J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends to whom I have recommended it, praise it at every opportunity." Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Croup, and every affection of the Throat, Chest and Lungs. Trial bottles free at J. T. Wright's drug store. Large size \$1.00.

Columbia Bicycle Calendar.

We are in receipt of the Columbia Bicycle Calendar for '87, just issued by the Pope Manufacturing Co., of Boston, which is truly artistic and elegant work in chromo-lithography and the letterpress. Each day of the year appears upon a separate slip, with quotations pertaining to "cycling" from the leading publications and prominent personalities. The calendar proper is mounted upon a back of heavy board, upon which is exquisitely executed in oil color effects, by G. H. Buck, of New York, an allegorical scene, representing the earth resting among the clouds, with Thomas Stevens, in heroic size, mounted upon his Columbia bicycle, circumbalancing the globe. A smaller portion of the board is devoted to a picture of a mounted lady bicyclist, speeding over a pleasant country road. A work of convenient art, the Columbia Calendar is worthy of a place in office, library or parlor.

Park Pickings.

Jan. 5th, 1887.
Mr. Sanford Spaw and wife, from near Island city, spent their holidays in the Park.

The Parkites have enjoyed good sleighing all winter, while the people of the valleys have been wading in mud.

Mr. James Harson, of Big creek, intends to move to the Park, soon, where he will remain and send his children to school during the winter.

The balls given by Dunham Wright at the Warm spring hall on Christmas and New Year were each a grand success. There were 73 numbers sold on Christmas eve, and 64 on New Year's and every thing passed off nicely. There were persons present from most all parts of the county, and all appeared to enjoy themselves hugely. The suppers, as well as the dances, speak well for Mr. and Mrs. Wright's ability in getting up a good dance, and should they decide to have a Valentine ball, they should consider well the advisability of enlarging their hall in order to accommodate all who will be present.

Big Creek Crumbs.

Weather very changeable, snow and rain in plenty.

The Literary and Debating Society is in full blast, with good attendance.

New comers think that Union county has the finest climate they have ever seen.

The ground has not been frozen over one inch this winter. So far, stock has been fed very little.

Some prospecting is still going on. McCue & Miles are sinking on their ledge. The rock looks fine and assays 232 ozs. silver, 25 per cent lead and \$150 in gold to the ton.

Miles & Neal are at work on their gold ledge. You can see with the naked eye the gold all over the rock. It assays \$60 per ton. Other ledges are being taken up, and in a comparatively short time there will undoubtedly be a large mining camp here.

The ball at Wright's hall on Christmas eve was well attended, some 60 ladies being in attendance. Seventy-three numbers were sold. To say the supper was fine is hardly doing it justice. Over 100 took supper and there was plenty for all. VERITAS.

Baker City Brevities.

Jan. 1st, 1887.
Jake Canady is here working on the artesian well.

The city had its usual amount of d—d's during the holidays.

Julius Levy is working for the mercantile firm of Baer & Bloch.

The artesian well which is being sunk by Mr. Henry Rust in front of his place of business, is down 110 feet, and work is still progressing. They struck one current of water strongly impregnated with sulphur.

Last night one of the most enjoyable dances that ever took place in this city, was given by the Baker City H. & L. Co., No. 1. This company, which has only been organized about three months, has one of the best outfits in the state. It is of the Babcock manufacture, costing \$1,250, and consists of everything belonging to hook and ladder company. The company has 43 members and its officers are as follows: Chief, D. Kelley; Foreman, E. Siloris; 1st. assistant, A. Geiser; 2nd. assistant, Maurice Fox; President, A. J. Jones; Treasurer, J. F. Fall; Secretary, E. N. Van Slack. With the above officers and the members of the company, the people can feel assured that their property is not liable to be entirely destroyed by fire. The city is now negotiating for a 3000 pound bell to be placed in a tower for the company. L. A. J.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschoe's German Syrup, as the reduction of thirty-five cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver complaint, and the German Syrup for Coughs and Lung troubles, have perhaps, the largest sale of any medicine in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

Forrest Grove, Oregon.

I have been troubled many years with weakness of the kidneys and have tried many different remedies, sought aid from different physicians and even changed climate to obtain relief, but have met with indifferent success. Hearing through a friend, of the value of the Oregon KIDNEY PILLS, I purchased a box, and to my great benefit, I have found that it has done more for me than anything else I have yet found. J. T. HUFF.

High Valley Happenings.

Isadore Gorman has been quite sick, but is improving.

It is not often I attend those juvenile parties, but when I do the sensation is so great that it requires the aid of three escorts to get my partner home.—Emery.

A happy New Year's present at the home of Wm. Wilkinson—a little daughter, Wm. has enrolled himself with the disappointed and they formed a committee of the whole to forever seek revenge.

The girl who does not sit down and wait for some rich man to come along and marry her, while her father and mother are toiling to support her, but who has ambition to do something for herself, has a better chance in the world and is more to be commended than she who takes the contrary course.

Died.—Jan. 5th., 1887, Mr. Leoline Draper aged 36 years. The deceased and family arrived here from Sac county, Iowa, on September 24, 1886. He leaves a wife and four children, the oldest a boy of thirteen.

Mr. Draper was for twenty years a prominent member of the M. E. church. The silver cord has been severed, the bereaved family bow in unspasmodic grief at the side of the cold remains of the kind husband and loving father. Oh! Strange mystery, death. There is nothing with which we are so familiar and of which we know so little. The great mystery can only be fathomed by dying.

Happy you, dear readers, if like deceased you can meet death with the fortitude of a brave man and the resignation of a Christian who has no doubt of a future triumph. The funeral took place on the 7th, and the remains were followed to the Union cemetery by a sorrowful procession as ever wended its way from our little valley. The family and relatives have the sympathy of all in their sad bereavement.
