UNION, OREGON, SAT. JAN. 22, 1887.

TO ADVERTISERS.

The SCOUT has a much larger circulation than any paper in this section of the state, and is, therefore, the BEST ADVERTISING MEDIUM.

NEW DEVELOPMENTS.

From the papers and correspondents at La Grande we learn that the voters of Wallawa have petitioned the legislature to cut them off from Union county and make them a separate county, and that the "Pine creek people also ask to sever their connection," and this being the case, the people of La Grande have held a meeting and sent W. J. Snodgrass to attend the legislature, and if possible to secure the passage of a bill to submit the question of removal of the county seat at the next general election.

The first statement regarding the Wallawa is true, and no doubt it will be cut off, as the people there desire it, and it would under the circumstances be no loss to Union county. The expense of maintaining has been about as much as the revenue derived from it. Nobody that we know of will make any objection to the move.

The statement that the people of the Pine creek country desire also to be cut off, is news to us, and we are truly glad to know it. We think in fact we are quite certain that not one person in ten living in that section desires to be annexed to Baker county. The wish of the La Grande people that that section would desire to be cut off is no doubt "father to the thought" and in their eagerness they see things that do not exist. We knew that Baker county would like to possess that portion of Union county and did not wonder at it, for it is the richest and most valuable portion of our domain but any move made in that direction will be opposed, as we have said, by nine-tenths of the people in that locality, and every man in other portions of the county, except a few old moss-backs at La Grande, who would have died long ago if they had not been nourished on the delusive hope that some day the county seat would be moved back to that place, and now they would be willing to give away a mountain of gold to compass that result—a result, however, that will never be accomplished, no matter what change of rain they may be instrumental in bringing upon the county.

The amount of taxable property in the southern portion of the county is \$242,638.00—about one-eighth of the entire value of the county, and yet these moss-backs would be willing to give it to Baker in order that a faint chance may come up for them to regain the county seat. Bah! Out upon such venality. It will receive, and is only worthy of contempt. No doubt the Baker county representatives, as it is now evident, that they will be assisted by La Grande, will introduce a bill in the legislature to have that portion annexed to Baker county. The bill will amount to nothing more than to give the people of the county at large and our representatives some trouble in frustrating it. The time has not yet arrived when the machinations of outside enemies, however they may be assisted by traitors within our borders, can take one quarter of our possessions from us, against our will.

Joseph Jottings.

Several cases of sickness on the list this week.

Doctors happy, merchants smiling, lawyers blue.

We are having the finest winter weather ever experienced in these parts.

Miss Eva Rumble is convalescing after a serious illness. Her disease is tumor of the stomach.

The ladies of Joseph gave an "entertainment and supper at Rupp's" hall recently, for the benefit of the church.

Joseph's reading club is making considerable progress, and will be one of the permanent institutions of the place.

Only five more weeks of school, and then the young teachers will go "skittin'" around over the valley like weasels in a barn-yard.

Our lyceum is flourishing and great interest is manifested. Recently the question was debated, "Which is worse, a slanderer or a thief." It was decided that the thief was the best man of the two.

Quite a remonstrance was signed up in our valley, against county division. The petition and remonstrance, together with their representatives have all gone to the seat of war, and it is hard to predict the result.

Matrimony has been committed in the neighborhood of Grande Ronde, and Wallawa, as Mr. John Hayes left his ranch near Joseph, two or three weeks since, and lately returned triumphantly bearing a beautiful "Flogg" K&O.

"Forest Dale Fibs."

Pine Valley, Jan. 10, 1887.

Weather clear and mild—roads almost bare.

Miss Lora Guggan, of Ascension school, Cora, spent the holidays with her relatives in Pine.

A dinner for the bachelors was given at the residence of Dr. O'Conner, on New Year's day.

Snow has fallen in Cornucopia to the depth of nine feet eight inches. At present only about four feet.

Mr. E. H. Ciligan has returned from Cornucopia, and gone into winter quarters at the residence of J. A. Denny.

J. J. Sturgill began a term of subscription school in Fairview district, on the 3rd inst., also a writing school in same place on 4th inst.

Mrs. Bragg, wife of our worthy P. M. has been quite seriously indisposed for some time past. Her many friends hope she will soon regain her health.

Two or three couples were united in marriage, recently; among them, Mr. C. D. Morgan and Miss Carrie Jacobs, of Pine, and Mr. J. F. Bonds and Miss Florence Boyer, of Cornucopia.

Balls were numerous during the holidays. One at Cornucopia and one in Eagle on Christmas eve, also one at Cornucopia and one at Mr. Moody's in Eagle, New Year's eve, well attended.

It is rumored that Langrell & Co's saw mill, destroyed last fall by fire—supposed by many to be the work of an incendiary—will soon be rebuilt, and that hereafter a night watch will be stationed there.

Mr. J. J. Sturgill closed his term of public school on the 24th ult., with a school exhibition. The house was crowded, and the children—when we take into consideration their limited opportunities—did nicely.

School in Dry creek district, in charge of Mr. Smith, has an attendance of about 18, although Mr. S. assures us he finds the same drawbacks to learning that prevails here, viz: Irregular attendance at school, and regular attendance at dances. The school seems quite orderly and studious.

A lyceum and debating society is being organized in Fairview district. First meeting of the society for exercises took place on the 6th inst. A large audience present and exercises fair for commencement. Question, "Resolved that falsehood is sometimes justifiable," was decided in favor of the lie.

"DELL."
