### Natice to Patrons.

We call the attention to our advertising the Senate. We call the attention to our advertising patrons to the fact that it has been some time since we presented their bills for pay-ment, not being pa ticularly in need of mon-ey. The time however has now arrived when we need the money, and want all that is due us, as we have bills to meet, and de-site to make a une expensive introvem at s in the Scour during the next few weeks. Bills will be made out and presented at ence and wetrust our patrons will be pre-pared to pay promitiv. Those who are owing us on subscription are requested to come in and pay up without further invi-tation.

Local and General.

INDIGNATION MEETING .-- It seems that about all the people of Baker City are indigmant at the escape of Isreal and his pal, from puni-hment for killing Cohen. A meeting of the citizens was called on the 17th, which was attended by a large number of the representative citizens of the town, and it was resolved that in the opinion of the meeting, the killing of Cohen was unjustifiable, and that the statement made by the Sage Brush that "the verdict of the jury gave general satisfaction," was untrue and a libel upon the law-abiding citizens of Baker county. They also pledged themselves to stand by each other in the endeavor to enforce the laws of the country, and to that end resolved to retain and perfect the organization until the criminal classes of the country are punished. A committee of twenty-five, to be known as a "committee of safety" was then appointed, and the meeting adjourned. It would seem from the above that the people of Baker, as elsewhere are fast coming to the conclusion that no reliance is to be placed in courts of law, and that in criminal matters the only recourse left to the people is to take the matter in their own hands. Forbearance has about ceased to be a virtue, and a radical change will have to take place in our courts, from the present method of dealing with crime and criminals.

PETITION FOR ROAD .--- A petition to the county court has been circulated this week by Mr. C. H. Prescott, asking that hororable body to have the wagon road through Pyle canyon opened and put in passable condition, The petition was signed by everybody in this section of the county, and Mr. Prescott says it will be circulated in the southern portion of the county, and will be signed by everybody there. matter. There is something wrong about this Pyle canyon road business, and it should be fully investigated. The former court allowed the railroad out building another as good. The modus operandi by which this was

He has and the taxes were now due. The school tax on it was 14 mills, city tax about the same, and county tax about | ou road, the money to be expended by 35 mills, making in all about 60 mills. This shows at what a fictious value property is held in Baker City and Ley, who pulls the crank and uses the county and the enormous taxation to shears in the back street institution, which it is subjected. And yet they call that "prosperity," and have the gall to ask a portion of Union county to join them. # **On County Division.**

EDITOR OREGON SCOUT :-

So much has been said of late in regard to the division of counties in general, and Union county in particular, that, being a citizen and tax-payer of Union county, I have been induced to write this article, more for informaion than anything else; thinking perhaps that some one will explain some put a new carpet in their lodge room, things that don't look quite clear to While we don't doubt in the 1412. least but that Baker county would like to have a slice off our southern border-the Pine creek mines included to help her to pay her enormous debt; knowing as she does that the revenue from this part of the county in the neat future will be considerable, and in her present financial condition would be a very desirable acquisition. Now it is a well known fact that

taxes are higher, by one-halt in Baker than they are in Union county, and have been for the past ten years. Now what I would like to know is this: What does Baker county propose to give in exchange for this extra addi-tion to their taxes? What substantial benefit does she offer to this already over-taxed people? Does she propose to help them pay their share of the esent indebtedness of Union county. which they can in no wise escape? Does she offer any inducements? Simply this and nothing more-so far as I can learn-you give us your hardcarned each and we will give you the empty honor of being called a citizen of Biker county. As I don't go a cent on this particular kind of honor without any money to back it, and as I am a tax-payer in that p rt of the county, I beg leave to object.

It has been asserted by some that a large majority of the people of Pine valley and vicinity are in favor of being annexed to Baker county, but 1 can hardly make myself believe that the intelligent tax-payers of this partion of the county will pursue so disastrous and suicid d a course.

Now let us figure a little, and see what we find. Say a man's tax is \$22 on 122 mill assessment, then add 10 mills more and we find his taxes raise ' from \$22 to \$32. Now say Union county pays each year \$10,000 on her present indebtedness and allowing the valuation of the severed portion of the county to be only three-tenths of the whole, we have \$3000 more to be collected among the several tax-pryers of this part of the county, which would very nearly double this present tax. Now these are stubborn facts. and should be viewed strictly from a business standpoint. How are we going to be benefited financially? Can we buy goods any cheaper in Baker City? I think not. Will it shorten the distance any? Not one foot. Bu-iness men are going to buy goods where they can get them the cheapest. So I believe on the whole the people of this part of the county had better stay where they are at preschi, until they are able to sever their relations with the mother county and organize a county of their own. They have territory enough, and in a few years will have population sufficient to warrant them in taking such 1 step. W. F. DAVIS.
