UNION, OREGON, SAT. JAN. 29, 1887.

Brief Bulletins.

St. Valentine's day is near at hand.

Two or three inches of snow fell yesterday.

New goods in immense quantities at Levy's.

W. T. Wright returned from Salem, last Tuesday.

The census of the city is being taken by Marion Davis.

Julius Levy came down from Baker, and took in the masquerade ball.

Born.—In this city, Saturday, Jan. 22, to the wife of Reuben Smith, a daughter.

John Wright the druggist, has just received a large invoice of drugs and chemicals, from Chicago.

Please your best girl by purchasing one of those elegant valentines soon to be received at the Cove drug store.

All those indebted to me are hereby notified to settle immediately. I need the money and must have it.—F. S. Johnson.

It is reported that a party of railroad surveyors is now in the Rock creek country viewing a line from Pendleton to Prineville.

Goods are being sold at Saunders' store now at 25 per cent. below cost. The stock must be closed out within the next thirty days.

Harney valley seems to be increasing in population. A new town is to be started at or near Cow creek, in the eastern portion of the valley.

The Ladies Aid Society of the Presbyterian church will meet at the residence of Mrs. A. F. Benson, Friday afternoon Feb. 4th., at 2 o'clock.

We are authorized by the Union Social Club to state that a sheet and pillow case party will be given at Davis' hall, in this city, on the evening of Feb. 22nd.

But very few bills have been passed by the legislature, none of which are of much importance. Next week, no doubt there will be a great number acted upon.

Mr. John McCue, the discoverer of the "Annie" mine on Big creek, passed through this city the fore part of the week en route to the East. He will return in about a month.

The attention of our readers is called to the ad. of R. C. Greig, the druggist, which appears elsewhere. Mr. Greig has a complete stock of everything kept in a first class drug store, and is determined not to be undersold.

The fire wardens should make another examination of the buildings throughout the city and see that everything is safe and in good condition. Too much care cannot be exercised to avoid fires, which are liable to occur at any moment.

Our representatives in the legislature have, as yet, not seen fit to furnish us with copies of bills introduced, and to be introduced, affecting our welfare. It is a duty they owe the press and their constituents, and we trust they will not neglect it henceforth.

Mr. R. E. Drake, of Drake's cash store, has leased the brick building lately occupied by A. L. Saunders, and will put in an entirely new stock of general merchandise. He deserves credit for so much enterprise. Go in, Drake, and keep the ball rolling.

Mr. H. C. Emery and family have returned from Baker. Mr. Emery says he has no desire to leave Union any more. He has opened his shop on the corner of First and C streets, and is prepared to do all kinds of work in his line. Read his ad. in another column.

A grand prize ball will be given on Feb. 8th., 1887, (it being full moon,) at my hall in Cove. Everyone buying a ticket will be entitled to draw for a $5.00 and $2,50 cash prize, to be drawn on the night of the ball, previous to supper. Price of tickets, including supper, $2 00. A cordial invitation is extended to all.—H. J. Geer.

We will have to apologise to our readers for the limited amount of local matter this week. Several interesting communications and at least a column of new advertising matter has been crowded out. Bear with us a short time till our new press arrives. We will then issue a paper worthy our patrons, and creditable to our magnificent county, which is one of the foremost in the state.

Mr. E. H. Miller, proprietor of the Centennial hotel, who has been on a visit to the East for several weeks past, returned last Monday, accompanied by a most attractive young lady—his wife. We thought something of the kind would be the result when he left, and are not altogether unprepared. We wish him and his wife prosperity and happiness. On Thursday evening they were the recipients of a serenade by the Union Silver Cornet Band.

Last Sunday evening while Mr. and Mrs. Geo. Thompson were away from home visiting friends, their residence was discovered to be on fire. An alarm was given which aroused the entire town, but before any attempt to arrest the progress of the flames could be made they had gained such headway that it was impossible to save the building, and it was burned to the ground. However, most of the valuables and furniture in the house was saved. There was an insurance on the building for $1200 and a few hundred on the furniture, which will make the loss to Mr. Thompson much less than it would have been otherwise. The flames caught in some manner from the kitchen stove, in which a fire had been left burning.

Cove Cullings.

Jan. 27, 1887.

Jas. Burford shot a large lynx near town this week. A dose of No. 5 shot proved the animal's quietus.

Miss May Stevens has gone to Island City, where she is engaged in giving lessons on the piano and organ.

Crummie Jones has been shipping large quantities of tame fowls during the week to Butte City, Montana.

Mr. John Phy gave a very pleasant dinner party to his friends, Thursday, being the occasion of his birthday.

The Cove rifle club shoot regularly every Saturday, for a purse. In the last match, Alex Cochran made the highest score.

Every voter in Cove has signed the petition to the legislature, remonstrating against the cutting off of any part of the southern portion of the county.

Messrs. Smith, Fulk and Martin were up from Summerville, Thursday. These gentlemen are among the most ardent sports in the valley and never fail to make good boys.

No pains are being spared in making preparations for the masque skating carnival, Feb. 14th., at the hall. Two elegant oil paintings will be presented to the best gentleman and lady skaters. No charge will be made for those masking and skating. A grand ball and supper will follow the unmasking.

I was the champion in last match —A. Who's got a hold of this gun anyway.—G I don't enjoy the boys flings at my honesty.—L. That oil painting is mine, sure.—K. I'll have the best costume on the floor.—W Everyone has a preference and I am no exception.—C. I like a gun that can be heard by the man shooting it —H.

Summerville Siftings.

Most of our citizens sleigh rided on Sunday.

Dr. W. E Rinehart went to Salem on Saturday of last week.

Mrs. Settlemeir and son are visiting friends in the Willamette valley.

J. H. Rinehart is at Salem, noting the actions of our State legislators.

R. E. Stevenson and C. N. White, of Elgin, were in town Monday of this week.

I'll jump the game "four bits" ahead —B. D. H. Bac-ka-che What does that spell?—N. B. H. Look in Webster's dictionary. Who says I got left? I did —The girl's mother.

Harvey Whitmore, a nephew of Jacob collins arrived in Summerville on Saturday last. He reports very cold weather in Southern Iowa, and expresses himself as being well pleased with Oregon.

Mr. Geo. Childers, living on the sand ridge 7 miles south of Summerville, cut an artery in his left arm while splitting some kindlings with a hatchet, and came near bleeding to death before a surgeon could be obtained.

Summerville has a debating society Regular meetings on Wednesday evening of each week. Question for discussion Wednesday evening, Resolved: That Union county should be divided and the county of Wallowa established. These meetings may be made very profitable provided they are carried on in the right manner.

On Monday of last week occurred one of the most horrifying accidents that has occurred in Summerville since the founding of the town. A 12 year old son of F. J. Williams, while driving some cattle for his father through the streets of Summerville, the horse became frightened at some ice and shieing suddenly, the boy fell off, his feet hanging in the stirrup. The horse then ran down the street between Southmer's store and the Chicago hotel, kicking at the boy at every jump. M. M. McKenzie says that the second kick the horse made, both feet struck the boy in the face, at which time the boy gave a loud cry, the only cry he was heard to make. The horse then ran down the street to a place where some boards were lying in the street, upon which the boy's chin caught, throwing him as high in the air as the length of the stirrup would admit. The boy then struck the ground with such force as to loosen his foot from the stirrup. The horse ran on to the stable. The boy was still living when picked up, but died in about twenty minutes. His lower jaw was broken in two places and the scalp torn almost completely from his head, his body also terribly bruised and mangled. Quite a large crowd attended the funeral, which took place on Wednesday. The bereaved family have the sympathy of all their friends in this vicinity.

What True Merit Will Do.

The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cents, large bottles.

Proper Treatment for Coughs.

That the reader may fully understand what constitutes a good Cough and Lung Syrup, we will say that Tar and Wild Cherry is the basis of the best remedies yet discovered. These ingredients with several others equally as efficacious, enter largely into Dr. Bosanko's Cough and Lung Syrup, thus making it one of the most reliable now on the market. Price, 50 cents and $1.00. Samples free. Sold by J. T. Wright, Union, Oregon.

The balls, parties and sleighing has led to quite a number of happy weddings in the valley, and several that is not quite a wedding. So, girls, spunk up and let the fellows know you are in earnest and not flirting. There are many old sore-head batchelors that would start instantly for a licence if they knew what was what.

There will probably be several road petitions presented at the spring term of court for location. The most of the roads that have been granted are in very good condition, but there is several more badly needed, and now is the time to locate the same, before the improvements are permanently fixed. There are some however that are so narrow-minded and near-sighted they will not move a line of fence or give ground without damages, no matter how much benefit they might derive from it. And then our road law is so complicated and so much red tape to be used, and expensive, that but very few have the time, means and inclination to grapple with it, so they prefer to have narrow lanes, gates and bars, which is generally a constant source of hard feeling, bickering and strife. So, be liberal and allow a road to be located along your outside lines at least, if you do have to build a few rods more of fence.

I have been troubled many years with weakness of the kidneys and have tried many different remedies, sought aid from different physicians and even changed climate to obtain relief, but have met with indifferent success. Hearing through a friend, of the value of the Oregon Kidney Tea, I obtained a box of it and have derived greater benefit from it than anything else I have yet found.
