The temperance people of the State now have work on their hands.

The Chieftain thinks it may be three years before a railroad is run into the Wallowa.

There will be an adjourned term of day of next July. The same grand jury will be in attendance.

We are under objigations to Hon. Binger Herman for a copy of his speech on the inter-state commerce bill, and other public documents.

Ontario wants the county seat, more farmers in the Malheur valley, a newspaper, a flouring mill and a 4 or 5 cent bounty on rabbit scalps.

The entertainment given at Wright's hall last Saturday evening, by the Union public schools, was a creditable affair and largely attended.

See the newad, of Herman Waldeck, the wide awake merchant of Summerville. Mr. Waldeck will soon put in a full line of general merchandise.

In the case of the State vs Lee Deboid charged with assault with a deadly weapon on the person of F. B. Childers, the jury brought in a verdict of assault and battery, and the defendant was fined \$100 and costs. He failed to produce the necessary sheckels, and was committed to the county jail to serve it out at the rate of two dollars a day.

The case of the county against the Pine Creek road contractors was uuavoidably postponed till the July term. It seems to us that this case should bave been tried at this term, as it certainly is of more importance than any other. We should like to see these fellows compelled to "toe the mark" and build such a road as they agreed

On Thursday morning, however, Mr. Harris called Mr. J. H. Rinehart and Dr. W. E. Rinehart aside and informed them that in justice to himself he would prefer an expert to be sent up from the First National Bank of Portland, so that a sworn statement might be ob-The weather has greatly moderated tained from said expert at the close of the investigation as his books were correct and such a course would set him right before the community at large. Mr. Harris, after persisting for some time, finally consented for the examination to begin, reserving his daily balance, which book only Mr. J. H. Rinchart was to examine. Within thirty minutes from the time the examination was begun, a charge of \$400, to the First National Bank of Portland was found, which Mr.

Circuit court commencing on the 11th. Harris could not satisfactorially explain, and which left, no doubt, in the minds of the investigators, that such charge was made to make up a shortage in the cash on hand. By sundown of that day deficits to the amount of about \$3000 had been dug up, which Mr. Harris vainly tried to explain. At that time finding that he was trapped and no doubt fearing an arrest, called the resident into the vault and confessed that he had appropriated over \$3000 of the bank's fund to his own use, and resigned his position as cushier and expressed a desire to compromise the matter. Mr. Rinehart told him there could be no compromises for any wrong doing, but would buy his stock. After supper Mr. Harris came back

into the bank and made a confession before Dr. W. E. Rinehart, J. H. Rinehart and E. B. Collins as to the amounts appropriated and showed them a number of checks which had been drawn on the First National Bank of Portland and one check for \$208.35 on the Chemical National Bank of New York that had never been credited to the bank's account nor charged to his account. That night a warrant was made out and Harris was placed under arrest.

Mr. E. B. Collins, assisted by Herman Waldeck, pursued the investigation on Friday and Saturday and found in addition to the checks pointed out I ever taught. A. W. Blashland, Quincy, Ill., also one on the Chemical National Bank of New York for \$17.50 in favor of Merriam Collins & Co., Chicago, Ill. for which the banks had never received proper credit nor any account been charged.

On Sunday officers from Union took Mr. Harris in charge and he now languishes in jail. The total amount empezzled in the accounts of the Chemical National Bank of Few York are \$225.85 and in the Frst National Bank of Portland \$3,246.94, amounting in all to \$3,472.79.

Harris was arraigned on Wednesday and entered a plea of not guilty. The hearing of the case was postponed till the July term. Bonds fixed at \$4,000. which has not yet been given.
